**Love Does No Harm** - Marie Fortune 1998-10-01

This work is aimed at those caught somewhere in the middle between those for whom only heterosexual and monogamous marriage, or "anything goes," are paradigms of suitable behaviour and intimate relationships. Ethicist and Christian Marie Fortune explores what it means to be in an intimate relationship today, surrounded as we are by domestic violence and continued silencing of women's voices.

*Introduction to Modernity* - Henri Lefebvre 2012-01-16

Originally published in 1962, when Lefebvre was beginning his career as a lecturer in sociology at the University of Strasbourg, it established his position in the vanguard of a movement which was to culminate in the events of May 1968. A classic analysis of the modern world using Marxist dialectic, it is a book which supersedes the conventional divisions between academic disciplines. With dazzling skill, Lefebvre moves from philosophy to sociology, from literature to history, to present a profound analysis of the social, political and cultural forces at work in France and the world in the aftermath of Stalin's death—an analysis in which the contours of our own "postmodernity" appear with startling clarity.

*How to Make Love to a Woman* - Michael Morgenstern 1997

Michael Morgenstern asked women all over the country, from all walks of life, and discovered the answers men seek. Learn what women find sexy in a man; how to seduce with words; what is the secret all great lovers know about pleasing women; how you can tell from a woman's kiss if she wants you take her to bed, and much more. "Will make life--sex life, anyway--easier for men and infinitely more pleasurable for women." "Cosmopolitan

**The Individual, Marriage, and the Family** - Lloyd Saxton 1996

A truly interdisciplinary approach, this text incorporates biological, psychological and sociological perspectives to the study of the family.

**A Clinician's Guide to Systemic Sex Therapy** - Gerald Weeks 2012-08-06

A Clinician's Guide to Systemic Sex Therapy provides readers with an integrative and comprehensive theory in guiding their clinical practice. Pragmatically oriented, this text walks clinicians through diagnosis and treatment with resources such as tables, graphs, flow charts, and implementation strategies. The text does not rely on only visual elements, however. Acknowledging that information needs to be guided by a theory that can be translated into practice, the authors use the Intersystems approach to provide a comprehensive perspective in understanding and improving intimate and sexual relationships for clients. A Clinician's Guide addresses and fills the lack of theoretical integration in the practice of couple and sex therapy and provides a relevant follow-up to the authors' extensive text, Systemic Sex Therapy (Routledge, 2008). This book is an essential roadmap for translating theory into practice and trains clinicians to give their clients the most thorough and valuable assistance possible.

*The New Joy of Sex - More Joy of Sex* - Alex Comfort 1994-10

Titles include The New Joy of Sex and More Joy of Sex.

**The Big Question** - Chuck Barris 2007-05-01

From the revolutionary mind of television's legendary mad genius, a story of money, sex, greed, revenge, murder -- and reality TV The year is 2012, and as the Most Famous Television Producer in the World is

walking down a wintry New York City block, he's accosted by a homeless-looking cripple who, like everyone else, insists he has the formula for the greatest TV show of all time. As it turns out, he does: Contestants will compete for one hundred million dollars. If they win, they're rich. If they lose, they face immediate on-camera execution. As the Producer begins scheming to steal the idea and revive his fading career, The Big Question introduces the extraordinary characters who will ultimately become the show's contestants -- a brilliantly rendered, Dickensian cast that includes the seventy-something Vera Bundle, with a taste for scotch and encyclopedias; Arthur Durch, a convicted sex offender-turned-relationship therapist; Retta Mae Wagons, a sixteen-year-old prostitute with an IQ of 170 and an ex-con-turned-Muslim fundamentalist boyfriend who doesn't appreciate her; Billy Constable, the Kentucky rube who gets off a bus in New York and promptly finds himself in trouble with the Mob; and Father Brady, the devout Catholic priest with a mortifying secret to hide at any cost. As the first episode is broadcast live in front of millions, the audience, the cast, and the crew behind the scenes do the unthinkable: they sit and watch, rapt and glassy-eyed, as the final contestant left on stage meets an unimaginable fate. To say The Big Question is a novel of greed and immorality would be putting it lightly. But to read this book without laughing out loud at every page would be impossible. This is more than just a funny book, though. With uncanny precision and razor-sharp wit, the inimitable Chuck Barris reveals the inconceivable lengths to which people will go for those priceless fifteen minutes, the fascination we have with the little black box in our homes -- and the horrifying deeds done in the name of entertainment.

[The Man's Guide to Women](#) - John Gottman 2016-02-02

A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

[Couples Therapy, Second Edition](#) - Linda Berg Cross 2013-12-16

Harness the power of an integrative approach to couples counseling! Why do marriages fail? The behaviorist or cognitive therapist explains that unhappy couples have self-defeating ways of thinking about their spouses and themselves. The sociologically oriented counselor points to the impact of social trends and dramatic changes in child-rearing and social expectations. A therapist oriented toward psychodynamics or systems theory sees the destructive patterns of childhood replayed in the marriage, with spouses taking on rigid roles. The pastoral or humanist counselor believes that partners who cannot experience self-fulfillment through commitment and trust will feel less love and grow more and more disconnected.

Couples Therapy, Second Edition, brings together all these points of view to make a unified whole. This integrative approach proposes a new model of successful marriage based on four cornerstones: resiliency, social support, adaptability, and self-fulfillment. Weaving together theory and research, Couples Therapy, Second Edition, explores how common issues can lead to trouble in relationships. It suggests specific interventions so therapists can teach clients to deal with such problem areas as anger management, domestic violence, depression, anxiety, parenting conflicts, in-laws, work pressures, and sexual dissatisfaction. Couples Therapy, Second Edition, offers a sound theoretical framework as well as practical ideas. Through clinical vignettes and up-to-date research, it makes the common conflicts and developmental stages of marriage so understandable that it can be profitably read by clients as well as counselors. Its invaluable resources for the couples therapist include: end-of-chapter professional development questions therapeutic exercises answers to frequently asked professional and ethical questions intervention suggestions for the therapist self-assessment questionnaires book and video recommendations on each chapter topic Written in clear, readable prose, Couples Therapy, Second Edition, offers practical help for the experienced clinician as well as theoretical overviews for the counselor in training.

**Law's Relations** - Jennifer Nedelsky 2011-10-11

Jennifer Nedelsky claims that we must rethink our notion of autonomy, rejecting the usual vocabulary of control, boundaries and individual rights. If we understand that we are fundamentally in relation to others, she argues, we will recognize that we become autonomous with others.

Sex in the Ancient World from A to Z - John Younger 2004-10-07

In this fascinating and revealing A-to-Z, John G. Younger examines the sexual practices, expressions and attitudes of the Greeks and Romans, from Catullus and Caligula, to orgies and obscenity, and from abstinence and incest, to pederasty and prostitution. The book opens with an overview of current thinking on ancient sex and sexuality, and goes on to provide an extraordinarily wide coverage of a sexual culture so very different from our own, approaching the subject from the perspectives of literature, history, archaeology and art. Comprehensive, reliable and eye-opening, this A-to-Z illuminates an important aspect of the classical world. For those who want to take their reading further, there are numerous references to ancient sources and modern scholarship, as well as a separate section of works of art. This is an ideal introduction to and exploration of sex in the ancient world for readers at every level.

SPIN - 1992-04

From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

**Aging with HIV** - Janice E. Nichols 2002-08-13

In 1998, approximately 30 million people worldwide were living with HIV/AIDS, about 5 million of whom became infected that year. The epidemic continues to expand, with an estimated doubling time of 10 years, making AIDS the leading infectious cause of death ahead of tuberculosis and malaria. Even in the U.S.A. where the death rate from AIDS is declining as a result of effective drug therapies, HIV infection rates continue to climb in several population groups. The prevalence of AIDS among people over the age of 50 is steadily increasing, and most older people are unprepared to address it for a number of reasons, including the widespread discomfort with matters sexual and homosexual and the belief that elderly people are not sexually active and therefore not at risk. This guide for care providers seeks to educate and inform readers about the difficulties and complications that accompany the disease in older people. Thus, while the appendix includes technical descriptions of methodology, data, and results, the narratives in the chapters describing the findings and their practical implications are written in layman's language. Topics covered include biomedical aspects, demographics, sexuality, stressors, mental health, older women, and patient care, all of which are supported by case studies.

*New Joy of Sex and More Joy of Sex* - Alex Comfort 1992

*Polymath* - Eric Laursen 2023-08-22

We have so much more to learn about (the author of) *The Joy of Sex!*, this biography covers it all: the life of a young poet, pacifism, anarchist activism, academic life, the 60s counterculture, starting over in California, *The Joy of Sex*, aging and death. *Polymath* is the first biography of one of the most remarkable and wide-ranging intellectuals of the second half of the 20th century. Alex Comfort was a British poet, novelist, biologist, cultural critic, activist, and anarchist, and the author of the international bestseller, *The Joy of Sex*. He played a vital role in making gerontology (the study of aging) a viable branch of modern science, energizing the direct-action movement for nuclear disarmament, revitalizing anarchism as a political philosophy in the post-World War II decades, and persuading 12 million readers of his most popular book to banish guilt and anxiety from sex in favor of pleasure and closer human understanding. *The Joy of Sex* spent eleven weeks atop the NYT bestseller list—and seventy-two weeks in the top five. But the book took on a life of its own as a couple generations of youth and adults used *The Joy of Sex* as a tool to understand pleasure outside the realm of guilt and shame and opened the doors to a healthier sexual culture. Comfort liked to say that everything he did was part of "one big project": to bring about a new consciousness, grounded in science, of the importance of personal responsibility in human relationships, including the obligation to disobey when authority was being exercised abusively. *Polymath* traces the intersection in Comfort's life and work between biology and literature, anarchism and humanism, sex and sociality, and how his writings, research, and activism continue to shed critical light on the moral and political choices we make today. Laursen's book relates the event-filled life of a brilliant and complex figure, including his victory over a possibly career-ending disability, his tumultuous second marriage, his struggles with the scientific establishment, and the fascinating story of the making of *The Joy of Sex*. It will be vital reading for anyone who wants to understand how the personal became political and the political became personal in the last 100 years.

**Systemic Sex Therapy** - Katherine M. Hertlein 2015-02-20

This comprehensive textbook, intended for graduate students in couple and family therapy programs as well as for clinicians of diverse orientations, offers descriptive discussions of sex therapy based on the Intersystem Approach, as developed by Gerald Weeks. The Intersystem Approach considers the biology, psychology, couple dyad, family-of-origin, and larger contextual factors of any sexual disorder or issue. It is grounded in systems theory and represents a new understanding of human sexuality and sexual problems. Appropriate for anyone who wants to progress to a more comprehensive and integrative understanding of sexual dysfunctions, this text will teach the reader how to treat the couple, rather than the individual. Now in a second edition, *Systemic Sex Therapy* presents 12 updated chapters and two new chapters, bringing the material up-to-date with the DSM-5. Each chapter examines the definition and description of a disorder, its etiology, assessment, treatment, research, and future directions. Experts in the field discuss issues ranging from pharmacology, sexual compulsivity, therapy with lesbian and gay couples, to chapters on male and female lack of desire. A standard text in the field, *Systemic Sex Therapy* integrates couple and sex therapy to inform the treatment of sexual problems, and to give beginning and experienced clinicians the abilities and confidence they need to produce viable change in their patients' lives.

*The New Joy of Sex* - Alex Comfort 1994

Combines illustrations and explicit advice on sexual positions and techniques to present a guide to sexual pleasure

**Swell-Wimp** - Perry Bathous 1999

Overweight? Out of shape? Try Swell-Wimp—a revolutionary new program of sexual exercises designed to help you reduce and control your weight. No expensive equipment required. No strict diet. Swell-Wimp is simple, it's natural and it's fun! Sounds plausible, doesn't it? Every form of exercise "burns" calories, so engaging in sexual exercise should work as well as any other type. Swell-Wimp is a humorous parody of exercise, diet and self-help books. With Swell-Wimp you maximize energy expenditure during sexual activity. How? Burn more calories during sex by vocalizing (sing, laugh, yell), exercising (sexual sit-ups, push-ups and dancing) and wearing more "clothes" (coats, weight belts, heavy shoes). Absurd? No, it's all very logical.

**The Joy of Sex** - Alex Comfort, M.D., D.SC. 1986

After 30 years—with more than eight million copies sold—"The Joy of Sex" is still considered the

quintessential sex manual by millions of readers. Featuring an exuberant combination of newly updated text and illustrations, this classic sex manual tells readers everything they want--and need--to know about sex in the 21st century. 20 full-color photos. 80 line illustrations.

[The Yale Guide to Women's Reproductive Health](#) - Mary Jane Minkin 2008-10-01

This book is for every woman who has wished for an unhurried, personal conversation with a sympathetic doctor who will answer her questions about reproductive health. Dr. Mary Jane Minkin, a gynecologist practicing for more than 25 years, presents a complete and up-to-date guide to a healthy reproductive

system for women in their teens through middle age. With warmth and understanding, Dr. Minkin and coauthor Carol V. Wright respond to questions about the gynecological issues that concern women today, including sexual activity, contraception, and family planning. Readers of *The Yale Guide to Women's Reproductive Health* will learn how the female body works, what problems may arise, and what solutions are available—in short, they will become better prepared to participate in their own health care and to make healthy decisions.
