*You're Not Special* - Meghan Rienks 2021-09-28

In her first ever (sort of) memoir, YouTube sensation Meghan Rienks gets personal about everything from drunken debaucheries to mental health. As an only child, Meghan has always been pretty good at entertaining herself. Then one day--cue the dramatic voice-over--her life changed forever. On June 12, 2010, Meghan was

diagnosed with mononucleosis. Mono is basically just a really bad case of the flu, right? Wrong. To a party-crazed sixteen-year-old, mono is nothing less than social suicide. So Meghan opened up her 2009 MacBook and recorded her first YouTube video. Since then, she has shared the ups and downs of her life on the internet, documenting her coming-of-age for the whole world to see. Not that she's (mostly) through her awkward stage, Meghan's her to tell you that it gets better. Sometimes a bad hair day feels worse than a punch in the gut and asking a boy out seems as difficult as achieving that perfect dewy glow. But despite what you've been told, your problems are not unique, and somebody out there has felt the same way you feel right at this very moment. You're not special. But on the bumpy road to adulthood, you're also not alone. *The Best Baby Names for Girls* - Emily Larson 2019-06-04
