You Make My Penis Smile - Richie Jones 2019

Fight for Your Manhood Rights, One Inch and One Minute More at a Time What's that? You have a BIG problem with a SMALL thing down there? Are you struggling in bed to keep going like the Energizer Bunny?

Are you having difficulty maintaining it up and hard? Are you finishing way too soon than you would like? Or perhaps, you would like to help a "little friend" grow bigger and stronger? Okay, besides the myriad of bad penis jokes out here and the lighthearted tone we've taken so far, "male impotence" is a serious problem. In fact, one out of four young men suffers from erectile dysfunction according to a study published in The Journal of Sexual Medicine (Volume 10, Issue 7). Imagine how far severe that must be for older men. What makes matters worse is that it is such a sensitive topic to talk about. Let's be honest, bringing up such personal issue can be quite embarrassing and conjure up negative feelings of discomfort, shame, guilt, or all of the above; hence, the majority of men who have some form of sexual dysfunction never seek the help or get the treatment they need, and as a result, this affects their self-confidence, personal happiness, and relationship with the person they're with. While there has been advancement in medicine to tackle the problem, most notably the flooding of male enhancement drugs in the market, this solution is only temporary and can lead to potential side effects, over-reliance, and over-tolerance to the point where you must take them every time but they no longer have any effect. Instead, how about a more permanent solution by taking a natural holistic approach to fixing erectile dysfunction? What's the prescription? "You Make My Penis Smile" is just what the doctor ordered. Don't let the intentional silly name and cover fool you (as they're simply for getting your attention, and apparently did since you're reading this). Here are the intended "Uses": - For self-diagnosing any potential male impotence - For elongating the size of your male endowment - For enhancing the strength of your penis erection - For delaying the onset of premature ejaculation - For improving your libido from a low sex drive...and for a bunch more "Uses." The impactful methods and strategies presented within are not to be underestimated and will provide long-lasting solution for all sorts of impotence problems in the privacy of your own home. You no longer have to feel and be powerless with impotence ever again.
