When Sex Threatened the State - Saheed Aderinto 2014-12-30

Breaking new ground in the understanding of sexuality's complex relationship to colonialism, *When Sex Threatened the State* illuminates the attempts at regulating prostitution in colonial Nigeria. As Saheed Aderinto shows, British colonizers saw prostitution as an African form of sexual primitivity and a problem to be solved as part of imperialism's "civilizing mission". He details the Nigerian response to imported sexuality laws and the contradictory ways both African and British reformers advocated for prohibition or regulation of prostitution. Tracing the tensions within diverse groups of colonizers and the colonized, he reveals how wrangling over prostitution camouflaged the negotiating of separate issues that threatened the social, political, and sexual ideologies of Africans and Europeans alike. The first book-length project on sexuality in early twentieth century Nigeria, *When Sex Threatened the State* combines the study of a colonial demimonde with an urban history of Lagos and a look at government policy to reappraise the history of Nigerian public life.

Women in Malawi - Peter Mvula 1997

The Beyond Inequalities series presents the situation of women and men in the Southern African Development Community (SADC) as a region, and in each member country; and reviews the roles and responsibilities, access to and control over resources, decision-making powers, needs and constraints of women vis-a-vis men. The series is forward looking, based on an assessment that inequalities are now generally acknowledged as an impediment to development and economic growth in most countries and regions of the world. The twelve country profiles document and analyse information along themes drawn from the Critical Areas of Concern identified in the Beijing Platform for Action and derived from what the countries of the region consider to be priorities. Each profile is in three parts: Situation Analysis, Policies and Programmes, and the Way Forward, and each has references, bibliography, appendices, and illustrative tables, figures and boxes.

[Sex Tourism in Africa](#) - Dr Wanjohi Kibicho 2012-11-28

Illustrated by in-depth empirical research from Kenya - one of the most popular country destinations in Africa for sex tourism - this book gathers much-needed statistics and data, and then critically examines the features of tourism and the sex trade, contextualizing this in relation to tourism development. It addresses the conditions which generate this 'social problem' and, while not taking a potentially problematic moralistic stance it questions whether this trade is exploitative in nature, particularly in cases of child sex tourism. It then critically evaluates the current policies in place to regulate the sex tourism industry and provides suggestions for future direction.

Educated - Tara Westover 2022-02-08

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, O: The Oprah Magazine, Time, NPR, Good Morning America, San Francisco Chronicle, The Guardian, The Economist, Financial Times, Newsday, New York Post, theSkimm, Refinery29, Bloomberg, Self, Real

Reclaiming the Church Family - Matthew T. Kimbrough 2022-01-20

Why bother with church? Can't I follow Jesus on my own? Christians young and old struggle to answer these questions, believing Scripture says little about church life. But the Bible is far from silent. The New Testament envisions a vibrant church of devoted brothers and sisters adopted into God's family. The biblical image of the church family has the power to reshape everything our local churches do--the ways pastors lead, how members engage one another, what worship leaders sing, and much more. Now is the time to reclaim a biblical vision of the church as a family and reject the prevailing corporate-church paradigm assumed by church growth gurus. The church that thinks of itself as a family will learn to build meaningful relationships and show the unbelieving world how good church life can be.

[The Right to Sex](#) - Amia Srinivasan 2021-08-19

A SUNDAY TIMES BESTSELLER BLACKWELL'S BOOK OF THE YEAR 2021 SHORTLISTED FOR THE ORWELL PRIZE 2022 Essential lessons on the world we live in, from one of our greatest young thinkers - a guide to what everybody is talking about today 'Unparalleled and extraordinary . . . A bracing revivification of a crucial lineage in feminist writing' JIA TOLENTINO 'I believe Amia Srinivasan's work will change the world' KATHERINE RUNDELL 'Rigorously researched, but written with such spark and verve. The best non-fiction book I have read this year' PANDORA SYKES ----- How should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity - its deep ambivalences, its relationship to gender, class, race and power - we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, *The Right to Sex* is a landmark examination of the politics and ethics of sex in this world, animated by the hope of a different one.

Sex, Science and Morality in China - Joanna McMillan 2014-07-30

After decades of near silence on the matter, sex is being talked about in China. But what is being said? Who is allowed to speak? And whose purposes are being served? This ground-breaking book takes a critical look at how sex in China is thought and talked about. Drawing on the work of the country's foremost sex experts, and years of research in the field, it gives an overview of the sexual landscape in China today. Including new material on transsexuals, fetishism, sex aids and pornography, the book shows that the dominant ways of thinking about sex are neither innocent nor inconsequential, and that amid catalogues of prescriptions linking self-management to the collective good, people are making decisions about how to live their sexual lives. The most lively and accessible critique of sexual discourse, this book will be essential reading for scholars in Chinese studies, cultural studies and sexuality and gender studies.

There's Nothing I Can Do When I Think of You Late at Night - Naiqian Cao 2009-05-20

Set among a remote cluster of cave dwellings in Shanxi province, *There's Nothing I Can Do When I Think of You Late at Night* is a genre-defying exposé of rural communism. In a series of vivid, interlocking vignettes, several narrators speak of adultery, bestiality, incest, and vice, revealing the consequences of desire in a world of necessity. The Wen Clan Caves are based on an isolated village where the author, Cao Naiqian, lived during the Cultural Revolution. The land is hard and unforgiving and the people suffer in poverty and ignorance. Through the individual perspectives of the Wen Clan denizens, a complete portrait of village life takes shape. Dark yet lyrical, Cao's snapshots range from pastoral stories of childhood innocence to shocking accounts of brutality and terror. His work echoes William Faulkner's *Go Down, Moses* and Sherwood Anderson's *Winesburg, Ohio*, yet the author's depictions of elemental passions and regional mores make the book entirely his own. Celebrated for its economy of expression, flashes of humor, and an emphasis on understatement rarely found in Chinese fiction, *There's Nothing I Can Do When I Think of You Late at Night* is an excellent introduction to the power and craft of Cao Naiqian. His vivid personalities and unflinching realism herald the haunting work of an original literary force.

An Uneducated View of Sex, Food and Politics - Derek Haines 2009-09-25

A very strange collection of thoughts and memories by a middle aged Australian man looking for the meaning of life. And not finding it. It asks a few questions, but provides no answers. It s a wistful collection of words placed in a clever order so as to confuse the reader. It also wanders the topics of sex, politics, food and recipes!It was written in 1998 during a period of relative crisis. (So what changes!) Resurrected in 2009 by an accident of being able to open such an old Word file. The rest is up to you.

The Sons of Cleito - Derek Haines 2012-11-23

Langley Garret's Sunday morning starts very badly after waking with a hangover and a depressed feeling of worthlessness, along with a foreboding sensation in his gut. With his wife working away yet again, and the realisation that their marriage is probably very close to an end, and that his life is slowly ebbing away, he ponders his misfortune. As he decides to start accepting that his life just couldn't get any worse, over his breakfast of coffee, cold pizza and orange juice, it does, when his miserable, quiet and lonely Sunday morning is interrupted by some very nasty people who have orders to abduct him. Within hours of being questioned, captured, drugged and restrained, he finds himself dumped onto a small remote island, with no idea at all why he was taken bodily from his apartment on a tranquil Sunday morning, or why he is sitting

alone on a rock, with only his suitcase and a pleasant view of sunrise across the water for company. As with all mysteries, it takes some time for Langley to learn a little about why he was abducted, but before he has time to start digesting that limited knowledge, his second abduction a few days later has him totally confused, and all at sea. Find out more about Langley Garret's abduction and mysterious misfortunes, Greek mythology, gods and deities, secrets, and some more very nasty people, in *The Sons of Cleito*.

The Global Politics of Impairment and Disability - Helen Meekosha 2016-01-13

Disability is of central concern to the developing world but has largely been under-represented in global development debates, discourses and negotiations. Similarly, disability studies has overlooked the theorists, or the social experience, of the global South and there has been a one-way transfer of ideas and knowledge from the North to the South in this field. This volume seeks to redress the processes of scholarly colonialism by drawing together a diverse set of understandings, theorizing and experiences. The chapters situate disability within the Southern context and support the work of Southern disabled scholars and activists seeking to decolonize Southern experiences, knowledges and absences in the field while simultaneously attempting to make an intervention into able-bodied (mainstream) development discourses, practices and politics. This book was originally published as a special issue of *Third World Quarterly*.
