The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll

learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Art of Cooking - Maestro Martino of Como 2005-01-03

Maestro Martino of Como has been called the first celebrity chef, and his extraordinary treatise on Renaissance cookery, *The Art of Cooking*, is the first known culinary guide to specify ingredients, cooking times and techniques, utensils, and amounts. This vibrant document is also essential to understanding the forms of conviviality developed in Central Italy during the Renaissance, as well as their sociopolitical implications. In addition to the original text, this first complete English translation of the work includes a historical essay by Luigi Ballerini and fifty modernized recipes by acclaimed Italian chef Stefania Barzini. *The Art of Cooking*, unlike the culinary manuals of the time, is a true gastronomic lexicon, surprisingly like a modern cookbook in identifying the quantity and kinds of ingredients in each dish, the proper procedure for cooking them, and the time required, as well as including many of the secrets of a culinary expert. In his lively introduction, Luigi Ballerini places Maestro Martino in the complicated context of his time and place and guides the

reader through the complexities of Italian and papal politics. Stefania Barzini's modernized recipes that follow the text bring the tastes of the original dishes into line with modern tastes. Her knowledgeable explanations of how she has adapted the recipes to the contemporary palate are models of their kind and will inspire readers to recreate these classic dishes in their own kitchens. Jeremy Parzen's translation is the first to gather the entire corpus of Martino's legacy.

Politiquette - Nadia Asencio 2015-11-12

Partisanship is destroying the U.S. Whether you're an Independent fed up with your lack of representation in Washington, a moderate Democrat or Republican disappointed by the repeated failures of your party, or a Millennial whose disenchantment with our current political system has turned into apathy, you have options and the power to turn things around; in fact, We the People have an obligation to do so. But we can't change the current state of affairs until we realize that we're part of the problem: feeding into the fiction of the two party system and fighting amongst ourselves, even as our government creates policies to benefit its corporate friends at the expense of people everywhere. While no one can do everything, we can each do something; our nation's fate in the new millennium depends on it. The first step is effective communication. The first step, is Politiquette.
