How to Tell If Someone Truly Loves You Femi Ogunjinmi 2020-03-25 Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of *Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship*. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. He has spoken on big media platforms including The Word Network, RADIO ONE, SIRIUS XM, SPLASH FM, and TEDx. His speech on TEDx has received over 2.8 million views and growing by 100,000 views every month. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United State and has been conducted internationally in Nigeria. Dr. Femi is the founder of National Relationship Equity Day, an organization that has created a national awareness day celebrated June 24th of every year. National Relationship Equity Day is dedicated to eradicating gender inequity in relationship and promoting the use of gifts, values, skill sets, and interests as a way of defining roles in relationship other than gender.

Why We Love Helen Fisher 2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. *Why We Love* begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, *Why We Love* offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.

When a Girl Loves an Earl Elisa Braden 2016-08-30 What a girl wants... Miss Viola Darling always gets what she wants. Always. The problem? He's not interested. Not even a little. But Viola cannot afford to lose. And she has her heart set on James. If only he will bend to a bit of persuasion. Is an earl like no other... James Kilbrenner knows how determined the entirely-too-beautiful Miss Darling can be—the daft woman cornered him at a perfectly respectable dinner and mangled his cravat before he could escape. He has no desire to marry, less desire to be pursued, and will certainly not kiss her kissable lips until they are both breathless, no matter how tempted he may be. And only the right one will do... Thrown in her path by a meddling marchioness, James finds himself under sensual siege from a tiny, flirtatious sprite who puts both his heart and his vow to remain unwed at risk. And when scandal looms, he learns the hard way that a man can resist only so long before the indomitable Miss Darling gets her way.

She Loves You (Yeah, Yeah, Yeah) Ann Hood 2018-06-26 "Filled with love, hope, and longing, this is a novel for readers of all ages." - Holly Goldberg Sloan Bestselling author Ann Hood crafts a funny, heartfelt story of a girl growing up in the heart of Beatlemania. The year is 1966. The Vietnam War rages overseas, the Beatles have catapulted into stardom, and twelve-year-old Rhode Island native Trudy Mixer is not thrilled with life. Her best friend, Michelle, has decided to become a cheerleader, everyone at school is now calling her Gertrude (her hated real name), and the gem of her middle school career, the Beatles fan club, has dwindled down to only three other members--the least popular kids at school. And at home, her workaholic father has become even more distant. Determined to regain her social status and prove herself to her father, Trudy looks toward the biggest thing happening worldwide: the Beatles. She is set on seeing them in Boston during their final world tour--and meeting her beloved Paul McCartney. So on a hot August day, unknown to their families, Trudy and crew set off on their journey, each of them with soaring hopes for what lies ahead. In her signature prose, Hood crafts an extraordinary story of growing up, making unexpected connections, and following your dreams even as the world in front of you--and the world at large--is changing too fast.
