People Love Dead Jews:  
Reports from a Haunted  
Present - Dara Horn  
2021-09-07

Winner of the 2021 National Jewish Book Award for Contemporary Jewish Life and Practice  
Finalist for the 2021 Kirkus Prize in Nonfiction  
A New York Times Notable Book of the Year  
A Wall Street Journal, Chicago Public Library, Publishers Weekly, and Kirkus Reviews Best Book of the Year  
A startling and profound exploration of how Jewish history is exploited to comfort the living.  
Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on

subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much

fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare’s Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children’s school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

Analog Church - Jay Y. Kim

2020-03-31

Outreach Resource of the Year

The Gospel Coalition Book

Hardcover

Award What does it mean to be an analog church in a digital age? In recent decades the digital world has taken over our society at nearly every level, and the church has increasingly followed suit—often in ways we're not fully aware of. But as even the culture at large begins to reckon with the limits of a digital world, it's time for the church to take stock. Are online churches, video venues, and brighter lights truly the future? What about the digital age's effect on discipleship, community, and the Bible? As a pastor in Silicon Valley, Jay Kim has experienced the digital church in all its splendor. In Analog Church, he grapples with the ramifications of a digital church, from our worship and experience of Christian community to the way we engage Scripture and sacrament. Could it be that in our efforts to stay relevant in our digital age, we've begun to give away the very thing that our age most desperately needs: transcendence? Could it be that the best way to reach

new generations is in fact found in a more timeless path? Could it be that at its heart, the church has really been analog all along?

**Burn-in** - P. W. Singer 2020  
"An FBI agent teams up with the first police robot to hunt a shadowy terrorist in this gripping technothriller-and fact-based tour of tomorrow-- from the authors of *Ghost Fleet*"--  
*Encyclopedia of Human Resource Management* - Adrian Wilkinson 2016-01-29  
The *Encyclopedia of Human Resource Management* is an authoritative and comprehensive reference resource with almost 400 entries on core HR areas and key concepts. From age discrimination, to zero hours contracts, each entry reflects the views of an expert and authoritative author. The terms included vary from singular concepts such as performance appraisal and industrial conflict, to organisational behaviour terms including organisational culture and commitment; and broader

management terms such as resourcing and management development. Each entry provides a list of references and further reading to enable the reader to gain a deeper awareness and understanding of each topic. This book is an ideal companion to a standard HRM textbook, and both undergraduate and postgraduate students will find it to be of value. It will also be useful for academic researchers, HR practitioners and policy specialists looking for a succinct expert summary of key HR concepts.

**Lying for Money** - Dan Davies 2021-03-09  
An entertaining, deeply informative explanation of how high-level financial crimes work, written by an industry insider who's an expert in the field. The way most white-collar crime works is by manipulating institutional psychology. That means creating something that looks as much as possible like a normal set of transactions. The drama comes later, when it all unwinds. Financial crime

seems horribly complicated, but there are only so many ways you can con someone out of what's theirs. In *Lying for Money*, veteran regulatory economist and market analyst Dan Davies tells the story of fraud through a genealogy of financial malfeasance, including: the Great Salad Oil swindle, the Pigeon King International fraud, the fictional British colony of Poyais in South America, the Boston Ladies' Deposit Company, the Portuguese Banknote Affair, Theranos, and the Bre-X scam. Davies brings new insights into these schemes and shows how all frauds, current and historical, belong to one of four categories ("long firm," counterfeiting, control fraud, and market crimes) and operate on the same basic principles. The only elements that change are the victims, the scammers, and the terminology. Davies has years of experience picking the bones out of some of the most famous frauds of the modern age. Now he reveals the big picture that

emerges from their labyrinths of deceit and explains how fraud has shaped the entire development of the modern world economy.

[The Precariat](#) - Guy Standing  
2021-07-15

This book presents the new Precariat - the rapidly growing number of people facing lives of insecurity, on zero hours contracts, moving in and out of jobs that give little meaning to their lives. The delivery driver who brings your packages, the uber driver who gets you to work, the security guard at the mall, the carer looking after our elderly...these are The Precariat. Guy Standing investigates this new and growing group, finding a frustrated and angry new underclass who are often ignored by politicians and economists. The rise of zero hours contracts, encouraged by fat cat corporations as risk-free employment, and by silicon valley as a way of outsourcing costs and responsibility, has been exacerbated by the COVID pandemic. At the same time, in its experience of

lockdown, the western world is realizing the true value of these nurses, carers and key workers. The answer? The return of income security and meaningful work - the principles 20th century capitalism was built on. By making the fears and desires of the Precariat central to economic thinking, Standing shows how concepts like Basic Income are not just desirable but inevitable, and plots the way to a better future.

Rewire Your Brain - John B. Arden 2010-03-22

How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on neuroplasticity and evidence-based practices Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be "hardwired" to function in predetermined ways. It turns out that's not true. Your brain is not hardwired, it's

**Hardcover**  
"softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep. Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and

### **The 5 Languages of Appreciation in the Workplace** - Gary Chapman 2019-01-01

Based on the #1 New York Times bestseller *The 5 Love Languages*® (over 12 million copies sold), Dramatically improve workplace relationships simply by learning your coworkers' language of appreciation. This book will give you the tools to improve staff morale, create a more positive workplace, and increase employee engagement. How? By teaching you to effectively communicate authentic appreciation and encouragement to employees, co-workers, and leaders. Most relational problems in organizations flow from this question: do people feel appreciated? This book will help you answer "Yes!" A bestseller—having sold over 300,000 copies and translated into 16 languages—this book

**Hardcover**  
has proven to be effective and valuable in diverse settings. Its principles about human behavior have helped businesses, non-profits, hospitals, schools, government agencies, and organizations with remote workers. PLUS! Each book contains a free access code for taking the online Motivating By Appreciation (MBA) Inventory (does not apply to purchases of used books). The assessment identifies a person's preferred languages of appreciation to help you apply the book. When supervisors and colleagues understand their coworkers' primary and secondary languages, as well as the specific actions they desire, they can effectively communicate authentic appreciation, thus creating healthy work relationships and raising the level of performance across an entire team or organization. Take your team to the next level by applying *The 5 Languages of Appreciation in the Workplace*.  
**The Speed of Trust** - Stephen M. R. Covey 2008-09-04

## Digital Handshake Finding Revenue In New Relationships

Hardcover

From Stephen R. Covey's eldest son come a revolutionary book that will guide business leaders, public figures and their organizations towards unprecedented productivity and satisfaction. Trust, says Stephen M. R. Covey, is the very basis of the 21st century's global economy, but its power is generally overlooked and misunderstood. Covey shows you how to inspire immediate trust in everyone you encounter - colleagues, constituents, the marketplace - allowing you to forego the time-killing and energy-draining check and balance bureaucracies that are so often relied upon in lieu of actual trust.

**Lead with a Story** - Paul Smith 2012-08-31

Whether you're trying to communicate a vision, sell an idea, or inspire commitment, storytelling is a powerful business tool that can mean the difference between lackluster enthusiasm and a rallying cry. Addressing a wide variety of business challenges, including specific stories to help you

overcome twenty-one difficult situations, *Lead with a Story* gives you the ability to engage an audience the way logic and bullet points alone never could. This how-to guidebook shows readers how powerful stories can help define culture and values, engender creativity and innovation, foster collaboration, build relationships, provide coaching and feedback, and lead change. Whether in a speech or a memo, communicated to one person or a thousand, storytelling is an essential skill for today's leaders. Many highly successful companies use storytelling as a leadership tool. At Nike, all senior executives are designated "corporate storytellers." 3M banned bullet points years ago and replaced them with a process of writing "strategic narratives." Procter & Gamble hired Hollywood directors to teach its executives storytelling techniques. Some forward-thinking business schools have even added storytelling courses to their management curriculum. Complete with

examples from these and many other high-profile companies, Lead with a Story gives readers the guidance they need to spin a narrative to stunning effect. *Build Your Dream Network* - J. Kelly Hoey 2017-01-03

Cut through the networking noise and start building the powerful, real relationships needed to succeed in our digital world. If you think of networking as schmoozing at boring cocktail parties or scrolling through LinkedIn for new contacts to add, think again. In the social media age, you need a modern roadmap for creating and cultivating meaningful connections to stand out from the crowd and achieve any of your goals, no matter how big or small. In *Build Your Dream Network*, acclaimed business columnist and networking expert J. Kelly Hoey offers a fresh new approach to mastering this timeworn skill in a world where everyone is posting, liking, and friending fast and furiously, but many are failing to leverage their connections successfully. Hoey presents innovative

strategies for forming strong relationships—the genuine, mutually beneficial, long-lasting kind—using all of the social tools at your disposal. She also reveals creative and surprisingly simple ways to harness the power of your network to accomplish any ambition, from landing your dream job or a coveted account or client to successfully crowdfunding a new business venture. *Build Your Dream Network* will help you: - Determine the most effective ways to connect with others so you don't clutter your calendar with dead-end coffee dates and informational interviews - Synchronize IRL networking efforts with your digital outreach - Turn "closed door" conversations into strong personal relationships and business opportunities - Eliminate FOMO by keeping your networking efforts focused

Packed with infographics, flowcharts, and encouraging advice, *Build Your Dream Network* shows how small adjustments in your daily routine, generosity, and goal-

**Born for Love** - Bruce D.

Perry 2010-04-06

The groundbreaking

exploration of the power of empathy by renowned child-psychiatrist Bruce D. Perry, co-author, with Oprah Winfrey, of *What Happened to You? Born for Love* reveals how and why the brain learns to bond with others—and is a stirring call to protect our children from new threats to their capacity to love. “Empathy, and the ties that bind people into relationships, are key elements of happiness. *Born for Love* is truly fascinating.” — Gretchen Rubin, author of *The Happiness Project* From birth, when babies' fingers instinctively cling to those of adults, their bodies and brains seek an intimate connection, a bond made possible by empathy—the ability to love and to share the feelings of others. In this provocative book, psychiatrist Bruce D. Perry and award-winning science journalist Maia Szalavitz interweave research and stories from Perry's practice with cutting-edge scientific studies and historical examples to explain how empathy develops, why it is essential for our development

into healthy adults, and how to raise kids with empathy while navigating threats from technological change and other forces in the modern world. Perry and Szalavitz show that compassion underlies the qualities that make society work—trust, altruism, collaboration, love, charity—and how difficulties related to empathy are key factors in social problems such as war, crime, racism, and mental illness. Even physical health, from infectious diseases to heart attacks, is deeply affected by our human connections to one another. As *Born for Love* reveals, recent changes in technology, child-rearing practices, education, and lifestyles are starting to rob children of necessary human contact and deep relationships—the essential foundation for empathy and a caring, healthy society. Sounding an important warning bell, *Born for Love* offers practical ideas for combating the negative influences of modern life and fostering positive social change

to benefit us all.

The Art of Networking - David Woods 2013-03

You might think networking is all about cocktail receptions with free drinks, free food, and friends. Maybe you're shy and dread every event you're required to attend. Perhaps there are just too many people, and you don't know where to start or how to narrow your focus. Remember: It's not Net-PLAY... It's not Net-EAT... It's not Net-DRINK... It's not Net-SIT... IT'S NET-WORK! In his concise but definitive guide, *The Art of Networking: Beyond the Handshake*, David Woods will tell you that if you're like most executives, you live inside a close bubble of friends and family. But to realize your career potential, you have to push yourself outside of that space and intentionally build new relationships. In his twenty-five-year career, David has been CEO of three companies. Networking was a key to achieving these roles, and it can be the key for you to achieve your goals too. Filled with quick, entertaining advice

style of dress comprising hoodies, sneakers, and T-shirts. In the beginning, a few brands defined this style; fewer still survived as streetwear went mainstream. They are the OGs, the “heritage brands.” The Hundreds is one of those persevering companies, and Bobby Hundreds is at the center of it all. The creative force behind the brand, Bobby Kim, a.k.a. Bobby Hundreds, has emerged as a prominent face and voice in streetwear. In telling the story of his formative years, he reminds us

that The Hundreds was started by outsiders; and this is truly the story of streetwear culture. In *This Is Not a T-Shirt*, Bobby Hundreds cements his spot as a champion of an industry he helped create and tells the story of The Hundreds—with anecdotes ranging from his Southern California, punk-DIY-tinged youth to the brand’s explosive success. Both an inspiring memoir and an expert assessment of the history and future of streetwear, this is the tale of Bobby’s commitment to his creative vision and to building a real community.
