Swinging Single - Hilary Radner 1999

Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure. In contrast, the essays in *Swindling Single* attribute the new sexual mores of that era not to its political upheavals but to a confluence of social, cultural, and economic factors that encouraged personal gratification and altered traditionally defined gender roles. Contributors analyze a broad range of topics: the commercialization of avant-garde and exploitation films; new visions of female sexuality in *That Girl* and *The Avengers*; the social context of such cultural icons as Hugh Hefner and Charles Manson; the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice*; and depictions of sexual pleasure in pornography and scientific films.

Censoring Hollywood - Aubrey Malone

2011-10-10

Censorship has been an ongoing issue from the early days of filmmaking. One hundred years of film censorship, encompassing the entire 20th century, are chronicled in this work. The freewheeling nature of films in the early decades was profoundly affected by Prohibition, the Depression and the formation of the Legion of Decency—culminating in a new age of restrictiveness in the movies. Such powerful arbiters of public taste as Will H. Hays of the Motion Picture Producers and Distributors of America and Joseph Breen of the Production Code Association fomented an era whereby films

with contentious material were severely censored or even condemned. This held sway until rebellious filmmakers like Otto Preminger challenged the system in the 1950s, eventually resulting in the abandonment of the old regime in favor of the contemporary “G” through “NC-17” ratings system.

A Pictorial History of the Movies - Deems

1885-1966 Taylor 2021-09-09

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Sidney Lumet - Aubrey Malone 2019-12-18

Punctilious to a fault, Sidney Lumet favored intense rehearsal, which enabled him to bring in most of his films under budget and under schedule. An energized director who captured the heart of New York like no other, he created a vast canon of work that stands as a testament to

*Downloaded from

his passionate concern for justice and his great empathy for the hundreds of people with whom he collaborated during a career that spanned more than five decades. This is the first full-scale biography of a man who is generally regarded as one of the most affable directors of his time. Using the oral testimonies of those who worked with him both behind and in front of the camera, this book explores Lumet's personality and working methods.

American Cinema of the 1990s - Chris Holmlund 2008

Films discussed include Terminator 2, The matrix, Home alone, Jurassic Park, Pulp fiction, Boys don't cry, Toy story and Clueless.

A Pictorial History of Sex in the Movies - Jeremy Pascall 1975

Atomic Blonde - Barry Lowe 2016-04-28

Born Joan Lucille Olander in a small South Dakota town, Mamie Van Doren rose to "Blonde Bombshell" status in Hollywood when she signed with Universal Pictures in 1953, right on the heels of Marilyn Monroe. This comprehensive biography explores Van Doren's early life and career, spanning from her start as a bit player in Howard Hughes' Jet Pilot to her significant role as the last surviving member of Hollywood's famous "Three M's": Mamie Van Doren, Marilyn Monroe, and Jayne Mansfield. A complete filmography lists Van Doren's roles in film and television. Entries include a plot synopsis, cast and crew details, and in many instances recent and contemporary reviews.

Pictorial Affects, Senses of Rupture - Michael Wedel 2019-05-20

German film in the Wilhelmine and Weimar periods is regarded as marked by a strong sense of cultural conservatism and the aspiration to be recognized as an art form. This book takes an alternative approach to the history of German cinema from the emergence of the early feature film to the transition to sound by focusing on the poetics of popular genres such as the disaster film, melodrama, the musical and the war film, exploring their cultural reverberations and modes of audience address. Based on the assumption that popular cinema contributed immensely to the breakthrough of a modern audiovisual "culture of the senses" in Germany between 1910 and 1930, Pictorial Affects,

Senses of Rupture offers close readings of a number of rarely analyzed films, including one of the first cinematic adaptations of the Titanic disaster from 1912 and the German version of *All Quiet on the Western Front* from 1930. Restoring the films' horizons of historicity by locating them at crucial points of intersection between social, cultural, technological and aesthetic discourses, this book argues for the prominent role popular German cinema's own forms of discursivity have played within the historical formation of modernity.

Sleazy Business - Alan Betrock 1996

Everyone's seen the National Enquirer--but did you know that the Enquirer's roots are in sex, gore, and sensationalism? *Sleazy Business* is the pictorial history of these publications, and gathered in its pages are some one hundred twenty examples of outrageousness which will leave you surprised, laughing, and yes, even shocked.

A Pictorial History of the Movies - Mary Davies 1976

[Censoring Sex](#) - John E. Semonche 2007-07-20

In this gracefully written, accessible and entertaining volume, John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present. He covers the various forms of American media—books and periodicals, pictorial art, motion pictures, music and dance, and radio, television, and the Internet. The tale is varied and interesting, replete with a stock of colorful characters such as Anthony Comstock, Mae West, Theodore Dreiser, Marcel Duchamp, Opie and Anthony, Judy Blume, Jerry Falwell, Alfred Kinsey, Hugh Hefner, and the Guerilla Girls. Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America, and Semonche tells that tale with insight and flair. Despite the varieties of censorship, running from self-censorship to government bans, a common story is told. Censorship, whether undertaken to ward off government regulation, to help preserve the social order, or to protect the weak and vulnerable, proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified. At various times all of the following groups were perceived as

needing protection from sexually explicit materials: children, women, the lower classes, and foreigners. As social and political conditions changed, however, the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable. What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults. For each mode of media, Semonche explains via abundant examples how and why censorship took place in America. *Censoring Sex* also traces the story of how the cultural territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries. Yet, Semonche argues, the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built. Indeed, in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing, he questions the remaining rationales for censorship and the justification for placing obscenity outside the protection of the U. S. Constitution.

A Pictorial History of Sex in Films - Parker Tyler 1974

Religion in Film - John R. May 1982

This multi-author book concentrates on themes and images of religion in film. It features analysis of some of the most important directors in the twentieth century, including Coppola, Chaplin, Hitchcock, and Truffaut, among others.

Abstinence Cinema - Casey Ryan Kelly 2016-03-08

From the perspective of cultural conservatives, Hollywood movies are cesspools of vice, exposing impressionable viewers to pernicious sexually-permissive messages. Offering a groundbreaking study of Hollywood films produced since 2000, *Abstinence Cinema* comes to a very different conclusion, finding echoes of the evangelical movement's abstinence-only rhetoric in everything from *Easy A* to *Taken*. Casey Ryan Kelly tracks the surprising sex-negative turn that Hollywood films have taken,

associating premarital sex with shame and degradation, while romanticizing traditional nuclear families, courtship rituals, and gender roles. As he demonstrates, these movies are particularly disempowering for young women, concocting plots in which the decision to refrain from sex until marriage is the young woman's primary source of agency and arbiter of moral worth. Locating these regressive sexual politics not only in expected sites, like the *Twilight* films, but surprising ones, like the raunchy comedies of Judd Apatow, Kelly makes a compelling case that Hollywood films have taken a significant step backward in recent years. *Abstinence Cinema* offers close readings of movies from a wide spectrum of genres, and it puts these films into conversation with rhetoric that has emerged in other arenas of American culture. Challenging assumptions that we are living in a more liberated era, the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency.

Obelisk - Neil Pearson 2007-10-01

This remarkable book details the work of one of the most extraordinary publishing enterprises in history. Censor-baiting, provocative, simultaneous publisher of the literary elite and of 'dirty books', Jack Kahane's Obelisk Press published Henry Miller, Anaïs Nin, Lawrence Durrell, D. H. Lawrence, and James Joyce among others. At the same time Kahane subsidised his literary endeavours with cheap erotica and trash fiction from long-forgotten eccentrics such as New York Daily News' Rome correspondent and self-styled 'Marco Polo of Sex' N. Reynolds Packard. Kahane's business model was simple: if a book was banned in the UK and US it could be profitably published in Paris. Here, for the first time, Neil Pearson has pulled together the incendiary story of Obelisk, including biographies of Kahane and his major and minor authors, and a bibliography of Obelisk books. This beautifully written volume - part cultural history, part reference book - will be required reading for anyone interested in controversial writing, censorship, 1920s Paris, publishing history and authors such as Miller, Joyce and Nin.

Multiculturalism and the Mouse - Douglas Brode
2009-01-27

In his latest iconoclastic work, Douglas Brode—the only academic author/scholar who dares to defend Disney entertainment—argues that "Uncle Walt's" output of films, television shows, theme parks, and spin-off items promoted diversity decades before such a concept gained popular currency in the 1990s. Fully understood, It's a Small World—one of the most popular attractions at the Disney theme parks—encapsulates Disney's prophetic vision of an appealingly varied world, each race respecting the uniqueness of all the others while simultaneously celebrating a common human core. In this pioneering volume, Brode makes a compelling case that Disney's consistently positive presentation of "difference"—whether it be race, gender, sexual orientation, ideology, or spirituality—provided the key paradigm for an eventual emergence of multiculturalism in our society. Using examples from dozens of films and TV programs, Brode demonstrates that Disney entertainment has consistently portrayed Native Americans, African Americans, women, gays, individual acceptance of one's sexual orientation, and alternatives to Judeo-Christian religious values in a highly positive light. Assuming a contrarian stance, Brode refutes the overwhelming body of "serious" criticism that dismisses Disney entertainment as racist and sexist. Instead, he reveals through close textual

analysis how Disney introduced audiences to such politically correct principles as mainstream feminism. In so doing, Brode challenges the popular perception of Disney fare as a bland diet of programming that people around the world either uncritically deem acceptable for their children or angrily revile as reactionary pabulum for the masses. Providing a long overdue and thoroughly detailed alternative, Brode makes a highly convincing argument that with an unwavering commitment to racial diversity and sexual difference, coupled with a vast global popularity, Disney entertainment enabled those successive generations of impressionable youth who experienced it to create today's aura of multiculturalism and our politically correct value system.

Ovid on Screen - Martin M. Winkler 2020-01-30
The first study of Ovid, especially his *Metamorphoses*, as inherently visual literature, explaining his pervasive importance in our visual media.

The Rhapsodes - David Bordwell 2016-04-04
Pauline Kael, Andrew Sarris, and Roger Ebert were three of America's most revered and widely read film critics, more famous than many of the movies they wrote about. But their remarkable contributions to the burgeoning American film criticism of the 1960s and beyond were deeply influenced by four earlier critics: Otis Ferguson, James Agee, Manny Farber, and Parker Tyler. Film scholar and critic David Bordwell restores to a wider audience the work of Ferguson, Agee, Farber, and Tyler, critics he calls the 'Rhapsodes' for the passionate and deliberately offbeat nature of their vernacular prose.
