[Veteran of the Ardennes](#) Francis DiPietro 2006-06 Out of a war which caused over 50,000,000 deaths comes the story of a dedicated life. Meet Francis Charles DiPietro, a young man from Cambridge, Massachusetts who is called from his education at Harvard University to serve his country in the most decisive hour of World War II. Like his father before him, who was a veteran of the Great War, Frank finds himself balancing his new regime with his loyal desire to maintain regular communications with his family. The letters in this book are a heretofore unpublished piece of American history, filled with valuable details concerning the day-to-day life of a front line infantry soldier. Having proven himself a sharpshooter in basic training, once in Europe Frank becomes part of the renowned 83rd Thunderbolt Division, one of the most successful and experienced divisions the army has ever seen. After the grueling winter trial in the Ardennes forest and Battle of the Bulge, Frank and the 83rd become the first American division to reach the Rhine river in Germany, quickly advancing 215 miles to the Elbe, capturing 24,000 German soldiers and liberating over 75,000 Allies as they help deliver the blow to German forces which ends the war in Europe.

[The Apothecary](#) Martha Blum 2006-08-01 The Apothecary continues the story of the characters from The Walnut Tree, this time focusing on Felix. Like his sister Süssel, Felix is a pharmacist, and the book follows his life, and those of several other important characters, from the city of Czernowitz during the war years to Vienna in the 1960s. The forties are presented with the immediacy and reality that could only be supplied by someone who has lived this astonishing experience. Felix saves a young Jewish girl from being deported by the Russians, and procures the release of his own parents from cattle cars because a local Soviet official is in love with him. Then, when the German army moves in, Felix has to escape on his own, fleeing into the Caucasus Mountains to save his life. Twenty years on, Felix finds his childhood sweetheart, Martina, in Vienna, married to a former German soldier. Gerhardt is wracked by guilt because of his actions in Czernowitz during the war. The Apothecary is filled with fascinating characters and chilling circumstances. Its style and originality, its charm and vividness, its lovely imagery and its wisdom, all make it an important book. It is the third book in an informal trilogy dealing with Jewish life in both cosmopolitan cities and in an East European village in the first half of the 20th Century an outstanding literary accomplishment.

John Brown Captain R. W. Campbell 2014-12-25 Example in this ebook CHAPTER I. THE CADET SCHOOL. No doubt you have seen, in the highways and byways, a lot of youths in khaki with white bands round their caps. These 'boys' are called cadets, and are usually men home from the front to train for commissions. In Sandhurst they are officially styled gentlemen cadets; but apparently we are not supposed to be gentlemen—we're just cadets. Funny, isn't it? But that's the way of the army. Well, my name is John Brown—a very ordinary name—and I'm one of those fellows. Before the war I evaded toil by becoming a student, and spent a lot of time on 'ologies and 'osophies. Now I'm learning to be a pukka officer, and the leader of sixty men to the cannon's mouth. When I left my battalion for the cadet school I shed no tears. They were in the trenches, or, rather, in the mud. And it cost a pair of brand-new boots to get on to the road. However, I survived, and in due time landed at Windmoor. This is a 'blasted heath,' swept by the winds, and isolated from picture-shows, barmaids, and revues; not a petticoat in sight, and at every corner a notice which amounts to: 'England expects that every cadet this day will do his duty.' 'This is no Utopia,' I muttered, falling into the first hut by the way. Ye gods! There was an old colonel, with eyes like a hawk and cheeks like dumplings; and what do you think he was doing? Cutting his corns. 'What the—why the—who the devil are you, sah?' 'John Brown, sir,' I said meekly, for never in my life had I seen such a perfect relic of the Napoleonic wars. 'Get to blazes out of this, John Brown!' he roared, putting his fat feet on the floor and banging the door. I was again alone—on the blasted heath. The old gent inside was Colonel Eat-All, the commandant. Rumour says he devoured two dervishes at Omdurman. I stumbled on once more, and found the orderly-room. 'This way,' said Sergeant-Major Kneesup, introducing me to the adjutant. I clicked my heels in the style of a Guardsman, and saluted like a railway signal. 'Well?' said a blasé-looking gent with three pips, looking up at me from his papers. 'John Brown, sir.' 'Who sent you here?' 'The War Office.' 'Umph! I know nothing about you. You had better go back to your regiment for your papers.' 'But I can't go all the way to France, sir.' 'Well, no—perhaps not. Wait a minute,' he said, ringing a bell. A clerk answered. 'Have you any papers dealing with Cadet John Brown?' 'Yes, sir. Came a fortnight ago.' 'Thank you. That's all.' The clerk went out. 'Oh, it's all right, Brown. Just go over to No. 1 Company. You'll see Sergeant-Major Smartem there. He'll fix you up. Good luck!' he concluded with a genial smile. I saluted and went out, marvelling at the methods of the British Army. I dug out the sergeant-major, and again announced that I was John Brown. 'That's a fine name to go to bed with.' 'It's the one my mother gave me.' 'Oh, well, you can't help it. Here's your blankets; there's your bed. You'll get your equipment to-morrow. Shove this white band on your cap. Tea's at five o'clock. The lavatory's down there. That's the canteen over yonder. And when you want writing-paper, hymns, or free salvation, there's a Y.M.C.A. down the

road. Now, push off—John Brown.' I was extremely grateful for all this information in tabloid form, but I had a lurking suspicion that my name was going to be a subject of rude jest. However, I am an optimist. I pitched my bag into a corner of the hut, pulled out a little book called *The Pleasures of Hope*, and commenced to read till tea-time. But I was disturbed. Cadet after cadet came filing in. They were all new and rather green, except one man, called Beefy Jones. 'What a ruddy place for a cadet school!' he roared. 'My dear chap, it is designed to protect our morality,' muttered a spectacled youth, who looked like (and proved to be) an ex-parson. To be continue in this ebook

Tales Trebbiano 2021-11-10 Through my professional life, I encountered many situations that prompted storytelling. Encouragement to write these stories in the form of a book was a task I did not thrust upon myself for reasons that English is my second language, and I had never learned it in a structured schooling environment. Life has its own agenda, and with the adversity of the COVID-19 lockdown, I took this idle time to give writing a try. This book is a product of encouragement by my business patrons who had listened to my stories, generated through a dialogue and solicited by curiosity. The stories are based in part on real-life occurrences and laced with fiction. This method does increase the reading and entertainment value and protect those who had been involved in my life from slander or defamation. It was never my intention to cause harm to or hurt anyone personally or a company. It is my hope to open minds and lock up social mentalities held hostage by beliefs or strict upbringing, but do not endeavor to alter basic human values that benefit the peaceful coexistence of the human race, regardless of geographic locations.

On the Eve Ivan Sergeevich Turgenev 1875

Divided by Borders Joanna Dreby 2010 "Just a phone call away, but what anguish! As employers of migrants who care for our children, clean our houses, work in fast food restaurants--or on the shop floor--we are so often blind to the sacrifices made by parents who see no other choice but to leave their children back home in Mexico and come to the U.S. for work. With passion and insight, *Divided by Borders* explores the agony that

unfolds between husbands and wives, across generation, and the consequences on children left behind and those who cross the border."--Carol B. Stack, author of *All Our Kin and Call To Home* "In this compelling, intimate, and heartbreaking look into the lives of Mexican migrants who leave children, Dreby brings an impressive blend of ethnography, interviews, and surveys with parents, children, and caregivers--collected over four years on both sides of the border--to bear. This is a story of migration where parental sacrifice is monumental, yet dreams for intergenerational mobility are ultimately dashed. The work is rich with both sociological insight and policy importance. This is the rare academic work that readers will find hard to put down."--Kathy Edin, author of *Promises I Can Keep: Why Poor Women Choose Motherhood Before Marriage* "Joanna Dreby's excellent book illuminates dimensions of migration and transnational life that have remained too often in the dark. Her focus on what happens inside the 'black box' of the migrant family shows how migrants and their children live their lives in difficult circumstances. She deepens our understanding of many important issues, and does so via intimate, ethnographic research. For example, her work sheds light on the gendered practices and ideologies surrounding parental leave taking, and sheds light on the incompatibility of migrant time and developmental time. Her work on the power children wield in the intra-family negotiations on whether and when to reunite, and the long term human cost of migration, is pathbreaking. Watching Joanna Dreby's work develop into this book over the years has been a great joy, and reading it is even more so."--Robert Courtney Smith, Professor of Sociology, Immigration Studies and Public Affairs, Baruch College School of Public Affairs, and Sociology Department, Graduate Center, CUNY "Family separation brought about by labor migration is not new, but hostile immigration policies have made for prolonged separations for parents and children. How do families cope? In this gripping and acutely observed study of Mexican migrant families, Joanna Dreby reveals the multi-faceted challenges facing the parents, their children and teens (who often harbor resentment against parents), and the grandmothers who serve as caregivers 'back home.' This engagingly written book is ideal for classroom adoption, and it will become a classic contribution to the scholarship on families and contemporary immigration."--Pierrette Hondagneu-Sotelo, author of *God's Heart Has No Borders*

WMD Machete Mark Plimsoll 2011-01-26 The Pan-American "Huckleberry Finn" for the Twenty-first Century, a memoir of the young author's struggle with two realities, one Anglo-Saxon and the other Hispanic. In this picaresque "coming-of-age" memoir, we see a vision of North America's future in twenty-five years, when the Hispanic population becomes the majority and changes not only the demographics of the United States of America, but its culture. The author sweeps us along on a whirlwind of culture shock. He chronicles the adventures of a disgruntled industrial-age young man who feels a tribal and instinctual reluctance to accept the Third World's view of the United States, and America's foreign policy. But before he can assimilate the profound changes in language, culture, and reality, along comes a new relationship and an earthquake that stops a war only to kill twenty-two thousand people, and changes blind patriotism into something else.

Extract: "General Berati looked at his visitor, as he motioned to a chair, with very much the same stony indifference with which he had regarded him in the barber's shop at Nice. Their eyes met and they exchanged one long, calculating glance. Fawley felt the spell of the man from that moment. Often afterwards he wondered why he had not felt it, even when he had seen him with his face half covered with lather and his fingers plunged into the silver bowl." E. Phillips Oppenheim, the Prince of Storytellers (1866-1946) was an internationally renowned author of mystery and espionage thrillers. His novels and short stories have all the elements of blood-racing adventure and

intrigue and are precursors of modern-day spy fictions.

Their fifteen-year-old daughter, Rosa, slips out of Germany on a Kindertransport train to begin a new life in England. Charged with the task of securing a safe passage for her family, she vows that she will not rest until they are safe. But as war breaks out and she loses contact with her parents, Rosa finds herself wondering if there are some vows that can't be kept ... Trio Boman Desai 2015-06-29 The trio comprises three musical geniuses: Robert and Clara Schumann and Johannes Brahms. Clara married Robert, with whom she fell in love when she was just sixteen, though it meant challenging the iron will of her father, who wished her to marry an earl or a count, certainly not an impoverished composer. The Schumanns had eight children, and Robert's greatness as a composer was never in doubt, but he was also mentally ill, attempted suicide, and finally incarcerated himself in an asylum, where he died two and a half years later. Johannes Brahms entered the picture shortly before the incarceration and fell deeply in love with Clara but was just as deeply indebted to Robert for getting his first six opuses published within weeks of their meeting. Clara was forbidden to see Robert in the asylum because the doctors feared she would excite him too much. Brahms became a go-between for the couple, ferrying messages to and fro, but both loved Robert too well to abuse his trust. Brahms learned instead to associate deep love with deep renunciation—and, coupling this love with early experiences of playing dance music for sailors and prostitutes in Hamburg's dockside bars, he became a victim to the Freudian conundrum: where he loves, he feels no passion, and where he feels passion, he cannot love. Germany grows in the hinterland of the story from four hundred-plus principalities to one nation under Bismarck. The great composers of the century (Mendelssohn, Chopin, Liszt, and Wagner among others) have their entrances and exits, and the ghosts of Bach, Mozart, Beethoven, and Schubert are never distant. Though firmly grounded in fact, the book unfolds like a novel, a narrative of love, insanity, suicide, revolution, politics, war, and of course, music.
