Winter in Johannesburg - Abigail George

2013-09-02

This is a first person narrative style text, depicting the real life experiences of a woman's life and times in the cosmopolitan city of Johannesburg. Having lived a relatively sheltered life, with her upbringing in the city of Port Elizabeth, this writer ardently tackles a new world. Her words honest, emotive, eloquent and yet precise and relative to the very essence of growing up in an era of transformative change and the impact our segregated history has on the outlook and promise of a future. She strums direct on the strings which sound the melody of our souls and relative to the very essence of life; to love, to lose, to yearn for so much more; but most importantly to hope against hope itself that in spite of ourselves and our fondest of intentions we learn the life lessons that have allowed our very existence to be ok. Abigail has selected moments in her life and interlaced this with the right amount of fiction to stir a readers thoughts and dreams, honest to the extent where we might be honest with ourselves knowing that the very experiences which we shelter within our minds have not been replicated but more importantly felt by another human being, another soul so close to home. The stories are told straight from the core of her being, her soul. This mix of the ripeness of her age and the folly of her youth leave neither little unsaid nor more to be stirred in the readers' soul.

Skinheads, Rastas & Hippies - John Williams

2011-06-01

Description 'Skinheads, Rastas and Hippies' reflects John's involvement in the alternative culture of the 1970s through to the 1990s. He saw a common denominator between the different ethnic and sub-culture groups i.e. Rastas mixing with hippies/skinheads etc. It was these experiences coupled with his own diagnosis of schizophrenia that lead John to put pen to paper. A truly entertaining read the story reflects John's upbringing and youth in the mixed and sometimes volatile Brixton in South London. About the Author John was born in Jamaica in 1955, he currently lives in Brixton, South London. John has had various jobs but has struggled to find employment since becoming ill with schizophrenia. His interests include reading, football and meeting people. He has two children - Adrian aged 16 and Samantha who is 12 years of age. John wrote his book in order to share his perception of his experiences and interpretation of his life issues and tribulations. He believes that the seventies and early eighties were key years in defining the issues of today.

A Public Charity - Mary L. Mapes 2004-10-19

Using Indianapolis as its focus, this book explores the relationship between religion and social welfare. Arising out of the Indianapolis Polis Center's Lilly-sponsored study of religion and urban culture, the book looks at three issues: the role of religious social services within Indianapolis's larger social welfare support system, both public and private; the evolution of

the relationship between public and private welfare sectors; and how ideas about citizenship mediated the delivery of social services. Noting that religious nonprofits do not figure prominently in most studies of welfare, Mapes explores the historical roots of the relationship between religiously affiliated social welfare and public agencies. Her approach recognizes that local variation has been a defining feature of American social welfare. A Public Charity aims to illuminate local trends and to relate the situation in Indianapolis to national trends and events. Polis Center Series on Religion and Urban Culture -- David J. Those Kinds of Girls - Natalie Walton
2021-03-18

Double standards are about to get singled out. As lead reporter for her school newspaper, Eden has covered her fair share of stories. So when intimate photos of seven female students are anonymously emailed to the entire school, Eden is determined to get to the bottom of it. As she digs deeper into the mystery, Eden is shocked to discover not everyone agrees the students are victims. Some argue that they're 'those kinds of girls' and 'brought it on' - and the school's administrator is more concerned about protecting the school's reputation than its students. With the anonymous sender threatening more emails, Eden needs to act quickly. Banding together with the seven young women to find the perpetrator, the tables are about to be turned . . . The girls are fighting back. Natalie Walton's empowering and sparky debut is a feminist mystery story - perfect for fans of A Good Girl's Guide to Murder and Netflix's Sex Education.

Knox: on the ice - Lexi Buchanan 2022-09-26
Knox Knox Rodriguez defines himself as a survivor. He had no choice. His life in Cuba had been dangerous. Boston was unique. The Boston Bay Vikings his bright spot. He had friends in whom he had learned to put his trust. He no longer looked behind him. He was no longer going hungry. Not like the petite girl who skated on weekends, he suspected. Jericho had told him that she was struggling. She was a tough kid who didn't believe in anyone. I made the decision to help her. I hadn't anticipated her

shoving it back in my face. What was the matter with her? Iris Tattooed and brooding was not the type of man Iris Baxter wanted helping her and her two siblings. She'd noticed the way the man looked at her. He thought she was stupid. She was aware of what he desired in exchange for his help. It was the same as before, which she had refused to accept. That was not who she was. She didn't care about herself as long as Jack and Dani were fed, or at least she hadn't. The truth was that if she became ill, her sibling would be alone. Iris, battered and struggling, accepted Knox's offered hand. She needed to get Jack and Dani out of the hellhole in which they were living. Knox, furious at what Iris thought of him, quickly corrected her, but Iris didn't trust easily.

Cinderland - Amy Jo Burns 2015-09-08

A riveting literary debut about the cost of keeping quiet Amy Jo Burns grew up in Mercury, Pennsylvania, an industrial town humbled by the steel collapse of the 1980s. Instead of the construction booms and twelve-hour shifts her parents' generation had known, the Mercury Amy Jo knew was marred by empty houses, old strip mines, and vacant lots. It wasn't quite a ghost town—only because many people had no choice but to stay. The year Burns turned ten, this sleepy town suddenly woke up. Howard Lotte, its beloved piano teacher, was accused of sexually assaulting his female students. Among the countless girls questioned, only seven came forward. For telling the truth, the town ostracized these girls and accused them of trying to smear a good man's reputation. As for the remaining girls—well, they were smarter. They lied. Burns was one of them. But such a lie has its own consequences. Against a backdrop of fire and steel, shame and redemption, Burns tells of the boys she ran from and toward, the friends she abandoned, and the endless performances she gave to please a town that never trusted girls in the first place. This is the story of growing up in a town that both worshipped and sacrificed its youth—a town that believed being a good girl meant being a quiet one—and the long road Burns took toward forgiving her ten-year-old self. Cinderland is an elegy to that young girl's innocence, as well as a praise song to the curative powers of breaking a long
