He has sold hundreds of titles and represents dozens of top authors.

American Book Publishing Record - 1997

Subject Guide to Books in Print - 2001

Civic Passions - Tichi 2010-07-13

A gripping and inspiring book, Civic Passions examines innovative leadership in periods of crisis in American history. Starting from the late nineteenth century, when respected voices warned that America was on the brink of collapse, Cecelia Tichi explores the wisdom of practical visionaries who were confronted with a series of social, political, and financial upheavals that, in certain respects, seem eerily similar to modern times. The United States--then, as now--was riddled with political corruption, financial panics, social disruption, labor strife, and bourgeois inertia. Drawing on a wealth of evocative personal accounts, biographies, and archival material, Tichi brings seven iconoclastic individuals from the Gilded Age back to life. We meet physician Alice Hamilton, theologian Walter Rauschenbusch, jurist Louis D. Brandeis, consumer advocate Florence Kelley, anti lynching activist Ida B. Wells-Barnett, economist John R. Commons, and child-welfare advocate Julia Lathrop. Bucking the status quo of the Gilded Age as well as middle-class complacency, these reformers tirelessly garnered popular support as they championed progressive solutions to seemingly intractable social problems. Civic Passions is a provocative and powerfully written social history, a collection of mini biographies, and a user's manual on how a generation of social reformers can turn peril into progress with fresh, workable ideas. Together, these narratives of advocacy provide a stunning precedent of progressive action and show how citizen-activists can engage the problems of the age in imaginative ways. While offering useful models to encourage the nation in a newly progressive direction, Civic Passions reminds us that one determined individual can make a difference.

Fashion, Costume, and Culture - Sara Pendergast 2003

This volume provides a history of human decoration and adornment.

Begging in America, 1850-1940 - Kerry Segrave 2011-10-14

The poverty that drives people to begging has been a pressing social issue in the United States since the beginning. This historical work explores begging and beggars in the period 1850 to 1940, with emphasis on how the police, the courts, the media and private charity organizations dealt with them. Efforts to suppress mendicancy are

explored, including legislation, police crackdowns, and public vouchers for meals and shelter. Of particular interest is the way in which media portrayals have guided public perception of mendicants. Despite the massive social upheavals the last two centuries have brought, all efforts to suppress begging have failed. Many of the complaints and arguments made against beggars and begging in 1850 and 1900 and 1940 were also made into the 21st century because, in the end, the public continued to give alms.

The Cumulative Book Index - 1998

A world list of books in the English language.

The Encyclopedia of New York State - Peter Eisenstadt 2005-05-19

The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half-century. In nearly 2,000 pages and 4,000 signed entries, this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas, as a cradle of abolitionism and feminism, and as an apex of modern urban, suburban, and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world, but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi; New York is the only state to border both the Great Lakes and the Atlantic Ocean; the Erie Canal opened New York City to rich farmland upstate . . . and to the west. Entries by experts chronicle New York's varied areas, politics, and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads, weaving the state's diverse regions and peoples into one idea of New York State. Lavishly illustrated with 500 photographs and figures, 120

maps, and 140 tables, the Encyclopedia is key to understanding the state's past, present, and future. It is a crucial reference for students, teachers, historians, and business people, for New Yorkers of all persuasions, and for anyone interested in finding out more about New York State.

The Ladies' Book of Etiquette, and Manual of Politeness - Florence Hartley 1875

Writer's Guide to Book Editors, Publishers, and Literary Agents, 2003-2004 - Jeff Herman 2002
