*Make Love to Your Man* - Jaqueline George 2021-08-17

There are heaps and heaps of books instructing men how to love their women, but very few that go the other way (excuse the pun!). It seems that making love to a woman is difficult and needs to be learned, while making love to a man is easy and every woman instinctively knows how to do it. If you think about it, that is very unlikely to be true. You can only love men well if you understand them, and you have to admit that most women don't. Here is a light-hearted quest to find what a woman can do to give her man the very best of the best in bed (or on the sofa, or in the phone booth on the way home - wherever!) Every woman makes love to her man with her heart, but just where do you learn how to do it with your mind and body too? Here is a chance to peep into the sexy world between your man's ears, and lots of practical advice on what to do to drive him wild. Now you can be the most skilful lover he has ever experienced... Reviews for the First Edition - *How to make Wild, Passionate Love to your Man* ~ This is a wonderful book for women who want to know how to please their men. Lots of good advice and techniques included in these pages. If you're always wondered what makes our men happy in bed, this is a must read! *Keta Diablo* ~ *Jaqueline George* understands a woman's power to pleasure a man. With tasteful candor she unpacks all the ways men are craving the passionate lovemaking of a skilled woman. I'm giving the book to my wife with the hope that she will enjoy it, learn from it and heighten in her womanly wiles with me. *Oliver Twist* ~ This is a good book and it has great information, but some of this won't work if your man is stubborn. Half of the stuff in here would never fly with my husband. Edit: The more I read this book, the more I like it! There are parts of it that just make me giggle. :) *T. Gilpin* ~ This book is very witty, written with warmth and intelligence. It is a light hearted look at the dynamics between men and women. Of course the book is aimed at women and what they can do to enhance the experience for their men, hmmm, I suppose this makes a change from expecting them to perform to a certain standard? It's a fun read, with tricks to try and ideas to thrill. *Gemma Parkes*

**Love Misinterpreted** - James Russell Roundtree 2023-06-29

My book is about disappointment, love, pain, betrayal, and success. My dream was to finish high school in 1974 and go straight to college. I had a minor setback. My high school sweetheart was pregnant. I had a decision to make, either go to college or find a job. This was the most important decision I had to make in my life. But I chose to take care of my unborn child. I had to put college on hold. So at the age of eighteen, I married her. Eight years later, we were divorced. I was faced with another important decision: to raise my daughters without their mother. She gave me sole custody through the court. Now I had to take the role of both parents. I found love again in my third wife. There were struggles in raising six children. I had three failed businesses, which was heartbreaking, but I never gave up on business. I went back to college and graduated with an associate degree and a bachelor's degree in business and became successful. I overcame my failures from my first wife and worked on a successful marriage with my current wife. I refused to give up on life. God always walks beside me. The church is my greatest blessing. I also talk about incest, family members molesting my daughters. There were no male role models in my family.

To Love, Honor, and Vacuum - Sheila Wray Gregoire 2014

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in To Love, Honor, and Vacuum, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.
