**Daughters Of Arabia** Jean Sasson 2010-12-15 Readers of Princess Sultana's extraordinary biography Princess were gripped by her powerful indictment of women's lives behind the veil within the royal family of Saudi Arabia. They were every bit as fascinated by the sequel, Daughters of Arabia. Here, the princess turns the spotlight on her two daughters, Maha and Amani, both teenagers. Surrounded by untold opulence and luxury from the day they were born, but stifled by the unbearably restrictive lifestyle imposed on them, they reacted in equally desperate ways. Their dramatic and shocking stories, together with many more which concern other members of Princess Sultana's huge family, are set against a rich backdrop of Saudi Arabian culture and social mores which she depicts with equal colour and authenticity. We learn, for example, of the fascinating ritual of the world-famous annual pilgrimage to Makkah as we accompany the princess and her family to this holiest of cities. Throughout, however, she never tires of her quest to expose the injustices which her society levels against women. In her courageous campaign to improve the lot of her own daughters of Arabia, Princess Sultana once more strikes a chord amongst all women who are lucky enough to have the freedom to speak out for themselves.

**The Forgotten Queens of Islam** Fatima Mernissi 1994-09-27 In this extraordinary and powerful book, now available in paperback, Fatima Mernissi, one of the most original and distinctive voices in the Islamic world, uncovers a hidden history of women leaders of Islamic states stretching back over fifteen centuries.

**Toward a Positive Psychology of Islam and Muslims** Nausheen Pasha-Zaidi 2021-07-15 This book integrates research in positive psychology, Islamic psychology, and Muslim wellbeing in one volume, providing a view into the international experiential and spiritual lives of a religious group that represents over 24% of the world's population. It incorporates Western psychological paradigms, such as the theories of Jung, Freud, Maslow, and Seligman with Islamic ways of knowing, while highlighting the struggles and successes of minoritized Muslim groups, including the LGBTQ community, Muslims with autism, Afghan Shiite refugees, and the Uyghur community in China. It fills a unique position at the crossroad of multiple social science disciplines, including the psychology of religion, cultural psychology, and positive psychology. By focusing on the ways in which spirituality, struggle, and social justice can lead to purpose, hope, and a meaningful life, the book contributes to scholarship within the second wave of positive psychology (PP 2.0) that aims to illustrate a balance between positive and negative aspects of human experience. While geared towards students, researchers, and academic scholars of psychology, culture, and religious studies, particularly Muslim studies, this book is also useful for general audiences who are interested in learning about the diversity of Islam and Muslims through a research-based social science approach.

*The Concubine, the Princess, and the Teacher* 2010-01-01 In the Western imagination, the Middle Eastern harem was a place of sex, debauchery, slavery, miscegenation, power, riches, and sheer abandon. But for the women and children who actually inhabited this realm of the imperial palace, the reality was vastly different. In this collection of translated memoirs, three women who lived in the Ottoman imperial harem in Istanbul between 1876 and 1924 offer a fascinating glimpse "behind the veil" into the lives of Muslim palace women of the late nineteenth and early twentieth centuries. The memoirists are Filizten, concubine to Sultan Murad V; Princess Ayse, daughter of Sultan Abdulhamid II; and Safiye, a schoolteacher who instructed the grandchildren and harem ladies of Sultan Mehmed V. Their recollections of the Ottoman harem reveal the rigid protocol and hierarchy that governed the lives of the imperial family and concubines, as well as the hundreds of slave women and black eunuchs in service to them. The memoirists show that, far from being a place of debauchery, the harem was a family home in which polite and refined behavior prevailed. Douglas Brookes explains the social structure of the nineteenth-century Ottoman palace harem in his introduction. These three memoirs, written across a half century and by women of differing social classes, offer a fuller and richer portrait of the Ottoman imperial harem than has ever before been available in English.

*Imagining Lahore* Haroon Khalid 2018 An anecdotal travelogue about Lahore - which begins in the present and travels through time to the mythological origins of the city attributed to Ram's son, Lav. Through the city's present - its people, communities, monuments, parks and institutions - the author paints a vivid picture of the city's past. From its emergence under Mahmud Ghaznavi to the Mughal centuries where several succession intrigues unfolded on its soil, its recasting as the capital of Maharaja Ranjit Singh's Khalsa Empire, the role it played in preserving the British Raj, to acting as an incubator of revolutionaries and people's movements, Lahore influenced the subcontinent's political trajectory time and again. Today, too, Lahore often determines which way the wind will blow on Pakistan's political landscape. The Lahore Resolution of 1940, which laid the blueprint for the creation of the country, was signed here. The city saw the birth of Zulfikar Ali Bhutto's PPP, as well as his downfall. It was to Lahore that Benazir Bhutto returned to combat a military dictator, and where Imran Khan heralded his arrival as a main contender on the political battlefield. As the capital of Punjab, Lahore continues to cast a long shadow over the federal state.

**Uncertain Territories** Inge E. Boer 2006-01-01 Tracing and theorizing the concept of the boundaries through literary works, visual objects and cultural phenomena, this book argues against the reification of boundaries as fixed and empty non-spaces that simply divide the world. Expanding on her previous work on gender and Orientalism, Inge Boer takes us into uncertain territories of fashion and art, tourism and travel, skilfully engaging the ambivalence of boundaries, as both protecting and confining, as bringing distinction while existing by virtue of their ability to be transgressed. In her close readings of that boundaries as desert, as frame, as home (or lack of it), Boer shows that boundaries are spaces within, through, and in the name of which negotiations take place. They are not lines but spaces ; neither fixed nor empty but flexible and inhabited. With the publication of this book, Boer's intellectual legacy stretches beyond her untimely passing. The writings that she left behind can be said to have inaugurated the future of her work, presented in the latter part by several of Boer's intellectual companions. In their original essays, the contributors elaborate on Boer's theme of boundaries as spaces where opposition yields to negotiation. Committed to the artefact as cultural stimulant, as the embodiment of thought, their analyses span a multitude of artefacts and media, ranging from literature to photography, to art installation and presentation, to film and song. Fanning out from Boer's central focus - Orientalism - to other places of contestation, boundaries are shown to mediate the relationship between self and other ; they are, ultimately, spaces of encounter.

**Deciphering the Signs of God** Annemarie Schimmel 1994 'This is one of Schimmel's most important books. It sums up a lifetime of scholarship on Islam and, more importantly, it puts her understanding of Islam into a phenomenological framework that will readily be appreciated by scholars and students of other religious traditions. It will be looked back upon as a landmark in bringing Islamic Studies into the mainstream of religious studies.' -William C. Chittick

**Love's Rite** R. Vanita 2005-10-20 This is the first book to examine the same-sex weddings and same-sex couple suicides reported in India over the last two decades. Ruth Vanita examines these cases in the context of a wide variety of same-sex unions, from Fourteenth-century narratives about co-wives who miraculously produce a child together, to Nineteenth-century depictions of ritualized unions between women, to marriages between gay men and lesbians arranged over the internet. Examining the changing legal, literary, religious and social Indian and Euro-American traditions within which same-sex unions are embedded, she brings a

fresh perspective to the gay marriage debate, suggesting that same-sex marriage dwells not at the margins but at the heart of culture. Love's Rites by Ruth Vanita is a finalist for a Lambda Literary Award.

*Princess More Tears to Cry* Jean Sasson 2014-08-28 When Jean Sasson's book *Princess: Life Behind the Veil* in Saudi Arabia was published, it became an immediate international bestseller. It sold to 43 countries and spent 13 weeks on The New York Times bestseller list. Now, in this long-awaited, compelling new book, Sasson and the Princess 'Sultana' return to tell the world what it means to be a Saudi woman today. Through advances in education and with access to work, Saudi women are breaking through the barriers; they are becoming doctors, social workers, business owners and are even managing to push at the boundaries of public life. Major steps forward have, undoubtedly, been made. But this is not the whole story. Sadly, despite changes in the law, all too often legal loopholes leave women exposed to terrible suppression, abuse and crimes of psychological and physical violence. For many, the struggle for basic human rights continues. This fascinating insight will include personal stories of triumph and heartbreak, as told to Princess 'Sultana', her eldest daughter, and author Jean Sasson. Each of these stories will offer the reader a glimpse into different aspects of Saudi society, including the lives of the Princess, her daughter and other members of the Al-Saud Royal family.

Three Centuries; Family Chronicles of Turkey and Egypt Emine Foat Tugay 1974 The author was the second wife of Sultan Hussein Kamel of Egypt. After her husband ascended the throne in 1914, she became known as Sultana Melek. Born in Istanbul in 1869, she was a Circassian, but unlike many Circassians in the Ottoman era, she was not a slave. Her mother was Princess Nimet Mouhtar. This book describes her family's history and her own life, and gives a window into the life among the upper classes during the Ottoman Empire from the nineteenth to early twentieth centuries.

**Love In A Torn Land** Jean Sasson 2011-12-31 Bestselling author Jean Sasson tells the dramatic true story of a young woman caught up in Saddam Hussein's genocide of the Kurdish people of Iraq. One morning Joanna, a young bride living in the Kurdish mountains of Iraq, was surprised to see dead birds drop silently out of the clear sky. They were followed by sinister canisters falling to the ground, bringing fear and death. It was 1987, and Saddam Hussein had ordered his cousin 'Chemical Ali' to bombard Joanna's village, Bergalou, with chemical weapons. Temporarily blinded in the attack, Joanna was rescued by her husband, a Kurdish freedom fighter. After being caught in another bombardment and left for dead in the rubble, they managed to flee over the mountains in a harrowing escape. Now living in the UK and working for British Airways, Joanna has told the story of her eventful life to Jean Sasson, the bestselling chronicler of oppressed women's lives in the Princess trilogy and *Mayada*. *Love in a Torn Land* is published while the world watches the trial of the notorious 'Chemical Ali', Saddam Hussein's most bloodthirsty henchman, for crimes including the genocide of the Kurdish people.

**Saudi Arabia: Islamic Threat, Political reform, and the Global War on Terror** 2005 U.S. foreign policy and the domestic concerns of Middle Eastern states are influencing the pursuit of the global war on terror in the Middle East. A close view of Saudi Arabia reveals the complex interaction of these forces. The U.S. relationship with Saudi Arabia and the global war on terror are important challenges to the U.S. administration that have region-wide ramifications. Saudi Arabia has been facing down Islamist insurgency along with other challenges since September 11, 2001 and with even more urgency since May 2003. The Kingdom clearly remains a major political and economic force in the region. The income from its vast oil resources primarily has funded its strong influence, and the Kingdom has, in turn sponsored poorer developing Arab nations. Furthermore, its Islamic influence has been apparent in the broader Muslim world, and the United States has maintained a strong relationship with the Kingdom for many decades.

*Princess* Jean Sasson 2011-12-31 In a land where Kings still rule, I am a Princess. You must know me only as Sultana, for I cannot reveal my true name for fear that harm will come to me and my family for what I am about to tell you. Think of a Saudi Arabian princess and what do you see? A woman glittering with jewels, living a life of unbelievable luxury. She has gold, palaces, swimming-pools, servants, designer dresses galore. But in reality she lives in a gilded cage. She has no freedom, no vote, no control over her own life, no value but as a bearer of sons. Hidden behind the veil, she is a prisoner, her jailers her father, her husband, her sons. 'Sultana' is a member of the Saudi royal family, closely related to the King. For the sake of her daughters, she decided that it was time for a woman in her position to speak out about the reality of life for women in her country, whatever their rank. She tells of her own life, from her turbulent childhood to her arranged marriage - a happy one, until her husband decided to take a second wife - and of the lives of her sisters, her friends and her servants. In contrast to the affection and easy camaraderie amongst the women, she relates a history of appalling oppression against them, everyday occurrences that in any other culture would be seen as shocking human rights violations: forced marriages, servants bullied into sex slavery, summary executions. *Princess* is a testimony to a woman of indomitable spirit and great courage. By speaking out, 'Sultana' risked bringing the wrath of the Saudi establishment upon her head and upon the heads of her children. For this reason, she told her story anonymously.

**From Behind the Curtain** Mareike Jule Winkelmann 2005 Annotation. In the aftermath of 9/11 Islamic seminaries or madrasas received much media attention in India, mostly owing to the alleged link between madrasa education and forms of violence. Yet, while ample information on madrasas for boys is available, similar institutions of Islamic learning for girls have for the greater part escaped public attention so far. This study investigates how madrasas for girls emerged in India, how they differ from madrasas for boys, and how female students come to interpret Islam through the teachings they receive in these schools. Observations suggest that, next to the official curriculum, the 'informal' curriculum plays an equally important role. It serves the madrasa's broader aim of bringing about a complete reform of the students' morality and to determine their actions accordingly. **Princess Sultana's Daughters** Jean Sasson 2001-03 The haunting sequel to *Princess* recounts Princess Sultana's story of her two daughters, growing up within and rebelling against religious zeal and the male-

dominated society of Saudi Arabia.

*For the Love of a Son* Jean Sasson 2011 From the time she was a little girl, Maryam rebelled against the terrible second-class existence that was her destiny as an Afghan woman. She had witnessed the miserable fate of her grandmother and three aunts, and wished she had been born a boy. As a feisty teenager in Kabul, Maryam was outraged when the Russians invaded her country. After making a public show of defiance, she had to flee the country for her life. A new life of freedom seemed within her grasp, but her father arranged a traditional marriage to a fellow Afghan, who turned out to be a violent man. Beaten, raped and abused, Maryam found joy in the birth of a baby son. But then her brutal husband stole him away far beyond his mother's reach. For many long years she searched for her lost son, while civil war and Taliban oppression raged back home in Afghanistan. Set against a landscape littered with tragic tales of horrific suffering, Jean Sasson, author of *Princess*, chronicles the story of one resolute but tormented woman determined to achieve freedom and equality with men.

But when her job sends her to cover a national Islamic conference in Indianapolis, she's back on familiar ground: Attending a concert by her brother's interfaith band The Clash of Civilizations, dodging questions from the "aunties" and "uncles," and running into the recently divorced Hakim everywhere. *Growing Up Bin Laden* Jean Sasson 2009-11-01 As the western world's most wanted terrorist, Osama bin Laden has fought to keep his personal life a mystery - loyalty and fear keeping those who know him from speaking out - until now. For the first time, two of Osama's closest family members, his first wife Najwa and their fourth son Omar, go behind the headlines to reveal the truth about the character and life of a man feared and revered around the globe. In gripping detail, they recount the drama, tensions, and everyday activities of the man they knew as a husband and father. Married at fifteen, Najwa describes the transformation of the quiet, serious young man she fell in love with into an authoritarian husband and stern father, an entrepreneur, and - finally - the leader of a complex international terrorist network. Uprooted from a life of extraordinary luxury and privilege in Saudi Arabia, they suddenly found themselves living life on the run, fleeing from country to country under assumed names and fake passports. Omar describes how he and his siblings were brought up in remote ranches and fortified Afghani mountain camps, handling Kalashnikovs and learning desert survival skills. Their eventual escape from Afghanistan would come just days before the terrible events of 9/11 changed the world forever. With unprecedented access and exclusive family photographs, Jean Sasson, author of the bestselling *Princess*, presents the story that we were never meant to hear.

*Princess: Secrets to Share* Jean Sasson 2015-10-22 After the recent success of *Princess*, More Tears to Cry the Princess Al-Saud and Jean Sasson are collaborating on this new book to bring readers up to date not only with the Princess and her family but the stories and experiences of characters who formed the focus of the last book: Dr Meena - the woman who helps abused women to heal and fight for their rights, and Fatima, the mother of twin daughters who, once abused and abandoned by her family, now works for the Princess in one of the royal palaces. Here too, are the stories of other Muslim women - women who are struggling with human rights abuses from across the region - from Pakistan, Syria and Northern Lebanon - and the many innocent victims who suffer the consequences of ISIS's march across the Middle East. This new book will attract both Jean Sasson's many loyal readers and new audiences eager to learn more about not only how the Saudi Royal family live, but how with courage and determination the Princess continues the fight for equal rights for women in the Middle East.
