Prom and Other Hazards - Jamie Sullivan

2020-12-07

It might take the magic of prom to turn her best friend into her girlfriend. Frankly, prom is a

ridiculous concept. People at school treat it like it's a test run for a wedding, complete with "promposals." That's not even mentioning the dresses, which look like Disney vomited tulle and sparkles onto the nearest mannequin. Sam wants nothing to do with any of it. But there's the tiny fact that her best friend, Tash, dreams of the perfect romantic prom. And Sam's been in love with Tash since they were ten years old. She's given up hope of ever having the courage to tell Tash how she feels, until she spots The Suit in a shop window. Sleek, androgynous, and flat-out cool—it could finally give her the boost she needs. However, it's also way out of her price range. Still, if she can earn the money for the suit, then maybe she can finally tell Tash she

loves her, and they can both enjoy the perfect prom.

Prom Date - Diane Hoh 2012-03-27

DIVAs prom approaches, a killer targets the most popular girls in school/div DIVMargaret Dunne's afternoon job at her mother's dress shop is usually tranquil, but in the weeks leading up to prom, her work is nonstop. She wouldn't mind helping the popular girls try on dresses if she had a date too, but boys hardly look at Margaret. After a particularly grueling day taking abuse from three popular girls, Margaret finds a strange package in the alley behind the shop. Inside are the three girls' dresses—mangled, muddied, and completely ruined. Plenty of people hate the popular clique, but why take it out on their prom dresses?/divDIV /divDIVA few days later, Margaret sneaks off from the senior picnic to enjoy the view from the old lighthouse. A scream pierces the air, and Margaret sees one of the popular girls, Stephanie, dead at the bottom of a

cliff. It seems someone at her school has her eye on Stephanie's perfect date, and will kill to get her hands on him./divDIV /divDIVThis ebook features an illustrated biography of Diane Hoh including rare photos and never-before-seen documents from the author's personal collection./div

heartfelt novel brings the glamour and drama of the K-pop world straight to high school. Elena Soo has always felt overshadowed. Whether by her more successful older sisters, her more popular twin brother, or her more outgoing best friend, everyone except Elena seems to know exactly who they are and what they want. But she is certain about one thing - she has no interest in going to prom. While the rest of the school is giddy over corsages and dresses, Elena would rather spend her time working to save the local community center, the one place that's always made her feel like she belonged. So when international K-pop superstar Robbie Choi shows up at her house to ask her to prom, Elena is more confused than ever. Because the one person who always accepted Elena as she is? Her childhood best friend, Robbie Choi. And the one thing she maybe, possibly, secretly wants more than anything? For the two of them to keep the promise they made each other as kids: to go to prom together. But that was seven years ago,

and with this new K-pop persona, pink hair, and stylish clothes, Robbie is nothing like the sweet, goofy boy she remembers. The boy she shared all her secrets with. The boy she used to love. Besides, prom with a guy who comes with hordes of screaming fans, online haters, and relentless paparazzi is the last thing Elena wants - even if she can't stop thinking about Robbie's smile...right?

themselves? In this cutting-edge book, Dating and Relationship Specialist, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr. Right," says Collette. "But, the truth is, when it comes to dating and relationships 'happily ever after' is not an ending; it's a journey." If you are ready to rethink dating and relationships and find love under your own terms, then this book is for you. If you are ready to stop doing "the rules," kissing frogs and pretending to be someone you are not, then this book is for you. This is the last dating and relationship book you will ever need! This is not another one of those dating and relationship how-to-guide that over promises, but under deliver. Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look like. "While life can be challenging; dating and relationships don't have to be." Therefore, what

you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Instead through the series of stories outlined in this book you will learn how to develop your own unique successful approach to dating and relationships.
