**Homosexuality and the Family** - Frederick. W. Bozett 2020-12-14  
 Disproving the notion that homosexuals are antifamily, this enlightening

book details the variety of family forms in which gays and lesbians live  
 and explores the effects of homosexuality on individuals in families and

on the family as a whole. Little in the professional literature addresses the combined topics of homosexuality and the family, so practitioners, academicians, researchers, and students in various disciplines--counseling, gay studies, sociology, human sexuality, psychology, social work, law, and medicine--will discover a wealth of unique and useful material here. Arranged in a life history sequence that moves from adolescence to adulthood, this informative volume documents the responses of parents of gay children, wives of gay men, children of lesbian mothers, and gay fathers about their family lives.

**Always My Child** - Kevin Jennings 2003-01-02

Offers advice and support for parents with adolescents dealing with sexual identity, personal confusion, bigotry, tension, and other challenges of being gay, lesbian, bisexual, or transgendered.

**Coming Out as Parents** - David K. Switzer 1996-01-01

David Switzer helps parents understand their reaction to and feelings about discovering that their child is gay or lesbian. He explores recent research on homosexuality, emphasizes the need for reconciliation, and deals with common parental responses to the child's disclosure.

**Men in Transition** - Kenneth Solomon 2013-11-11

Every year the few hundred members of the Committees, Task Forces, and Councils of the American Psychiatric Association meet in Washington, D.C. to conduct their business. They deliberate on a wide variety of issues encompassed in the activities of each group. The psychiatrists constituting this mixed and somewhat elite group include some of the better-known and promising people in the profession, which makes the plenary session and cocktail party good occasions to meet old friends and to make new ones. Several years ago one of us (N.B.L.) attended this gathering as a member of a soon-to-be defunct group, the Committee Liaison with the American College of Physicians, and met Ann Chappell, a member of the Task Force on Women. We were soon joined by Richard Grant. Ann impressed us with the work her group was doing on issues surrounding the Women's Movement as it relates to patients and the changing roles of the early 1970s. She was struck by the fact that although some women had been very active in this endeavor, nobody

in American psychiatry was addressing issues which are arising in men as a result of the changing roles of women in society. Dick and Norm were moved by what she said and decided that they would make an effort to gather together people interested in the issue of the changing roles of males in society at the oncoming meeting of the American Psychiatric Association.

**Multicultural Perspectives in Working with Families** - Elaine P. Congress, DSW 2005-04-15

In second edition, social work and mental health students and practitioners across the full spectrum of social service settings gain essential knowledge into cutting edge issues in the assessment and treatment of families from diverse cultural backgrounds. Fully revised, with a full third of the book completely rewritten and each chapter significantly updated, the editors bring together the latest in multicultural family research and new and improved macro and micro ways of understanding and respecting the needs of new immigrants and diverse populations. Included is an important revision of Dr. Congress's essential assessment technique, the culturagram. New and updated chapters provide evidence-based and specialized perspectives, including: Handling post 9/11 complications for immigrants and refugees culturally sensitive treatment ideas for Arab-American families Working from an Afrocentric perspective Understanding the needs of the new Russian, Asian, and Hispanic immigrants Helping diverse HIV-affected families Impact of ethnicity on incest treatments Suicide attempts with adolescents Importance of spirituality

**Out of the Twilight** - Andrew Gottlieb 2014-07-16

How would you react if your son told you he was gay? Out of the Twilight: Fathers of Gay Men Speak explores how fathers have dealt with discovering that their sons were gay and what effect it had on their own development as parents and people. This revealing, moving book will help you understand the difficulties and joys of a father/gay son relationship. Out of the Twilight draws from literary sources such as poems, fairy tales, plays, novels, and movies, as well as psychoanalytic theories, to highlight the obstacles that a father must overcome to

understand and identify with his son. In *Out of the Twilight*, you will discover the personal and intimate struggles of these fathers, including: Mitchell, whose son, Jay, came out at the age of twenty-one, and who describes the coming-out process as a means of forging a closer father-son relationship Juan Miguel, who knew and accepted that his son was gay before his son told him, and who discusses how his love and complete acceptance made the coming-out process easier for his son Peter, whose response to his son, Richard, was ordering him to live at home so the family could look for a 'cure' for Richard's homosexuality Daniel, who admitted that he himself was gay after being married and who was very accepting when his son, Charles, came out since it provided them with a special bond Marty, whose response to his son Gary's coming out was to join P-FLAG, an organization for parents of gay and lesbian children, so he could find support and acceptance among other parents who were going through the same thing *Out of the Twilight* allows you to see how fathers have struggled with the truth about their sons' sexuality. This book presents a unique opportunity to develop a greater awareness of and appreciation for father/son similarities and differences, and suggests that through time, communication, and love, fathers can become comfortable with and respectful of their sons' homosexuality.

**Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People** - Gerald P. Mallon 2009-06-02

A new, more comprehensive edition of the classic Social Work text *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People* is the updated classic text that has expanded its scope to include new content on practice with bisexual and transgender populations—and incorporated this content throughout. This informative book provides a knowledge base of practice that will better prepare students and practitioners for working sensitively, competently, and effectively with LGBT individuals. The text now covers content on LGBT populations as articulated by the National

Association of Social Workers (NASW) and the Council on Social Work Education (CSWE). Comprehensive and practical, this unique text discusses the pragmatic aspects of social work with lesbian, gay, bisexual, and transgender people. It will improve and reinforce competent practice with LGBT persons and their families in multiple settings. Chapters focus on important topics such as: the profession's core values and ethical principles identifying, analyzing, and resolving ethically challenging practice problems LGBT persons of color—heterosexism, racism, and sexism applying the life model and the stress-coping process the root of conflicts in allegiances and pressures for unity via homogeneity practice with bisexual, transgender, and gender non-conforming persons sexual conversion therapy traditional psychoanalytic notions of lesbian couples the impact of sexual abuse on lesbian couples internalized homophobia, heterocentrism, and gay identity group work practice with the LGBTQ community clinical assessment for families where sexual orientation is an issue LGBT parenting the role of health care and many more! Complete with a highly detailed appendix of symbols, definitions, and terms, *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People*, is an invaluable resource for social workers and mental health professionals as well as for students and educators at all levels of experience.

Multicultural Perspectives In Social Work Practice with Families, 3rd Edition - Elaine P. Congress, MSSW, DSW 2012-10-01

*Multicultural Perspectives in Social Work Practice with Families* is in its third edition and continues to expand the depth and breadth with which culture may be understood and the impact of culture in working with families. Congress, Gonzalez, and their contributors have updated this text to include a focus on evidence-based practice, 10 additional chapters, revision of a valuable assessment tool, and a culturagram. This book clearly is an essential resource for social workers committed to culturally sensitive practice."--*Journal of Teaching in Social Work* Encompassing the most current issues faced by multicultural families across the lifespan and the social workers who serve them, this popular textbook contains ten new chapters and provides content that has been

significantly expanded throughout. These new and reconceived chapters offer professors and social work graduate students a broader and more comprehensive take on the key issues that arise when treating families from diverse cultural backgrounds and current, evidence-based models for assessment and treatment. New chapters include: Evidence-based models of care for ethnically-diverse families Practice with Asian-American families Practice with Native American and indigenous families Practice with Hispanic families Practice with Arab families Practice with adolescents Practice with families when there is risk of suicide Practice with families dealing with substance use and abuse Practice with families around health issues Legal issues with immigrants Contributors to the text are leaders in the field of multicultural issues that encompass a wide range of racial and ethnic populations. Updated case studies, vignettes, and statistical data illustrate the book's content.

A Family Matter - Charles Silverstein 1978

Case histories, demonstrating ways in which parents of gay children have dealt with their fears and guilt are included in this discussion of the problems that often follow the discovery of a son's or daughter's homosexuality.

Gay And Lesbian Students - Hilda F. Besner 2023-01-06

In an average US secondary school 10% of the student population is homosexual, yet only a small number of American school districts have taken positive steps to address the problems associated with gay and lesbian students in the predominantly heterosexual educational setting. This book aims to raise awareness of the problems encountered by these adolescents in schools and of the effects of these problems on the dropout rate, academic achievement, substance abuse, AIDS, teenage pregnancy, school violence and suicide.; Designed to promote understanding and dispel myths about gay and lesbian teenagers, the volume also makes curriculum suggestions to advocate self-acceptance and tolerance and to reduce homophobia among heterosexual teenagers.

It seeks to explain how institutional homophobia has affected the belief system and behaviour of a large segment of the American population. Various themes concerning the origins of sexual development are discussed, as is information concerning students who are children of gay and lesbian parents.

Family Matters - Hilde Løvdal Stephens 2019

"Family Matters: James Dobson and Focus on the Family's Advice to American Evangelicals by Hilde L2vdal Stephens is an insightful history and analysis of James Dobson's rise to fame, effect on American evangelical culture, and subsequent fall from relevance. Stephens scours through Dobson's books, articles, and other materials published by Focus on the Family in order to explore how evangelicals defined and defended the traditional family as an ideal and as a symbol in an ever-changing world"--

**Adolescent Gynecology** - Alfred Bongiovanni 2013-11-11

ABOUT THE SUBJECT MATTER Adolescence is a time of significant change. The adolescent era spans the interval between childhood and adulthood. It is a time of physical, social, and even emotional upheaval. During this relatively brief period of time not only does physical growth accelerate but, of more significance in the biology of any species, the individual attains reproductive maturity. Within this time frame, the human being acquires the capacity to procreate and perpetuate our species. From a reproductive standpoint, throughout adolescence the individual is being prepared for perhaps what might be considered the most important function an organism has during his/her brief sojourn on earth, namely to endow successor(s) with a minute quantity of DNA to enable continuation of its form of life. The interlude between childhood and adulthood is not always socially or emotionally simple. The anatomic and physiologic modifications that come to pass during adolescence are not necessarily paralleled by a capacity to assume the societal responsibilities associated with reproductive maturity. Although the physiologic changes normally proceed in a predetermined fashion, adaptation to a changing role is a far more trying process. Accustomed to living in a child's world, the subject of adolescent change requires

considerable time and understanding to facilitate existence in the adult world. The early stages of sexual awareness, for example, are generally extremely confusing and, as evidenced by the inordinately high frequency of teenage pregnancy and sexually transmitted diseases, can be extraordinarily dangerous.

**A Queer World** - City University of New York. Center for Lesbian and Gay Studies 1997-04

This anthology comprises 52 articles based on presentations at colloquia sponsored by the Center for Lesbian and Gay Studies (CLAGS) during its first decade (1986-96) at the CUNY Graduate School. Arrangement is in five sections covering identities as they revolve around gender and sexuality; the terrains of homosexual history; mind-body relations; laws and economics; and policy issues related to gay youth, AIDS, and aging. **Queer Literacies** - Mark McBeth 2019-12-02

In a documentarian investigation of the major LGBTQ archives in the United States, *Queer Literacies: Discourses and Discontents* identifies the homophobic discourses that prevailed in the twentieth-century by those discursive forces that also sponsored the literacy acquisition of the nation. Mark McBeth tracks down the evidence of how these sponsors of literacy—families, teachers, librarians, doctors, scientists, and government agents—instituted heteronormative platforms upon which public discourses were constructed. After pinpointing and analyzing how this disparaging rhetoric emerged, McBeth examines how certain LGBTQ advocates took counter-literacy measures to upend and replace those discourses with more Queer-affirming articulations. Having lived contemporaneously while these events occurred, McBeth incorporates narratives of his own lived experience of how these discourses impacted his own reading, writing, and researching capabilities. In this auto-archival research investigation, McBeth argues that throughout the twentieth century, Queer literates revised dominant and oppressive discourses as a means of survival and world-making in their own words. Scholars of rhetoric, gender studies, LGBTQ studies, literary studies, and communication studies will find this book particularly useful.

*Interpreting Experience* - Ruthellen Josselson 1995-03-21

How does context shape biography? How do language and relationships affect the development of people's work lives? An international group of scholars from diverse disciplines addresses these and other issues in this volume of *The Narrative Study of Lives*. They explore what it means to take narrative seriously and how an empathic stance in narrative research opens out on the dialogic self. The contributors also consider questions of how participants make meaning out of their experience in the framework of available interpretive horizons. In addition, there are sections that use narrative approaches to develop a deeper understanding of loneliness and the "coming out" process in homosexuality. This volume examines the many ways in which people interpret their experience and explores conceptual avenues to make use of these understandings in the analysis of human life. Those interested in qualitative methods, evaluation, and education research will find *Interpreting Experience* to be an invaluable contribution.

*DHHS Publication* - 1980

**Queer Representations** - City University of New York. Center for Lesbian and Gay Studies 1997-05

*Queer Representations* celebrates the eclectic, diverse nature of gay and lesbian culture and its production. The volume begins by asking how we can interpret an image—is the image homosexual and if so, how can we understand it? Closely connected to its interpretation is how we visualize homosexuality, or, in Allen Ellenzweig's term, how we picture the homoerotic, the organizing principle of a section devoted to American cinema and performance in general. The crucial role of biography and autobiography is the central preoccupation of the next section, with essays on Radclyffe Hall, Langston Hughes, and Louisa May Alcott. Featuring many of the most respected figures in queer studies and contemporary queer literature, among them Dorothy Allison, Edmund White, Barbara Smith, Essex Hemphill, Michael Cunningham, Allen Ginsberg, Samuel R. Delany, Dale Peck, Jewelle Gomez, Joan Nestle, a final section explores the creation of queer literature, birthpangs,

growing pains, and achievements. By emphasizing the interconnectedness of gay and lesbian lives and the literature which has been instrumental in defining, reconstructing, and representing these lives, this anthology serves as a diverse introduction to queer culture and literature.

**For the Ferryman** - Charles Silverstein 2022-06-07

Dr. Charles Silverstein has made a habit of breaking down barriers. He successfully persuaded the American Psychiatric Association to remove homosexuality as a mental illness in 1973. With Edmund White, he co-authored the landmark publication *The Joy of Gay Sex* in 1977. He was awarded a Gold Medal for Lifetime Achievement in the Practice of Psychology in 2011. In his stunning memoir, *For the Ferryman*, we share his life's joys and sorrows, professionally and personally. It's not just a tour of the political events of gay activism, it is a love story of the extraordinary twenty-year relationship the author shared with William Bory. As Reverend John J McNeil puts it: "It is a memorial to a love affair which relentlessly and courageously analyzes the neurotic wounds in both their lives that led to their loving partnership with all its ups and

downs, an extraordinary faithful love that persevered to the end." A compelling read, written in a disarming style which conveys the passion, and sometime sorrow, of a life richly lived - *For the Ferryman* rewards the reader with an afterglow which long sits in one's heart. This second edition has been updated for a 2022 release. "Charles Silverstein has written a memoir about the great love of his life - an eccentric, androgynous genius whom Charles adored and cared for despite all his flaws and addictions. Most writers idealize their lovers, especially if they've died young, but Silverstein presents his William with all his charm and sexual allure and intellectual brilliance - and all his maddening faults. I wept at the end of this brave, honest book - and I suspect you will too." - Edmund White "From his Brooklyn childhood to his climactic gay-Scott and Zelda relationship, Silverstein's *For the Ferryman* is a searing, unafraid, and indelible self-portrait of a distinguished and amazing life. Not the coolly calculated look-back we might have expected but instead a roller-coaster ride of emotion recollected in anything but tranquility." - Felice Picano "Detailed, unflinching, and unrepentantly honest, this memoir is both personal in scope and universal in relevance." - Jerry Wheeler, *Out in Print* "Silverstein takes no liberties, hides no truths, glosses over no details and is candid in a way that could make Larry Flint blush. *For The Ferryman* uniquely blends the early years of the gay struggle for liberation and AIDS with the simple life of two men in love." - Joe Franco, *Windy City Times*
