Male Sex Work and Society - Victor Minichiello 2014-09-23
This new collection explores for the first time male sex work from a rich array of perspectives and disciplines. It aims to help enrich the ways in which we view both male sex work as a field of commerce and male sex worker themselves. Leading contributors examine the field both historically and cross-culturally from fields including public health, sociology, psychology, social services, history, filmography, economics, mental health, criminal justice, geography, and migration studies, and more. Synthesizing introductions by the editors help the reader understand the implications of the findings and conclusions for scholars, practitioners, students, and members of the interested/concerned public.

American Sex - Leon Segers Jr. 2012-03-14
AMERICAN SEX American Sex is a book that's been written and presented in a very unique and unusual fashion. Perhaps

many of those that would consider reading this entertaining and enlightening observation, might think this is just another one of several typical books that have been written on such a tongue and cheek subject. But once again "Leon Segers Jr." has shown how he got the title "The Working Man's Prophet" as he consistently comes up with subject matter that although "controversial" gives readers some straight-forward, eye-opening consensus that people love to gossip about around office water coolers everywhere. He's again gone that extra mile to put to the test in a speculative and curious way that presents facts and figures which a lot of people outright and secretly want to discuss, rather they're willing to admit it or not. Just like in his first two books - A "REAL LIFE" BIBLE, and Black/White America: The Real Diferences; "American Sex" really lays some provocative cards on the table. In A "Real Life" Bible he made it clear how reality has assessed the

Downloaded from
legacy.opendemocracy.net
on 2023-03-25 by guest

true essence of mankind's main plight in life. He showed how money is the blood that courses through our veins. He proved how it also is the world that man revolves around. In "Black/White America" in a painfully honest and thought provoking way, he distinguished the staunch differences between America's two main races, as well as many of those in between. He presented the deeply embedded denials that blacks and white need to bring to the surface to once and for all, change the still negative first impression process. "American Sex" addresses many of the basic and taboo clichés about sex in sincere terms just as was done in regards to money and race in his other two sensational books, which each gender, and every age group can truly appreciate...

Economics, Sexuality, and Male Sex Work - Trevon D. Logan
2017-01-11

This book provides the first economic analysis of the billion-dollar male sex work market in the United States.

Male and Female - Margaret Mead 1964

Reconceiving the Second Sex - Marcia C. Inhorn
2009-08-30

Extensive social science research, particularly by anthropologists, has explored women's reproductive lives, their use of reproductive technologies, and their experiences as mothers and nurturers of children.

Meanwhile, few if any volumes have explored men's reproductive concerns or contributions to women's reproductive health: Men are clearly viewed as the "second sex" in reproduction. This volume argues that the marginalization of men is an oversight of considerable proportions. It sheds new light on male reproduction from a cross-cultural, global perspective, focusing not only upon men in Europe and America but also those in the Middle East, Asia, and Latin America. Both heterosexual and homosexual, married and unmarried men are featured in

Downloaded from
legacy.opendemocracy.net
on 2023-03-25 by guest

this volume, which assesses concerns ranging from masculinity and sexuality to childbirth and fatherhood.

The Changing Definition of Masculinity - Clyde W.

Franklin II 2012-12-06

The Changing Definition of Masculinity is an outgrowth of four years of developing and teaching the course "Social Factors in Male Personality" at Ohio State University, Columbus. This volume reflects, in addition to my thoughts and feelings about what should be discussed in a sex-roles course taught from a male perspective, the thoughts, feelings, and knowledge of scores of students, colleagues, and friends. These are persons who either have taken the course or discussed with me appropriate material to be included in such a course and/or book. Chapter 1, for example, is influenced greatly by the work of Elizabeth and Joseph Pleck's *The American Man*, dealing with the periods of masculinity in the United States up to 1965. The chapter also deals with

emerging meanings of masculinity after 1965, and female and male responses to these meanings. The second chapter is devoted to male sex-role socialization and examines the roles of biology and environment in male socialization. It is also concerned with agents of male socialization and with male assumption of such sex-role traits as dominance, competitiveness, the work ethic, and violence. In Chapter 2, I also propose two general masculine roles frequently assumed by American males which may or may not be race-specific—the White masculine role and the Black masculine role.

The Gender of Desire -

Michael S. Kimmel 2012-02-01

Articles and essays on the construction of male sexuality by a pioneer in the field of masculinity studies.

[White Men Can't Hump \(As Good As Black Men\)](#) - Todd Wooten 2006-10

White Men Can't Hump is a book of hope. The hope is that one day Black Men in America

*Downloaded from
legacy.opendemocracy.net
on 2023-03-25 by guest*

will no longer be viewed as unintelligent, unattractive, undesirable, uncivilized, and just plain old worthless. White Men Can't Hump will address why Black Men in America are perceived in such a negative way, and will also explore the origins of this negativity. White Men Can't Hump will also explore how this negativity has been spread for the last four centuries (a la stereotypes), and why this negativity has been spread (a la "Fear of the Black Penis"). Several of these so-called negative Stereotypes will be closely examined and shown in a new light. White Men Can't Hump will ask why two well known Stereotypes that have been historically assigned to Black Men, are only considered negative when applied to Black Men. Most men desire a large Penis and an elevated sexual prowess, but all across America (in offices, bars and locker rooms) the Black Penis and Black Prowess are routinely the Punch Line to jokes. White Men Can't Hump will ask why, and will also ask a question that

will create a debate for the ages: "Who's better in bed, Black Men or White Men?" White Men Can't Hump will take you the reader on an educational and enlightening journey through America's past and present with the hope of changing America's future. So sit back and enjoy or cuss, agree or disagree, and most importantly think with an open mind. Because whether you like it or not, White Men Can't Hump tells the story of who all of us are, where we've come from, and where we're going. White Men Can't Hump is divided into two VOLUMES. VOLUME I focuses on how Sex has historically affected Race relations in America, and VOLUME II focuses on how Race has affected Sex relations in America. Don't be confused by the similar titles because both VOLUMES pack a different Sexual, Racial, Political, and Social punch. For more information feel free to visit:

Enjoy the ride my friend.

American Sexual Character -
Downloaded from
legacy.opendemocracy.net
on 2023-03-25 by guest

Miriam G. Reumann

2005-03-07

Publisher Description

The First Sexual Revolution -

Kevin White 1993

White contends that The Great American Man was constructed in the 1920s as a response to the appearance of The Flapper and to the same crumbling of Victorian culture that freed her. Previously, men were expected to acquire character and become Christian gentlemen; since then, they have been expected to acquire personality and to become a performing self. Paper edition (9258- 8), \$15. Annotation copyright by Book News, Inc., Portland, OR

The Average American Male -

Chad Kultgen 2009-10-13

"I can't figure out if this book is a heart-felt dispatch from the front line in the battle of the sexes or a brilliant send-up of the way in which the male point of view has been misrepresented by militant feminists. I suspect it may be both." --Toby Young, New York Times bestselling author of How to Lose Friends and

Alienate People An offensive, in-your-face, brutally honest and completely hilarious look at male inner life and sexual fantasy. In the course of this hilariously honest book, our narrator suffers through a relationship with his wannabe-actress girlfriend until he finds the perfect girl. But when he moves into the new relationship, he slowly realizes he thinks that all women are pretty much the same, that his true desires will never be fulfilled, and the decision between living life alone or biting the marriage bullet must be made.

New York Hustlers - Barry

Reay 2010-09-15

This important new book, which focuses on the 1940s, 1950s and 1960s, but which looks back to the earlier decades of the century and has a conclusion dealing with the 1970s to 1990s, maps the world of those known as "trade" -- ostensibly straight men who would engage in homosexual sex -- and hustlers -- those who were paid for it. It was a milieu that was central

Downloaded from

legacy.opendemocracy.net

on 2023-03-25 by guest

to the sexual histories of several generations of twentieth-century American men and also influenced American literary and visual culture; the "trade aesthetic" informed the work of a variety of artists, filmmakers, and writers. This sexual culture, though compelling in itself, also allows us to explore some key aspects of modern sexual history. This pioneering work, which draws on a wide range of visual and literary sources, including previously unpublished material from the Kinsey archives, will appeal to a wide range of readers, especially those interested in the histories of sex, the city, masculinity, and American culture.

Sex and the Eighteenth-century Man - Thomas A. Foster 2006

A pioneering new investigation of sex and manhood With few exceptions, sex is noticeably absent from popular histories chronicling colonial and Revolutionary America. Moreover, it is rarely associated specifically with

early American men. This is in part because sex and family have traditionally been associated with women, while politics and business are the historic province of men. But Thomas Foster turns this conventional view on its head. Through the use of court records, newspapers, sermons, and private papers from Massachusetts, he vividly shows that sex -the behaviors, desires, and identities associated with eroticism -was a critical component of colonial understanding of the qualities considered befitting for a man. Sex and the Eighteenth-Century Man begins by examining how men, as heads of households, held ultimate responsibility for sex -not only within their own marriages but also for the sexual behaviors of dependents and members of their households. Foster then examines the ways sex solidified bonds in the community, including commercial ties among men, and how sex operated in courtship and social relations with women. Starkly

Downloaded from
legacy.opendemocracy.net
on 2023-03-25 by guest

challenging current views about the development of sexuality in America, the book details early understandings of sexual identity and locates a surprising number of stereotypes until now believed to have originated a century later, among them the black rapist and the unmanly sodomite, figures that serve to reinforce cultural norms of white male heterosexuality. As this engrossing and surprising study shows, we cannot understand manliness today or in our early American past without coming to terms with the oft-hidden relationship between sex and masculinity.

Sex/male--gender/masculine

- John W. Petras 1975

The Emasculation of Men in America - William Bray
2006-02

A war in being waged in American Society in an effort to strip males of their Manhood! It is being waged by a number of repressive forces, but it is most notably resulting from excessive force being used by Radical Feminists to

serve the cause of women's rights. While most agree that such a cause is just and needed, it should not be necessary to step on men and then to kick them in order to raise the cause of women's rights to new heights. In this process feminist writers are rewriting historical accounts of ancient Greece and Rome, writing plays and making films showing males in passive or subservient roles, and even attempting to "rewrite" the Bible suggesting Jesus had a wife and family. This pure fabrication (that Mary Magdalene was married to Jesus) to serve the agenda of feminists, whose goal may be to reduce Jesus to a kind of Dagwood Bumstead, where Blondie gets credit for holding everything together, should be considered blasphemy by every Christian. The Emasculation of Men in America is intended to be a wake up call for men and women in society and to stimulate discussion in an effort to save the very identity of males and their sons in the future.

Sex and Sexuality in Latin

America - Donna Guy 1997-02
Organized around three central themes - control and repression; the politics and culture of resistance; and sexual transgression as affirmation of marginalized identity - this intriguing collection will challenge and inform conceptions of Latin American sexuality.

Man the F Up! - Andy Price 2012-12

This book is about standing up for your self, and having the life you want, with or without a wife! Not biting your tongue no matter who you are talking to or dealing with in any situation. Its about taking responsibility for your self, the things you do and your future.the chapters are as follows, 1#.Man the f/up!, 2# Men, 3# marriage, 4# a mans home is his castle, 5# control your dick, 6# Drugs and alcohol, 7# prison break, 8# Entertainment, 9# Kids, 10#Immigration, 11# sex, 12# the work out!, Another name for this book could have been, good people need to get a back

bone!

The Playboy Report on American Men - Louis Harris and Associates 1979
Report and compilation of statistical tables resulting from a survey on men value systems, attitudes and life styles in the USA - covers opinions relating to family, marriage and children, love and sexual behaviour, religion, drug use, job satisfaction, leisure and politics, etc. For males between 18 and 49 years of age. Graphs.

Undressing the American Male - Eva Margolies 1995-09-01

Nearly half of all men in America have suffered from sexual dysfunction, so it stands to reason that many women have encountered a man with a sexual problem. In this revolutionary book, sex therapist Margolies takes readers into the mind of the dysfunctional male and explains how the problem may have started and offers tips for dealing with the problem.
