No Contact Rule Jessie Parker 2016-08-30 Get your ex back by making them chase you! This book will teach you how! Introduction This book contains everything you need to know about how you can win your ex back by implementing one devastatingly simple technique. For years, people who have succeeded in getting back together with their exes and restoring their relationships have known about this rule. Follow it, and you will maximize your chances of reuniting with the one you love. It works whether you have been dating for a few weeks, a few months, a few years, or even if you have broken up after decades together. Neither does it matter exactly why you broke up. It doesn't matter whether you are a man or a woman, straight or gay. The underlying principles are still the same, and this guide will tell you everything you need to know in order to restore your relationship and make it even better than ever. If you are fresh out of a breakup, you will be hurting. Your mind may be racing a hundred miles per hour, trying to make sense of all the pain and confusion you are experiencing. You may be trying to fathom how and why your relationship has gone wrong, and how it can be repaired. However, your strongest emotion may well be hurt and loss. It is this combination of feelings that can cause you to run back to your ex or try and get back in touch with them. You may feel strongly tempted to visit them, call them, text them, check up on their social media or try and collaborate with their family and friends to win them back. If this describes your recent behavior,

you need to slam on the brakes and STOP. This is the wrong approach entirely. Rather than clinging on to your ex, you need to let them go. You need to cut contact. You need to give them space. In this book, you will discover: What the No Contact Rule is, and why it is such an effective psychological tool to deploy in a breakup scenario. Why the No Contact Rule is so difficult to stick to in the modern world, and how you can overcome the temptation to check up on your ex or get back in contact. Exactly how to deal with the difficult feelings you will face whilst going No Contact, and how to remain strong. What to do when your ex starts to chase after you. What to do if the No Contact Rule isn't working, and how to move on if necessary. There's no doubt about it - implementing the No Contact Rule is difficult. You will have to fight every day to overcome the urge to get into contact with your ex. However, if you truly believe that your relationship could have a future and you know that they are the one you want, this approach is your best bet in making them come back to you. It also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. to figure out why you want to get your ex back. If the bad outweighs the good, then you may have a good edge to get back with them. If you are doing it to keep him or her away from other suitable prospects, then you will be disappointed. If you are serious about how much you miss your ex, then by all means, give it a chance. You must sit down and think about why you broke up. Look at both sides of the relationship. There were probably things that he did that you did not like; certainly there were things that you did that she did that you did not like. Once you realize where you went wrong, you can start making corrections and amends. You will have to work on making those amends if you intend to get back with your ex. It is important not to allow things to be the same as they were before you broke up the first time. If one of you has an explosive temper, hopefully the time away from each other has changed that attitude. If one of you was a frivolous spender, hopefully you have learned that you need to get your finances in order. What if you guys were married, then what? You would be in big trouble as a couple. Both of you need to prove to each other that you are willing and ready to change. The only way to show that is through action. The action must be consistent. It can't be a onetime thing and then go back to your old ways. Set up a meeting with your ex. This way, both of you can see where the other is going. Talk out your issues and concerns. See where both of you are headed. You need to be committed prior to getting back together. If you start early before the reconciliation, it will be easier to keep doing it once you two connect again. The reunion has to be beneficial for both parties in order for it to survive.

*How to Get Your Ex Girlfriend Back* C. Powell 2012-01-24 The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

Get Your Ex-Lover Back Anthony Ekanem 2016-06-26 There are many couples all over the world who have broken up with their partners for some very simple misunderstandings. It's sad to think that many of these break-ups could have been completely avoided if each person had a clearer understanding of what their partner was thinking and what they wanted from the relationship. Unfortunately, because men and women are biologically different, there are specific things we do that can easily drive a partner away rather than keeping them close as we had wanted. You might wonder why your relationship has ended at all. But the reality is that even good relationships do break up. If men and women had a little more awareness of how the opposite sex was thinking, then breakups would never happen. In fact, you could have turned your relationship with your ex-lover into a life-long happy partnership where neither of you would ever consider looking for another relationship. If you've recently broken up with the love of your life, don't feel that all is lost. There's still hope that you can win your ex-lover back and it's actually easier than you think. The problem is that we're not taught how the opposite sex thinks, so it's mostly a mystery to most people. We're stuck trying out tactics that we think may work without ever considering what our partner would prefer instead. Are you ready to bring your ex-lover back into your life? Are you

**How to Get Your Ex Back** Jane Wymer 2014-08-14 Do you regret ending a particular relationship and wish that you could entice your lover to reunite? Do you spend sleepless nights regretting the end of a relationship with an "ex" you thought of as your one and only true soul mate? Jane Wymer will help you rekindle the romantic relationship that you are yearning to reignite, but first she's going to help you decide if it is worth the time and effort it will take to revive that broken romance. Wymer starts out by asking the reader to grab a notebook and pen to use to take notes while reading through the content. She encourages active participation and deep reflection on many of the issues she raises, without editing or censorship. Some of the key areas Wymer covers include: o evaluating your ex's good and bad qualities o comparing your relationship with your ex to past romantic relationships o analyzing your overall compatibility with your ex Unproductive methods of reigniting your relationship are discussed in detail in Chapter 7: Avoid These Ten Mistakes When Trying to Win Back Your Ex. Once you understand what you shouldn't do, Wymer arms you with an arsenal of productive tips to convince your ex to reunite with you, including an entire chapter devoted exclusively to flirting. Once you are fully prepared to win back your ex, Wymer discuss how to make the first move, the best ways to get reacquainted, and how to maintain a loving relationship. how you and your partner get along. Don't expect it to be any different when the relationship is over. If you want to get your ex back, the numerous factors that you will have to consider will definitely include the people close to you and your ex. Another common misconception about relationship problems and reconciliations has to do with one's gender. Getting back with your ex won't be any easier just because you're a guy or a girl. If anything, being aware of the strengths of your own gender can actually increase your chances of reconciling - but that's for a later discussion. Now, you're probably feeling down and thinking, "Why have you been hearing about all the challenges of reconciliation so far?" Don't worry- there's a method to this madness. It is simply to make it clear that getting back with your ex won't be a piece of cake. However, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal.
