**Self-Portrait in Green** - Marie Ndiaye 2023-09-12

Who are the green women? They are powerful (one is a disciplinarian teacher). They are mysterious (one haunts a house like a ghost). They are seductive (one marries her best friend's father). And they are unbearably personal (one is the author's own mother). They are all aspects of their creator: Marie NDiaye, an author celebrated worldwide as one of France's leading writers. Here, in her own skewed take on the memoir, NDiaye combs through all the menacing, beguiling, and revelatory memories submerged beneath the consciousness of a singular literary talent. Mysterious, honest, and unabashedly innovative, NDiaye's self-portrait forces us all to ask questions--about what we repress, how we discover those things, and how those obsessions become us. This 10th anniversary hardcover edition of Marie NDiaye's genre-defying classic restores photographs that appeared in the original French edition alongside Jordan Stump's dazzling translation, revealing in English, at last, the complete vision of NDiaye's influential masterpiece.

**Hidden Intercourse** - Wouter J. Hanegraaff 2008-12-31

The history of Western esotericism is rich in references to the domains of eros and sexuality, but this connection has never been explored in detail from a critical scholarly perspective. Bringing together an impressive array of top-level specialists, this volume reveals the outlines of a largely unknown history spanning more than twenty centuries.

*Africa's Ogun* - Sandra T. Barnes 1997-06-22

This landmark work of ethnography explores the enduring, global worship of the African god of war—with five new essays in this new, expanded edition. Ogun—the ancient African god of iron, war, and hunting—is worshiped by more than forty million adherents in Western Africa, the Caribbean, and the Americas. This rich, interdisciplinary collection draws on field research from several continents to reveal Ogun's dramatic power and enduring appeal. Contributors examine the history and spread of Ogun throughout old and new worlds; the meaning of Ogun ritual, myth, and art; and the transformations of Ogun through the deity's various manifestations. This edition includes five new essays focusing mainly on Ogun worship in the new world. “[A]n ethnographically rich contribution to the historical understanding of West African culture, as well as an exploration of the continued vitality of that culture in the changing environments of the Americas.” —African Studies Review

**The Perfect Marriage** - Samael Aun Weor 196?

**The Eloquent Blood** - Manon Hedenborg White 2019

In the conventional dichotomy of chaste, pure Madonna and libidinous whore, the former has usually been viewed as the ideal form of femininity. However, there is a modern religious movement in which the negative stereotype of the harlot is inverted and exalted. The Eloquent Blood focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon. A central deity in Thelema, the religion founded by the notorious British occultist Aleister Crowley (1875-1947), Babalon is based on Crowley's favorable reinterpretation of the biblical Whore of Babylon, and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence. Analyzing historical and contemporary written sources, qualitative interviews, and ethnographic fieldwork in the Anglo-American esoteric milieu, the study traces interpretations of Babalon from the works of Crowley and some of his key disciples—including the rocket scientist John "Jack" Whiteside Parsons, and the enigmatic British occultist Kenneth Grant—until the present. From the 1990s onwards, this study shows, female and LGBTQ esotericists have challenged historical interpretations of Babalon, drawing on feminist and queer thought and conceptualizing femininity in new ways. Tracing the trajectory of a

particular gendered symbol from the fin-de-siècle until today, Manon Hedenborg White explores the changing role of women in Western esotericism, and shows how evolving constructions of gender have shaped the development of esotericism. Combining research on historical and contemporary Western esotericism with feminist and queer theory, the book sheds new light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements.

*Gnostica, Judaica, Catholica. Collected Essays of Gilles Quispel* - Gilles Quispel 2008-12-31

This volume brings together a rich and varied collection of essays by Gilles Quispel (1916-2006), Professor of the History of the Early Church at Utrecht University from 1951 until his retirement in 1983. During his illustrious career, Professor Quispel was also visiting Professor at Harvard University in 1964/65, and visiting Professor at the Catholic University of Leuven from 1969 until 1974. The fifty essays collected in this volume testify to most of the prominent themes from Professor Quispel's scholarly career: the writings of the Nag Hammadi library in general and the Gospel of Thomas in particular; Tatian's Diatessaron and its influences; the Hermetica; Mani and Manichaeism; the Jewish origins of Gnosticism; and Gnosis and the future of Christianity. This volume also makes a number of his less known earlier publications (mainly presented under the heading 'Catholica') available to the international community. Until shortly before he died, Professor Quispel remained active in his study of the Gospel of Thomas. He had been one of the first to acquire the Coptic text of the Gospel of Thomas, of which he published the first translation in 1959 and his final translation in 2005. He was also active in researching the Diatessaron, and Valentinus 'the Gnostic'. One of his most recent essays - published for the first time in this volume - is on 'the Muslim Jesus.'

**La Magie sexuelle - Bréviaire des sortilèges amoureux** - Sarane Alexandrian 2022-04-14

Depuis la nuit des temps, à travers l'emploi de talismans et de filtres d'amour, de rituels et de pratiques ascétiques, les hommes et les femmes usent de magie sexuelle. Ils détournent la sexualité de la procréation ou du plaisir, en vue d'acquérir des pouvoirs et d'agir sur la réalité : favoriser la vie amoureuse, vaincre l'impuissance, empêcher l'infidélité, se faire aimer de quelqu'un, ou encore trouver l'extase. De l'Antiquité à nos jours, cet ouvrage se présente comme un catalogue raisonné de la magie sexuelle. De sortilèges en envoûtements, Sarane Alexandrian nous entraîne à la découverte des techniques et pratiques : l'art de faire l'amour avec des créatures invisibles ou celui de chevaucher le tigre, magie blanche de l'amour, sans oublier la sexualité sacrée, grande œuvre de chair. Étayée par une documentation inédite, d'une grande érudition, voici une histoire de la magie amoureuse bien loin du folklore, qui met en lumière les individus et les groupes qui l'ont pratiquée en pleine conviction. Un essai fondamental.

*The White Dominican* - Gustav Meyrink 2021-03-26

The White Dominican is Meyrink's most esoteric novel, and draws on the wisdom of a number of mystical traditions, the most important of which is Tao. It is set in a mystical version of the Bavarian town of Wasserburg which sits on a promontory surrounded on three sides by the river Inn. The novel describes the spiritual journey of the simple hero, who, guided by a number of figures including his eccentric father, the spirit of a distant ancestor, the protecting presence of his dead lover and the mysterious figure of the White Dominican, escapes the 'Medusa head' of the world to a transfiguration, through which he joins the 'living chain that stretches to infinity'.

*Eros and the Mysteries of Love* - Julius Evola 1991-04

A controversial philosopher and critic of modern Western civilization, Julius Evola (1898-1974) writes about the mystical and spiritual expression of sexual love. This in-depth study explores the sexual rites of sacred traditions, and shows how religion, mysticism, folklore, and mythology all contain erotic forms in which the deep potentialities of human beings are recognized.

*The Burden of Silence* - Cengiz Sisman 2017-11

"This is the first comprehensive social, intellectual and religious history of the wide-spread Sabbatean movement from its birth in the Ottoman Empire in the seventeenth century to the Republic of Turkey in the first half of the twentieth century, claiming that they owed their survival to the internalization of the Kabbalistic "burden of silence"--

**The Anthropological Structures of the Imaginary** - Gilbert Durand 1999

*Philosophy in a Time of Terror* - Giovanna Borradori 2013-05-28

The idea for *Philosophy in a Time of Terror* was born hours after the attacks on 9/11 and was realized just weeks later when Giovanna Borradori sat down with Jürgen Habermas and Jacques Derrida in New York City, in separate interviews, to evaluate the significance of the most destructive terrorist act ever perpetrated. This book marks an unprecedented encounter between two of the most influential thinkers of our age as here, for the first time, Habermas and Derrida overcome their mutual antagonism and agree to appear side by side. As the two philosophers disassemble and reassemble what we think we know about terrorism, they break from the familiar social and political rhetoric increasingly polarized between good and evil. In this process, we watch two of the greatest intellects of the century at work.

**Magical Diaries of Aleister Crowley** - Aleister Crowley 1996-01-01

Written after his expulsion by Mussolini from the abbey of Thelema in Cefalu, Sicily, these records consolidate the work that Crowley began in Cefalu and explore more deeply the various techniques of cabalistic and sexual magic, as well as his contact with the Arab magic of North Africa.

**The Secret History of the World** - Jonathan Black 2013-05-30

THE INTERNATIONAL BESTSELLER The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies. Jonathan Black examines the end of the world and the coming of the Antichrist. Or is the Antichrist already here? How will he make himself known and what will become of the world when he does? Will it be the end of Time? Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo

da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself. It will open your mind to a new way of living and leave you questioning everything you have been taught - and everything you've taught your children.
