Aesthetics and Business Ethics - Daryl Koehn 2013-09-03

Ludwig Wittgenstein famously said, "Ethics is aesthetics." It is unclear what such a claim might mean and whether it is true. This book explores contentious issues arising at the interface of ethics and aesthetics. The contributions reflect on the status of aesthetic and ethical judgments, the relation of aesthetic beauty and ethical goodness and art and character development. The book further considers the potential role art could play in ethical analysis and in the classroom and explores in what respects aesthetics and ethics might be intertwined and even mutually supportive.

A Bright Ray of Darkness - Ethan Hawke 2021-02-02

'Riveting work' Patti Smith 'Vivid . . . it communicates a real power' Sunday Times 'A wild ride of a book' Metro Actor William Harding has been caught cheating on his rock star wife and the press have descended upon him. Amid the headlines and worldwide disdain towards him, he takes on the part in Henry IV. He must examine himself, and who he has become, under the brightest of lights and the keenest of eyes. 'A considered meditation on the evil of celebrity and the demanding yet restorative power of theatre' New Statesman 'An emotional ode to theatre as medicine for heartbreak, and an interesting meditation on fame' Radio Times 'A witty, wise heartfelt novel' Washington Post

Barack Obama's America - John White 2009-09-08

"White's Barack Obama's America eloquently captures both the important nuances of the current political scene and its long-term consequences." ---Richard Wirthlin, former pollster for Ronald Reagan "This delightfully written and accessible book is the best available account of the changes in culture, society, and politics that have given us Barack Obama's America." ---Stan Greenberg, pollster for Bill Clinton and Chairman and CEO of Greenberg Quinlan Rosner Research "From one of

the nation's foremost experts on how values shape our politics, a clear and compelling account of the dramatic shifts in social attitudes that are transforming American political culture. White's masterful blend of narrative and data illuminates the arc of electoral history from Reagan to Obama, making a powerful case for why we are entering a new progressive political era." ---Matthew R. Kerbel, Professor of Political Science, Villanova University, and author of *Netroots* "John Kenneth White is bold. He asks the big questions . . . Who are we? What do we claim to believe? How do we actually live? What are our politics? John Kenneth White writes compellingly about religion and the role it played in making Barack Obama president. White's keen insight into America's many faiths clarifies why Barack Obama succeeded against all odds. It is a fascinating description of religion and politics in twenty-first-century America---a must-read." ---Kathleen Kennedy Townsend, former Lieutenant Governor of Maryland and author of *Failing America's Faithful* "In Barack Obama's America, John Kenneth White has written the political equivalent of Baedeker or Michelin, the definitive guide to and through the new, uncharted political landscape of our world. White captures and explains what America means---and what it means to be an American---in the twenty-first century." ---Mark Shields, nationally syndicated columnist and political commentator for PBS NewsHour "John White has always caught important trends in American politics that others missed. With his shrewd analysis of why Barack Obama won, he's done it again." ---E. J. Dionne, Jr., Senior Fellow, Brookings Institution, and University Professor in the Foundations of Democracy and Culture at Georgetown University The election of Barack Obama to the presidency marks a conclusive end to the Reagan era, writes John Kenneth White in *Barack Obama's America*. Reagan symbolized a 1950s and 1960s

America, largely white and suburban, with married couples and kids at home, who attended church more often than not. Obama's election marks a new era, the author writes. Whites will be a minority by 2042. Marriage is at an all-time low. Cohabitation has increased from a half-million couples in 1960 to more than 5 million in 2000 to even more this year. Gay marriages and civil unions are redefining what it means to be a family. And organized religions are suffering, even as Americans continue to think of themselves as a religious people. Obama's inauguration was a defining moment in the political destiny of this country, based largely on demographic shifts, as described in Barack Obama's America. John Kenneth White is Professor of Politics at the Catholic University of America in Washington, D.C. Cover image: "Out of many, we are one: Dare to Hope: Faces from 2008 Obama Rallies" by Anne C. Savage, view and buy full image at http://revolutionaryviews.com/obama_poster.html.

Ulysses - James Joyce 2022-10-19

Loosely based on the Odyssey, this landmark of modern literature follows ordinary Dubliners in 1904. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor. A major achievement in 20th century literature.

Syndromes of the Head and Neck - Robert J. Gorlin 1964

Falling Into Us - Jasinda Wilder 2013

A standalone, parallel novel to the New York Times, Wall Street Journal, and USA Today Bestselling Falling Into You. THE STORY YOU THOUGHT YOU KNEW... When Kyle Calloway died, he took a part of Nell with him. She wasn't the only one left to pick up the pieces, however; Kyle's death left a gaping hole in the hearts and lives of his parents and his older brother Colton, and ultimately broke the will of the girl he loved. THE STORY YOU NEVER IMAGINED... Becca de Rosa is Nell's best friend.

When Kyle died, Nell was so devastated that no one could reach her, not even her best friend Becca. As she tries to help Nell through her grief, Becca's own life is thrust into turmoil, and everything she knows is changed. Jason Dorsey asked Nell out the week after her sixteenth birthday, but that date never happened. Instead, he ended up going out with Nell's best friend, Becca. He had no way of knowing, then, how that one date would send him on a life-long journey with Becca. He had no way of knowing the tragedies and triumphs he would experience, or that in Becca, he might find the love of a lifetime. THE HEARTACHE YOU'LL NEVER FORGET...

The Travels of Dean Mahomet - Dean Mahomet 2023-11-10

This unusual study combines two books in one: the 1794 autobiographical travel narrative of an Indian, Dean Mahomet, recalling his years as camp-follower, servant, and subaltern officer in the East India Company's army (1769 to 1784); and Michael H. Fisher's portrayal of Mahomet's sojourn as an insider/outsider in India, Ireland, and England. Emigrating to Britain and living there for over half a century, Mahomet started what was probably the first Indian restaurant in England and then enjoyed a distinguished career as a practitioner of "oriental" medicine, i.e., therapeutic massage and herbal steam bath, in London and the seaside resort of Brighton. This is a fascinating account of life in late eighteenth-century India—the first book written in English by an Indian—framed by a mini-biography of a remarkably versatile entrepreneur. Travels presents an Indian's view of the British conquest of India and conveys the vital role taken by Indians in the colonial process, especially as they negotiated relations with Britons both in the colonial periphery and the imperial metropole. Connoisseurs of unusual travel narratives, historians of England, Ireland, and British India, as well as literary scholars of autobiography and colonial discourse will find much in this book. But it also offers an engaging biography of a resourceful, multidimensional individual.

Genealogy of Nihilism - Conor Cunningham 2005-06-29

This text re-reads Western history in the light of nihilistic logic, which pervades two millennia of Western thought. From Parmenides to Alain

Badiou, via Plotinus, Avicenna, Duns Scotus, Ockham, Descartes, Spinoza, Kant, Hegel, Heidegger, Sartre, Lacan, Deleuze and Derrida, a genealogy of nothingness can be witnessed in development, with devastating consequences for the way we live.

National Stockman and Farmer - 1885

Reducing the Time Burdens of Army Company Leaders - Lisa Saum-Manning 2020-01-31

U.S. Army company leaders have long been recognized as overworked. This report is intended to help the Army identify ways to reduce and manage the time burdens on Active Component company leaders in garrison by examining these leaders' time burdens.

Surprise, Kill, Vanish - Annie Jacobsen 2019-05-14

From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, *Surprise, Kill, Vanish* brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope

that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

Dating Sucks - But It Doesn't Have to - J. C. Callahan 2007-12-01

Need some tips on dating? Why are so many of us having a difficult time going out on dates or maintaining a dating relationship? Perhaps no one told us how to date properly. J.C. Callahan discusses common mistakes and misconceptions. He shares his knowledge on the way dating works (or should work) in a personable, sometimes lighthearted, manner. Learn about "The Dating Mindset" and "The Four Modes of Dating." In addition, learn new ways of thinking about some subjects that seem obvious (yet cause problems for many of us), such as preferences vs. demands, traditional vs. Internet dating, and more. Learn what can make your trip down the Dating Highway easier.

Ruthless People - J.J. McAvoy 2014-07-14

Ruthless People #1...the book that started it all..... "One Marriage + Two Bosses = 3X the Chaos." To the outside world, they look like American royalty, giving to charities, feeding the homeless, and rebuilding the city. But behind closed doors is a constant battle for dominance between two bosses, cultures, and hearts. *Ruthless People* is a romantic crime fiction set in modern day Chicago and follows the life and marriage of Melody Giovanni and Liam Callahan - rivals by blood and leaders through fear. Theirs is an arranged marriage with the goal of ending years of bloodshed between the Irish and the Italians. Liam assumes he's getting a simple-minded wife, one he can control, one who bends to his every need...he'll soon find out that his wife to be does not fit that mold. Melody knows exactly what type of man Liam is and would

rather die than give up the power she has spent her life earning. The mafia of the past has evolved, and with rival bosses gunning for their family, Melody and Liam will have to learn to work as one to take down those who stand in their way. Check out more thrilling titles in the Ruthless People series: RUTHLESS PEOPLE #1 "One Marriage + Two Bosses = 3X the Chaos." THE UNTOUCHABLES (#2) "One Secret, Multiple Casualties." AMERICAN SAVAGES (#3) "Villains by Choice." A BLOODY KINGDOM (#4) "After the battle, sharpen your knives." DECLAN + CORALINE (prequel novella that takes place 2 years before Ruthless People) "You don't find love; it finds you." And look for the Ruthless People spinoff, Children of Vice--out 5.17.17 "From the Ruthless, Vice shall Rise."

Textbook of Disaster Psychiatry - Robert J. Ursano 2017-05-23

This book presents a decade of advances in the psychological, biological and social responses to disasters, helping medics and leaders prepare and react.

Scientific American - 1891

Cancer, Stress, and Death - Stacey B. Day 2013-06-29

This book has been well received in many places and in many countries. It was awarded a ranking in the top ten publications on behavioral medicine in the year that it first appeared. When, in 1977, we began to fit the components of Cancer, Stress, and Death together, the established medical view was that each subject represented a different discipline, and that to integrate fields so diverse in information content was to seek to achieve a synthesis beyond reasonable limits. Had we been required to concern ourselves with the knowledge of each component in its entirety, this might have been so, but our concern, of course, was to integrate only those items of knowledge in any one field that could bear upon the field of interest of another. Moreover, we were concerned that physicians and scientists take account of the inner forces that shape motivation and individual behavior, as well as the cultural identity of individuals, and we hoped that the biopsychosocial way in which we believed would gain ground and win support. Now, with need for a second edition, one can

hardly conceive of not bringing together diverse contributions in one volume. Such syntheses as we have made clearly confirm that one can arrive at several levels of understanding of human situations through wise integration of biological paradigms within various social, cultural, and psychological parameters—which essentially is a simple way of defining the biopsychosocial way.

Humor, Resistance, and Jewish Cultural Persistence in the Book of Revelation - Sarah Emanuel 2020-01-09

Positions Revelation within an ancient Jewish context and demonstrates how the author used humor to resist Roman power.

I Love Jesus, But I Want to Die - Sarah J. Robinson 2021-05-11

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect. *Comprehensive Cancer Care for Children and Their Families* - National Academies of Sciences, Engineering, and Medicine 2015-08-31

Childhood cancer is an area of oncology that has seen both remarkable progress as well as substantial continuing challenges. While survival rates for some pediatric cancers present a story of success, for many types of pediatric cancers, little progress has been made. Many cancer treatments are known to cause not only significant acute side effects, but also lead to numerous long-term health risks and reduced quality of life. Even in cases where the cancer is considered curable, the consequences of treatment present substantial long-term health and psychosocial concerns for children, their families, their communities, and our health system. To examine specific opportunities and suggestions for driving optimal care delivery supporting survival with high quality of life, the National Cancer Policy Forum of the Institute of Medicine and the American Cancer Society co-hosted a workshop which convened experts and members of the public on March 9 and 10, 2015. At this workshop, clinicians and researchers in pediatric oncology, palliative, and psychosocial care, along with representatives from the U.S. Food and Drug Administration, National Cancer Institute, Children's Oncology Group, pharmaceutical companies, and patient advocacy organizations, discussed and developed a menu of options for action to improve research, quality of care, and outcomes for pediatric cancer patients and their families. In addition, parents of children with cancer and pediatric cancer survivors shared their experiences with care and provided poignant personal perspectives on specific quality of life concerns and support needs for children and families across the life spectrum. This report summarizes the presentations and discussion of the workshop.

Relieving Pain in America - Institute of Medicine 2011-10-26

Chronic pain costs the nation up to \$635 billion each year in medical treatment and lost productivity. The 2010 Patient Protection and Affordable Care Act required the Department of Health and Human Services (HHS) to enlist the Institute of Medicine (IOM) in examining pain as a public health problem. In this report, the IOM offers a blueprint for action in transforming prevention, care, education, and research, with the goal of providing relief for people with pain in America. To reach the vast multitude of people with various types of pain, the nation must adopt a population-level prevention and management strategy. The IOM recommends that HHS develop a comprehensive plan with specific goals, actions, and timeframes. Better data are needed to help shape efforts, especially on the groups of people currently underdiagnosed and undertreated, and the IOM encourages federal and state agencies and private organizations to accelerate the collection of data on pain incidence, prevalence, and treatments. Because pain varies from patient to patient, healthcare providers should increasingly aim at tailoring pain care to each person's experience, and self-management of pain should be promoted. In addition, because there are major gaps in knowledge about pain across health care and society alike, the IOM recommends that federal agencies and other stakeholders redesign education programs to bridge these gaps. Pain is a major driver for visits to physicians, a major reason for taking medications, a major cause of disability, and a key factor in quality of life and productivity. Given the burden of pain in human lives, dollars, and social consequences, relieving pain should be a national priority.
