Family Life Now - Kelly J. Welch 2020-12-05

Family Life Now is a candid, thoughtful examination of marriages, families, and intimate relationships that follows the Family Life Education framework. Written in a student-friendly, conversational style, the text encourages readers to draw upon their own backgrounds and experiences to understand theories and concepts vital to

the family sciences. Author Kelly J. Welch incorporates scholarship from the social and behavioral sciences to cover topics that are important to students today, such as LGBTQ+ individuals and relationships, cohabitating, and financial compatibility with a partner. This title is accompanied by a complete teaching and learning package. [Understanding Marriage, Family, and Intimate](#)

Relationships - Jerry D. Lehman 2005

This introductory textbook is for students who are interested in learning about and establishing healthy marriage, family, and intimate relationships. With divorce rates high and relationships fragile, books and courses are needed that help students address important issues regarding relationships. The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable, understandable, and easy to apply to one's life. It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful, healthy relationships. There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations. The text provides material on the research of

John Gottman, the object relations theory of Harville Hendrix, the solution- focused approach of Michele Weiner-Davis, and the PREP approach to conflict management of Markman, Stanley, and Blumberg. These and other topics discussed are very relevant to students' concerns and are addressed in greater depth than found in most other texts. The emphasis is not just on couple relationships but also on family relationships. Therefore, in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families. There is also material on how change produces transitions in family life that must be assimilated into the family structure—for example, when a couple has their first child. Thus, both couple and family issues are addressed throughout the book. For instructors who want to focus their courses on marriage, family, and intimate relationships, this book would be an ideal choice. A study

guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net.

Our Intimate Relationships - Ollie Pocs 1994

Families and Intimate Relationships - Gloria W. Bird 1994

Although based on Melville's "Marriage and Family Today", this edition has been re-organized to reflect the diversity of families in society. The new material is research-oriented and includes chapters on power and family violence, stress, interpersonal lifestyles and single-parent families.

Marriages, Families, and Intimate Relationships - Brian K. Williams 2010-02

Marriages, Families, and Intimate Relationships + New Myfamilylab With Etext - Brian K. Williams 2012-07-13

A student-centered and practical approach to learning This book provides timely, practical, and high-interest

information about marriages, families, and intimate relationships, in an engaging format that is easy to use and learn from. Marriages, Families, & Intimate Relationships: A Practical Introduction discusses fundamental concepts and insights from across the social sciences. It also attempts to engage students with high-interest, useful information and to answer the questions that matter greatly to them. A better teaching and learning experience This program will provide a better teaching and learning experience--for you and your students. Here's how: Personalize Learning -- MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. I mprove Critical Thinking -- Questions and self-assessment help students think critically about

content, engage in class discussions, and make connections to their personal lives. Engage Students -- Student-focused features and a visually appealing design keep students interested. Explore Theory -- High-interest information combined with the most current research provides a sociological focus to the text. Support Instructors -- MySocLab enables instructors to assess student progress and adapt course material to meet the specific needs of the class. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com.

New Mysoclab with Pearson Etext -- Standalone Access Card -- For Marriages, Families, and Intimate Relationships - Brian K. Williams 2013-02-11

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for

each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- *The Marriage and Family Experience* - Bryan Strong 1979

Mary Kay DeGenova
2006-09-29

This comprehensive introduction to marriage and the family combines the most current research base with an emphasis on family background and diversity. It presents a positive perspective on families and focuses on the importance of public and social policy in the lives of families. Each chapter concludes with a section on public policy and critical thinking questions. The text makes research and statistics easy for students to follow and understand, and it integrates cultural diversity throughout.

Marriages and Families - F.
Philip Rice 1992-09-15

Marriages and Families -
Mary Ann Schwartz 2003
Taking an historical, cross-cultural, and global approach, this book focuses on the link between social structure and the everyday lives of people's diverse experiences of marriages, families, and intimate relationships. It shows how contemporary families go well beyond the traditional, heterosexual, two-parent, white, middle class family and heterosexual legally-sanctioned marriage. It challenges the assumption that one culture's way of doing things is the "natural" or "right" way; shows how marriage and family life have changed historically over time and from place to place; and how political and economic globalization impacts families worldwide. Features extensive boxed material accompanied by questions for personal reflection. **Marriages and Families Over Time. Ways of Studying and Explaining Marriages and Families.**

Understanding Gender: Its Influence In Intimate Relationships. The Many Faces of Love. Dating, Coupling, and Mate Selection. Sexuality and Intimate Relationships. Nonmarital Lifestyles. The Marriage Experience. Reproduction and Parenting. Evolving Work and Family Structures. Violence and Abuse. The Process of Uncoupling: Divorce in the United States. Remarriage and Remarried Families. Families in Later Life. Marriages and Families in the Twenty-first Century: U.S. and World Trends. For anyone interested in marriage and family dynamics, including individuals, counselors, nurses, social workers, home economists, etc.

intimate relationships in our complex world? Through an examination of the influences imposed upon modern life - an unpredictable economy, globalization, computerization, the all-pervasive media, etc. - the text attempts to pass along lessons that help students make lasting personal connections. The Fourth Edition discusses fundamental concepts and insights across social science disciplines to answer the questions that greatly matter to students. Students are engaged by high-interest, extremely useful information that blends the authors' combined strengths: teaching, consulting, counseling, researching, and

publishing. The text is based in research yet remains highly readable, exploring topics of great interest to students' personal lives such as intimacy, family, and personal happiness in the context of their distracted, visually oriented world. Marriages, Families, and Intimate Relationships: A Practical Introduction, Fourth Edition is also available via REVEL(tm) , an interactive learning environment that enables students to read, practice, and study in one continuous experience.
