

# Routledge Handbook Of Sexuality Studies In East Asia

*The End of Cool Japan* - Mark McLelland 2016-07-22

Today's convergent media environment offers unprecedented opportunities for sourcing and disseminating previously obscure popular culture material from Japan. However, this presents concerns regarding copyright, ratings and exposure to potentially illegal content which are serious problems for those teaching and researching about Japan. Despite young people's enthusiasm for Japanese popular culture, these concerns spark debate about whether it can be judged harmful for youth audiences and could therefore herald the end of 'cool Japan'. This collection brings together Japan specialists in order to identify key challenges in using Japanese popular culture materials in research and teaching. It addresses issues such as the availability of unofficially translated and distributed Japanese material; the emphasis on adult-themes, violence, sexual scenes and under-age characters; and the discrepancies in legislation and ratings systems across the world. Considering how these issues affect researchers, teachers, students and fans in the US, Canada, Australia, China, Japan and elsewhere in Asia, the contributors discuss the different ways in which academic and fan practices are challenged by local regulations. Illustrating from personal experience the sometimes fraught nature of teaching about 'cool Japan', they suggest ways in which Japanese Studies as a discipline needs to develop clearer guidelines for teaching and research, especially for new scholars entering the field. As the first collection to identify some of the real problems faced by teachers and researchers of Japanese popular culture as well as the students over whom they have a duty of care, this book will be of great interest to students and scholars of Japanese Studies and Cultural Studies.

Routledge Handbook of Queer Development Studies - Corinne L. Mason 2018-01-29

Around the world lesbian, gay, bisexual, trans, intersex and queer individuals are subjected to violence and intimidation based on their real or perceived sexuality, gender identity or expression. With those most at risk of human rights violations often living in areas of low economic development, questions of sexuality, gender identity, and expression have become a significant area of research within the field of development studies. The Routledge Handbook of Queer Development Studies is the first full length study of queer development studies, collecting the very best in research from around the world. Topics for discussion include: Queering policy and planning in development Queer development critique and queer critiques of development Global LGBTIQ rights Queer social movements and mobilizations At a time when development and human rights organizations such as the World Bank, Office of the UN Secretary General and Human Rights Watch are placing increasing importance on global LGBT rights, the Routledge Handbook of Queer Development Studies is an essential guide for scholars, upper level students, practitioners and anyone with an interest in global sexualities, gender identities, and expressions.

**Gender and Sexuality in Modern Japan** - Sabine Frühstück 2022-03-31

A lively, accessible survey of genders and sexualities in modern Japanese history from the 1860s to the present.

**Routledge Handbook of Modern Korean History** - Michael J Seth 2016-01-29

Beginning in the mid-nineteenth century when Korea became entangled in the world of modern imperialism and the old social, economic and political order began to change; this handbook brings together cutting edge scholarship on major themes in Korean History. Contributions by experts in the field cover the Late Choson and Colonial periods, Korea's partition and the diverging paths of North and South Korea. Topics covered include: The division of Korea Religion Competing imperialisms Economic change War and rebellions Nationalism Gender North Korea Under Kim Jong Il Global Korea The Handbook provides a stimulating introduction to the most important themes within the subject area, and is an invaluable reference work for any student and researcher of Korean History.

Routledge International Handbook of Masculinity Studies - Lucas Gottzén 2019-11-20

The Routledge International Handbook of Masculinity Studies provides a contemporary critical and

scholarly overview of theorizing and research on masculinities as well as emerging ideas and areas of study that are likely to shape research and understanding of gender and men in the future. The forty-eight chapters of the handbook take an interdisciplinary approach to a range of topics on men and masculinities related to identity, sex, sexuality, culture, aesthetics, technology and pressing social issues. The handbook's transnational lens acknowledges both the localities and global character of masculinity. A clear message in the book is the need for intersectional theorizing in dialogue with feminist, queer and sexuality studies in making sense of men and masculinities. Written in a clear and direct style, the handbook will appeal to students, teachers and researchers in the social sciences and humanities, as well as professionals, practitioners and activists.

*Routledge Handbook of East Asian Gender Studies* - Jieyu Liu 2019-11-26

The Routledge Handbook of East Asian Gender Studies presents up-to-date theoretical and conceptual developments in key areas of the field, taking a multi-disciplinary and comparative approach. Featuring contributions by leading scholars of Gender Studies to provide a cutting-edge overview of the field, this handbook includes examples from China, Japan, South Korea, Taiwan and Hong Kong and covers the following themes: theorising gender relations; women's and feminist movements; work, care and migration; family and intergenerational relationships; cultural representation; masculinity; and state, militarism and gender. This handbook is essential reading for scholars and students of Gender and Women's Studies, as well as East Asian societies, social policy and culture.

**Ways of Knowing about Human Rights in Asia** - Vera Mackie 2016-03-22

This innovative multidisciplinary collection brings together the latest research on human rights in the Asian region, by leading scholars with a deep familiarity with the languages and cultures of the region. The contributors bring a range of disciplinary approaches, or 'ways of knowing' to the study of human rights: history, memory studies, gender and sexuality studies, cultural studies, translation studies, development sociology and political economy. Issues canvassed include linguistic rights, debates on prenatal testing, campaigns for redress of past wrongs, labour rights, 'voluntourism', sexuality, and modes of human rights advocacy. This book was published as a special issue of Asian Studies Review.

**Routledge Handbook of Sexuality Studies in East Asia** - Mark McLelland 2014-09-15

This collection brings together cutting-edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing and emerging societies and economies. Both Japan and China have established traditions of 'sexuality' studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro-American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries. They trace local flows of ideas instead of defaulting to Euro-American paradigms for sexuality studies. Through looking at regional and global exchanges of ideas about sexuality, this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation, modernisation and globalisation. It will be essential reading in undergraduate and graduate programs in sexuality studies, gender studies, women's studies and masculinity studies, as well as in anthropology, sociology, history, cultural studies, area studies and health sciences.

Routledge Handbook of Human Rights in Asia - Fernand de Varennes 2018-12-12

The Routledge Handbook of Human Rights in Asia provides a rich study of human rights challenges facing some of the most vulnerable people in Asia. While formal accession to core international human rights instruments is commonplace across the region, the realisation of human rights for many remains elusive as

development pressure, violent conflict, limited political will and discrimination maintain human rights volatility. This Handbook explores the underlying causes of human rights abuse in a range of contexts, considers lessons learnt from global, regional and domestic initiatives and provides recommendations and justifications for reform. Comprising 23 chapters, it examines the strengths and weaknesses of human rights institutions in Asia and covers issues such as: Participation, marginalisation, detention and exclusion Private sector responsibility and security Conflict and post-conflict rehabilitation Trafficking, displacement and citizenship Ageing populations, identity and sexuality. Drawing together a remarkable collection of leading and emerging scholars, advisers and practitioners, this Handbook is essential reading for students, scholars, policy makers and advocates of human rights in Asia and the world.

**The Routledge Handbook of Gender in Central-Eastern Europe and Eurasia** - Katalin Fábíán 2021-07-25

This Handbook is the key reference for contemporary historical and political approaches to gender in Central-Eastern Europe and Eurasia. Leading scholars examine the region's highly diverse politics, histories, cultures, ethnicities, and religions, and how these structures intersect with gender alongside class, sexuality, coloniality, and racism. Comprising 51 chapters, the Handbook is divided into six thematic parts: Part I Conceptual debates and methodological differences Part II Feminist and women's movements cooperating and colliding Part III Constructions of gender in different ideologies Part IV Lived experiences of individuals in different regimes Part V The ambiguous postcommunist transitions Part VI Postcommunist policy issues With a focus on defining debates, the collection considers how the shared experiences, especially communism, affect political forces' organization of gender through a broad variety of topics including feminisms, ideology, violence, independence, regime transition, and public policy. It is a foundational collection that will become invaluable to scholars and students across a range of disciplines including Women's, Gender, and Sexuality Studies and Central-Eastern European and Eurasian Studies.

**Routledge Handbook of Contemporary Vietnam** - Jonathan D. London 2022-07-29

The Routledge Handbook of Contemporary Vietnam is a comprehensive resource exploring social, political, economic, and cultural aspects of Vietnam, one of contemporary Asia's most dynamic but least understood countries. Following an introduction that highlights major changes that have unfolded in Vietnam over the past three decades, the volume is organized into four thematic parts: Politics and Society Economy and Society Social Life and Institutions Cultures in Motion Part I addresses key aspects of Vietnam's politics, from the role of the Communist Party of Vietnam in shaping the country's institutional evolution, to continuity and change in patterns of socio-political organization, political expression, state repression, diplomatic relations, and human rights. Part II assesses the transformation of Vietnam's economy, addressing patterns of economic growth, investment and trade, the role of the state in the economy, and other economic aspects of social life. Parts III and IV examine developments across a variety of social and cultural fields through chapters on themes including welfare, inequality, social policy, urbanization, the environment and society, gender, ethnicity, the family, cuisine, art, mass media, and the politics of remembrance. Featuring 38 essays by leading Vietnam scholars from around the world, this book provides a cutting-edge analysis of Vietnam's transformation and changing engagement with the world. It is an invaluable interdisciplinary reference work that will be of interest to students and academics of Southeast Asian studies, as well as policymakers, analysts, and anyone wishing to learn more about contemporary Vietnam.

*Routledge Handbook of Asian Regionalism* - Mark Beeson 2012-03-15

The Routledge Handbook of Asian Regionalism is a definitive introduction to, and analysis of, the development of regionalism in Asia, including coverage of East Asia, Southeast Asia and South Asia. The contributors engage in a comprehensive exploration of what is arguably the most dynamic and important region in the world. Significantly, this volume addresses the multiple manifestations of regionalism in Asia and is consequently organised thematically under the headings of: conceptualizing the region economic issues political issues strategic issues regional organizations As such, the Handbook presents some of the key elements of the competing interpretations of this important and highly contested topic, giving the reader a chance to evaluate not just where Asian regionalism is going but also how the scholarship on Asian regionalism is analysing these trends and events. This book will be an indispensable resource for students

and scholars of Asian politics, international relations and regionalism.

**Routledge Handbook of Sexuality Studies in East Asia** - Mark McLelland 2014-09-15

This collection brings together cutting-edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing and emerging societies and economies. Both Japan and China have established traditions of 'sexuality' studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro-American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries. They trace local flows of ideas instead of defaulting to Euro-American paradigms for sexuality studies. Through looking at regional and global exchanges of ideas about sexuality, this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation, modernisation and globalisation. It will be essential reading in undergraduate and graduate programs in sexuality studies, gender studies, women's studies and masculinity studies, as well as in anthropology, sociology, history, cultural studies, area studies and health sciences.

**Routledge Handbook of East Asian Popular Culture** - Koichi Iwabuchi 2016-12-01

Since the 1990s there has been a dramatic increase in cultural flows and connections between the countries in the East Asian region. Nowhere is this more apparent than when looking at popular culture where uneven but multilateral exchanges of Japanese, Korean, Taiwanese, Hong Kong and Chinese products have led to the construction of an 'East Asian Popular Culture'. This is both influenced by, and in turn influences, the national cultures, and generates transnational co-production and reinvention. As East Asian popular culture becomes a global force, it is increasingly important for us to understand the characteristics of contemporary East Asian popular culture, and in particular its transnational nature. In this handbook, the contributors theorize East Asian experiences and reconsider Western theories on cultural globalization to provide a cutting-edge overview of this global phenomenon. The Routledge Handbook of East Asian Popular Culture will be of great interest to students and scholars of a wide range of disciplines, including: Cultural Studies, Media Studies, Communication Studies, Anthropology, Sociology and Asian Studies in general.

**The Routledge Handbook of Religion, Gender and Society** - Caroline Starkey 2021-12-30

In an era which many now recognise as 'post-secular', the role that religions play in shaping gender identities and relationships has been awarded a renewed status in the study of societies and social change. In both the Global South and the Global North, in the 21st century, religiosity is of continuing significance, not only in people's private lives and in the family, but also in the public sphere and with respect to political and legal systems. The Routledge Handbook of Religion, Gender and Society is an outstanding reference source to these key topics, problems and debates in this exciting subject area. Comprising over 40 chapters by a team of international contributors, the Handbook is divided into 3 parts: Critical debates for religions, gender and society: theories, concepts and methodologies Issues and themes in religions, gender and society Contexts and locations Within these sections, central issues, debates and problems are examined, including activism, gender analysis, intersectionality and feminism, oppression and liberation, equality, bodies and embodiment, space and place, leadership and authority, diaspora and migration, marriage and the family, generation and aging, health and reproduction, education, violence and conflict, ecology and climate change and the role of social media. The Routledge Handbook of Religion, Gender and Society is essential reading for students and researchers in religious studies and gender studies. The Handbook will also be very useful for those in related fields, such as cultural studies, area studies, politics, sociology, anthropology and history.

*Routledge Handbook of Southeast Asian History* - Norman G. Owen 2014-04-23

The study of the history of Southeast Asia is still growing, evolving, deepening and changing as an academic field. Over the past few decades historians have added nuance to traditional topics such as Islam and nationalism, and created new ones, such as gender, globalization and the politics of memory. The Routledge Handbook of Southeast Asian History looks at the major themes that have developed in the study

of modern Southeast Asian history since the mid-18th century. Contributions by experts in the field are clustered under three major headings - Political History, Economic History, and Social and Cultural History - and chapters challenge the boundaries between topics and regions. Alongside the rise and fall of colonialism, topics include conflict in Southeast Asia, tropical ecology, capitalism and its discontents, the major religions of the region, gender, and ethnicity. The Handbook provides a stimulating introduction to the most important themes within the subject area, and is an invaluable reference work for any student and researcher on Southeast Asia and Asian and World history.

*Routledge Handbook of Civil and Uncivil Society in Southeast Asia* - Eva Hansson 2023-02-28

The Routledge Handbook of Civil and Uncivil Society in Southeast Asia explores the nature and implications of civil society across the region, engaging systematically with both theoretical approaches and empirical nuance for a systematic, comparative, and informative approach. The handbook actively analyses the varying definitions of civil society, critiquing the inconsistent scrutiny of this sphere over time. It brings forth the need to reconsider civil society development in today's Southeast Asia, including activist organisations' and platforms' composition, claims, resources, and potential to effect sociopolitical change. Structured in five parts, the volume includes chapters written by an international set of experts analysing topics relating to civil society: Spaces and platforms Place within politics Resources and tactics Identity formation and claims Advocacy The handbook highlights the importance of civil society as a domain for political engagement outside the state and parties, across Southeast Asia, as well as the prevalence and weight of 'uncivil' dimensions. It offers a well-informed and comprehensive analysis of the topic and is an indispensable reference work for students and researchers in the fields of Asian Studies, Asian Politics, Southeast Asian Politics and Comparative Politics. The Open Access version of this book, available at [www.taylorfrancis.com](http://www.taylorfrancis.com), has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license. Funded by The Research Foundation for State University of New York, USA and The Stockholm Center for Global Asia, Sweden.

*Routledge Handbook of East Asian Gender Studies* - Jieyu Liu 2019-12

The Routledge Handbook of East Asian Gender Studies presents up-to-date theoretical and conceptual developments in key areas of the field, taking a multi-disciplinary and comparative approach. Featuring contributions by leading scholars of Gender Studies to provide a cutting-edge overview of the field, this handbook includes examples from China, Japan, South Korea, Taiwan and Hong Kong and covers the following themes: theorising gender relations; women's and feminist movements; work, care and migration; family and intergenerational relationships; cultural representation; masculinity; and state, militarism and gender. This handbook is essential reading for scholars and students of Gender and Women's Studies, as well as East Asian societies, social policy and culture.

*Routledge Handbook of Sport in China* - Fan Hong 2023-06-30

This is the first book to offer a comprehensive overview of the history and development of sport from the ancient to the contemporary era in China. It addresses the gap between the vibrant academic scholarship within China and the limited understanding of Chinese sport outside of the country. It opens different perspectives on Chinese sport and addresses a wide range of issues central to the development of sport in the context of Chinese culture, politics, economy, and society. It explores a diverse set of topics including the history of Chinese traditional sport, the rise of modern sport and the Olympic movement, sport and nationhood, sport and politics and international relations, sport and physical education, sport and economy and commerce, sport and social stratification and diversity, and sport leisure and tourism. It offers critical insights into the multifaceted world of China, past and present—a contribution to our collective knowledge and understanding of Chinese sport and society—and is useful reading for students, researchers, and professionals with an interest in the field of China and Chinese sport. This Handbook has been contributed to by a team consisting of 88 leading Chinese and Asian experts and scholars with varied backgrounds of studying and working in European, North American, and Australian universities, as well as Western scholars with expertise on China and its sports system and practice. It is composed of ten parts classified by different subjects. It provides a wide lens through which to better contextualise the relationships between China and the world within the global sport community. The Routledge Handbook of Sport in China is a vital resource for students and scholars studying the history, politics, sociology, culture and policy of sport in China, as well as sport management, sport history, sport sociology, and sport policy and politics. It is also valuable reading for those who are working in international sport policy making and sport organisations.

*Configurations of Family in Contemporary Japan* - Tomoko Aoyama 2014-09-15

The middle-class nuclear family model has long dominated discourses on family in Japan. Yet there have always been multiple configurations of family and kinship, which, in the context of significant socio-economic and demographic shifts since the 1990s, have become increasingly visible in public discourse. This book explores the meanings and practices of "family" in Japan, and brings together research by scholars of literature, gender studies, media and cultural studies, sociology and anthropology. While the primary focus is the "Japanese" family, it also examines the experience and practice of family beyond the borders of Japan, in such settings as Brazil, Australia, and Bali. The chapters explore key issues such as ageing, single households, non-heterosexual living arrangements and parenting. Moreover, many of the issues addressed, such as the growing diversity of family, the increase in single-person households, and the implications of an ageing society, are applicable to other mature, late-industrial societies. Employing both multi- and inter-disciplinary approaches, this book combines textual analysis of contemporary television, film, literature, manga, anime and other media with empirical and ethnographic studies of families in Japan and in transnational spaces. As such, it will be of great interest to students and scholars working across a number of fields including Japanese culture and society, sociology of family, gender studies, film and media studies, literature and cultural studies, and gerontology.
