

# **Vom Kolonialen Gottesexport Zur Befreienden Mission Eine Franziskanisch Orientierte Theologie Einer Inkulturierten Evangelisation**

*Bibliographia Franciscana* - 1998

*Pluralismus statt Katholizität?* - Bertram  
Stubenrauch 2017-09-13

Seit den Tagen des Zweiten Vatikanischen Konzils wird auch in der katholischen Kirche intensiv über das Verhältnis des Christentums zu anderen Religionen diskutiert. Dabei geht es nicht in erster Linie um den Dialog im praktischen Sinn, sondern um das

Selbstverständnis des Christentums angesichts der Pluralität von Religionen. Das öffentliche Bewusstsein hat sich weitgehend auf eine indifferente Position zurückgezogen, der wissenschaftliche Diskurs ergeht sich in Theorieerörterungen oder Pragmatismen. Das Buch setzt bei der Überzeugung von der einmaligen und unüberbietbaren Menschwerdung des göttlichen Wortes an. Es wird sichtbar gemacht, dass christliche

Religionstheologie weder zur Relativierung des Eigenen noch zur Geringschätzung des Fremden führen muss. Sie ist vielmehr eine Möglichkeit, den Gott aller Menschen unbeschadet ihrer religiösen Überzeugungen zur Sprache zu bringen.

Notices of Brazil in 1828 and 1829 - Robert Walsh 1830

*Dieux fantasmés, Dieu tout autre* - Jean Pirotte  
2023-04-20

Fous de Dieu prétendant agir sous l'emprise divine, prophètes et hiérarques de tout poil affirmant leurs vérités en son nom, ces personnes, de quel Dieu parlent-elles ? Leur Dieu ne reflète-t-il pas surtout leurs propres fantasmes ou ambitions ? « Si Dieu nous a faits à son image, nous le lui avons bien rendu », écrivait Voltaire. Que savons-nous finalement de Dieu ? Sans doute, pas grand-chose et ceux qui croient en lui sont contraints de reconnaître que le « Tout Autre » échappe à notre entendement.

Pour être « honnête avec Dieu », il faut <sup>Inkulturierten Evangelisation</sup>

commencer par la voie purgative. Dieu, s'il est, est nécessairement toujours au-delà de ce que l'on peut en dire. Nos conceptions de Dieu apparaissent souvent comme les reflets, tantôt de fantasmes individuels, tantôt de besoins humains fondamentaux, tantôt de problèmes ou de contraintes d'une époque : Dieu manipulé par des pratiques magiques du donnant-donnant ; Dieu guerrier appelant aux armes ses fidèles pour défendre son honneur ; Dieu mis en cause pour son absence lors des grands cataclysmes humains. Le chercheur se doit de traiter avec respect toute croyance ou toute production des humains dans leur quête de sens, au sein des religions du monde comme dans l'incroyance et l'athéisme. Par une lecture critique des écrits fondateurs du christianisme et par un regard sur des siècles d'histoire, cet ouvrage cherche à éclairer la question de Dieu pour les humains du XXIe siècle. Le propos de l'auteur n'est pas apologétique. Il se veut libre de toute contrainte

**Christianity in Latin America** - Hans-Jürgen  
Prien 2012-11-21

Winner of the 2013 Choice Outstanding  
Academic Title Award Christianity in Latin  
America provides a complete overview of over  
500 years of the history of Christianity in the  
'New World'. The inclusion of German research  
in this book is an important asset to the Anglo-  
American research area, in disclosing  
information that was hitherto not available in  
English. This work will present the reader with a  
very good survey into the history of Christianity  
on the South American continent, based on a  
tremendous breadth of literature.

Colonial Latin America - Kenneth Mills  
2002-08-01

Colonial Latin America: A Documentary History  
is a sourcebook of primary texts and images  
intended for students and teachers as well as for  
scholars and general readers. The book centers  
upon people-people from different parts of the  
world who came together to form societies by  
chance and by design in the years after 1492.  
This text is designed to encourage a detailed

exploration of the cultural development of colonial Latin America through a wide variety of documents and visual materials, most of which have been translated and presented originally for this collection. Colonial Latin America: A Documentary History is a revision of SR Books' popular Colonial Spanish America. The new edition welcomes a third co-editor and, most significantly, embraces Portuguese and Brazilian materials. Other fundamental changes include new documents from Spanish South America, the addition of some key color images, plus six reference maps, and a decision to concentrate entirely upon primary sources. The book is meant to enrich, not repeat, the work of existing texts on this period, and its use of primary sources to focus upon people makes it stand out from other books that have concentrated on the political and economic aspects. The book's illustrations and documents are accompanied by introductions which provide context and invite discussion. These sources feature social

changes, puzzling developments, and the Inkulturierten Evangelisation experience of living in Spanish and Portuguese American colonial societies. Religion and society are the integral themes of Colonial Latin America. Religion becomes the nexus for much of what has been treated as political, social, economic, and cultural history during this period. Society is just as inclusive, allowing students to meet a variety of individuals-not faceless social groups. While some familiar names and voices are included-conquerors, chroniclers, sculptors, and preachers-other, far less familiar points of view complement and complicate the better-known narratives of this history. In treating Iberia and America, before as well as after their meeting, apparent contradictions emerge as opportunities for understanding; different perspectives become prompts for wider discussion. Other themes include exploration and contact; religious and cultural change; slavery and society, miscegenation, and the formation, consolidation,

reform, and collapse of colonial institutions of government and the Church, as well as accompanying changes in economies and labor. This sourcebook allows students and teachers to consider the thoughts and actions of a wide range of people who were making choices and decisions, pursuing ideals, misperceiving each other, experiencing disenchantment, absorbing new pressures, breaking rules as well as following them, and employing strategies of survival which might involve both reconciliation and opposition. Colonial Latin America: A Documentary History has been assembled with teaching and class discussion in mind. The book will be an excellent tool for Latin American history survey courses and for seminars on the colonial period.

The inclusion of German research in this book is an important asset to the Anglo-American research area, in disclosing information that was hitherto not available in English. This work will present the reader with a very good survey into the history of Christianity on the South American continent, based on a tremendous breadth of literature.

*Church and State in Bourbon Mexico* - D. A. Brading 2002-08-22

In the eighteenth century the Mexican Church experienced spiritual renewal and intellectual reform. This is a rounded portrait of the Mexican Church at its meridian, touching upon virtually all aspects of religious life.

*Contested Ground* - Donna J. Guy 1998-04

The Spanish empire in the Americas spanned two continents and a vast diversity of peoples and landscapes. Yet intriguing parallels

characterized conquest, colonization, and indigenous resistance along its northern and southern frontiers, from the role played by Jesuit missions in the subjugation of native peoples to the emergence of livestock industries, with their attendant cowboys and gauchos and threats of Indian raids. In this book, nine historians, three anthropologists, and one sociologist compare and contrast these fringes of New Spain between 1500 and 1880, showing that in each region the frontier represented contested ground where different cultures and politics clashed in ways heretofore little understood. The contributors reveal similarities in Indian-white relations, military policy, economic development, and social structure; and they show differences in instances such as the emergence of a major urban center in the south and the activities of rival powers. The authors also show how ecological and historical differences between the northern and southern frontiers produced intellectual differences as well. In North

America, the frontier came to be viewed as a land of opportunity and a crucible of democracy; in the south, it was considered a spawning ground of barbarism and despotism. By exploring issues of ethnicity and gender as well as the different facets of indigenous resistance, both violent and nonviolent, these essays point up both the vitality and the volatility of the frontier as a place where power was constantly being contested and negotiated.

**Väter der Kirche** - Johannes Arnold 2004

Die Kirche lebt aus ihren lebendigen Quellen. Neben der Heiligen Schrift sind dies in erster Linie die Kirchenväter und die Konzilsväter, die durch ihr Leben und mit ihren Schriften der Kirche Gestalt gegeben haben. Wie aber verstanden sie selbst die Kirche und wie haben spätere Theologen wiederum ihre Bedeutung für die Kirche bewertet? Der vorliegende Sammelband soll diesen Fragen nachgehen. Für die Kirchen- und Konzilsväter selbst steht dabei ihr Kirchenverständnis im Mittelpunkt der Untersuchung, für die mittelalterlichen und neuzeitlichen Theologen soll vor allem der Frage nachgegangen werden, welche Rolle die Rezeption der Kirchenväter für die Ausgestaltung ihres eigenen Kirchenverständnisses spielt. Bei manchen

**Inkulturierten Evangelisation**  
Autoren geschieht dies unausgesprochen durch

die Art der Quellenbenutzung, bei anderen findet sich auch eine explizite Lehre über die Bedeutung der Kirchenväter, also gewissermaßen eine dogmatische Patrologie. Der Band, an dem ein internationaler Kreis von über fünfzig Autoren mitgewirkt hat, ist zugleich eine Festgabe zum siebzigsten Geburtstag von P. Hermann-Josef Sieben SJ, dessen Lebenswerk unter der angesprochenen Fragestellung steht. Das Werk wird drei Teile umfassen. Der erste Teil unter dem Titel 'Die Kirche der Väter' wird von Johannes Arnold betreut und ist dem Kirchenverständnis in der Alten Kirche gewidmet. Den zweiten Teil 'Die Bedeutung der Väter für das Kirchenverständnis im Mittelalter' betreut Ralf M. W. Stammberger, den dritten Teil unter dem Titel 'Kirchenväter in der Gesellschaft Jesu' Rainer Berndt SJ.
