Blood Beneath My Feet Joseph Scott Morgan 2012-07-03 Have you ever been locked in a cooler with piles of decomposing humans for so long that you had to shave all the hair off your body in order to get rid of the smell? Joseph Scott Morgan did. Have you ever lit a Marlboro from the ignited gas of a bloated dead man's belly? Joseph Scott Morgan has. Have you ever wept over a dead dog while not giving a shit about the dead owner laying next him? Morgan did. Were you named after a murder victim? Joseph Scott Morgan was. This isn't Hollywood fantasy—it's the true story of a boy born into the deprivations of a white trash trailer park who as an adult gets further involved in the desperate backdoor sagas of the "new South." No hot blondes here, just maggots, grief, and the truth about forensics and death investigation. Joseph Scott Morgan became a death investigator with the Jefferson Parish Coroner's Office in suburban New Orleans in 1987, the youngest medicolegal death investigator in the country. During the day, Morgan worked in the morgue, and at night investigated for the coroner. In 1992 Morgan became senior investigator with the Fulton County Medical Examiner's Office in Atlanta. Morgan is now a college professor at North Georgia College and State University, where he teaches a death investigation course based on the national standards which he helped develop. He and his family reside in the Blue Ridge Mountains of north Georgia.

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839 Pius Onyemechi Adiele 2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

The Dark Side of Samuel Pepys Geoffrey Pimm 2018-02-28 This historical biography reveals how the famous diarist of Restoration England used his professional position to act as a sexual predator. Samuel Pepys is popularly known as the founder of the modern navy, a member of the Royal Society and, most of all, as a unique and frank diarist. Less well known is that he was a serial sexual offender by modern standards; a voyeur, a groper, and a rapist. Set against the London society of Charles II's restoration, and extensively using Pepys' own words, this book concerns his numerous extramarital affairs. It demonstrates how he used his position of power and influence to advance the careers of his subordinates—in return for the sexual favors of their wives. With his own descriptions, translated from the strange mix of languages and the seventeenth-century shorthand he used to camouflage the content, the reader witnesses in graphic detail how Pepys set about achieving his lascivious objectives - on occasion resorting to physical force where persuasion or bribery failed. Whether she be wife, daughter, mother, or humble maidservant, no woman was safe from his rapacious sexual appetite.

The Great Emergence Phyllis Tickle 2012-09-01 Rooted in the observation that massive transitions in the church happen about every 500 years, Phyllis Tickle shows readers that we live in such a time right now. She compares the Great Emergence to other "Greats" in the history of Christianity, including the Great Transformation (when God walked among us), the time of Gregory the Great, the Great Schism, and the Great Reformation. Combining history, a look at the causes of social upheaval, and current events, *The Great Emergence* shows readers what the Great Emergence in church and culture is, how it came to be, and where it is going. Anyone who is interested in the future of the church in America, no matter what their personal affiliation, will find this book a fascinating exploration. Study guide by Danielle Shroyer.

Tomlinson Hill Chris Tomlinson 2015-11-17 A New York Times Best Seller! Tomlinson Hill is the stunning story of two families—one white, one black—who trace their roots to a slave plantation that bears their name. Internationally recognized for his work as a fearless war correspondent, award-winning journalist Chris Tomlinson grew up hearing stories about his family's abandoned cotton plantation in Falls County, Texas. Most of the tales lionized his white ancestors for pioneering along the Brazos River. His grandfather often said the family's slaves loved them so much that they also took Tomlinson as their last name. LaDainian Tomlinson, football great and former running back for the San Diego Chargers, spent part of his childhood playing on the same land that his black ancestors had worked as slaves. As a child, LaDainian believed the Hill was named after his family. Not until he was old enough to read an historical plaque did he realize that the Hill was named for his ancestor's slaveholders. A masterpiece of authentic American history, Tomlinson Hill traces the true and very revealing story of these two families. From the beginning in 1854— when the first Tomlinson, a white woman, arrived—to 2007, when the last Tomlinson, LaDainian's father, left, the book unflinchingly explores the history of race and bigotry in Texas. Along the way it also manages to disclose a great many untruths that are latent in the unsettling and complex story of America. Tomlinson Hill is also the basis for a film and an interactive web project. The award-winning film, which airs on PBS, concentrates on present-day Marlin, Texas and how the community struggles with poverty and the legacy of race today, and is accompanied by an interactive web site called Voice of Marlin, which stores the oral histories collected along the way. Chris Tomlinson has used the reporting skills he honed as a highly respected reporter covering ethnic violence in Africa and the Middle East to fashion a perfect microcosm of America's own ethnic strife. The economic inequality, political shenanigans, cruelty and racism—both subtle and overt—that informs the history of Tomlinson Hill also live on in many ways to this very day in our country as a whole. The author has used his impressive credentials and honest humanity to create a classic work of American history that will take its place alongside the timeless work of our finest historians

The 2030 Spike Colin Mason 2013-06-17 The clock is relentlessly ticking! Our world teeters on a knife-edge between a peaceful and prosperous future for all, and a dark winter of death and destruction that threatens to smother the light of civilization. Within 30 years, in the 2030 decade, six powerful 'drivers' will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age. Depleted fuel supplies, massive population growth, poverty, global climate change, famine, growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences. In the face of both doomsaying and denial over the state of our world, Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is, and our possible futures. Ultimately his message is clear; we must act decisively, collectively and immediately to alter the trajectory of humanity away from catastrophe. Offering over 100 priorities for immediate action, The 2030 Spike serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright, peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization. This book is powerful and essential reading for all people concerned with the future of humanity and planet earth.

Deviant Leisure Thomas Raymen 2019-09-28 This book brings together a collection of critical essays that challenge the existing dogma of leisure as an unmitigated social good, in order to examine the commodification and marketisation of leisure across a number of key sites. Leisure and consumer culture have become symbolic of the individual freedoms of liberal society, ostensibly presenting individuals with the opportunity to display individual creativity, cultural competence and taste. This book problematizes these assertions, and considers the range of harms that emerge in a consumer society predicated upon intense individualism and symbolic competition. Approaching the field of commodified leisure through the lens of social harm, this collection of essays pushes far beyond criminology's traditional interest in 'deviant' forms of leisure, to consider the normalized social, interpersonal and environmental harms that emerge at the intersection of leisure and consumer capitalism. Capturing the current vitality and interdisciplinary scope of recent work which is underpinned by the deviant leisure perspective, this collection uses case studies, original research and other forms of empirical enquiry to scrutinise activities that range from alcohol consumption and gambling, to charity tourism; CrossFit training; and cosmetic pharmaceuticals. Drawn from researchers across the UK, US, Europe and Australia, *Deviant Leisure: Criminological Perspectives on Leisure and Harm* represents the first systematic attempt at a criminological consideration of the global harms of the leisure industry; firmly establishing leisure as a subject of serious criminological importance.
