How to Start a Conversation with Anyone - Joshua Strachan

Here's a question for you... Do your palms get sweaty, your knees weak, your arms heavy and your throat dry whenever there's an opportunity to strike up a conversation with a total stranger? Maybe it's not as grim as I painted it above, but if you ever find yourself hesitant to talk to a stranger, then chances are that you have a social anxiety disorder (SAD). For most people, the bathroom is not just where they lather up, it's also where they have all the perfect conversations they couldn't have with strangers they meet in their daily lives. You may think... they are just strangers; it's not like they are a huge part of my life. But remember what Rodney McKuen, a best-selling American poet, singer, and actor said? "Strangers are just friends waiting to happen" This is about more than just making friends. It's about making yourself happier, more connected to your communities, mentally sharper, less lonely, and more optimistic about life. Heck, it's about life itself. Smiling at strangers is great, lending them a helping hand is greater. But you know what's even better? Having life-changing conversations with them. Grab this book

today and never second guess yourself again in front of a stranger.

But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
