Got a date with an angel - Skinnay Ennis 19??

A Date with Angel - J. Judkins 2015-05-22

Kim could tell at a glance Angel wasn't the average attractive yet poorly disguised extraterrestrial scout sent to assess Earth's defenses before the inevitable alien invasion. Angel's memory loss cover story? Lame. Robbing a passing ruffian of his shirt to cover her naked body? NOT a good way to avoid attracting attention! As a science fiction geek, Kim felt herself uniquely qualified to watch Angel and thwart her dark mission...once the alien got around to it. But Angel had her own questions. She couldn't help but wonder, why would Kim invite a stranger home? Surely, it could only be for romance! Kim didn't dare correct her, not without giving herself away, and so both found themselves in an escalating romantic relationship neither actually wanted. Is it possible lies and deception could lead to true love? Could projected feelings designed to fool the other become genuine? "A Date with Angel is a romantic escalation comedy full of misinterpretations, grand theories, and devious, romantic traps ... and a suspected alien woman doing her best to meet a sci-fi paranoiac's expectations."

The Angels' Guide to Dating - Laura Penn 2005

Dating, like hang-gliding, requires a leap of faith into the unknown and the real possibility of getting hurt (The good news with dating is that if at first you don't succeed you can try again). If you are a would-be dater there is a deluge of advice from magazines, chat shows and experts, all human and subject to human failings. How much better to have advice direct from the angelic realms? Angels never interfere but can, and will, intervene if you ask them to. Laura Penn explains how to invoke the angel you need at the time you need them. Areas covered include finding your love and first dates, (including a unique angelic bull barometer to gauge if your intended is all they claim to be). Advice is here for keeping it going to what to do when it all goes wrong, (the angel of chocolate can be a true friend at the time of a break up). The Angels can provide a hand to hold and a guide to the maze of emotions from the thrill of the first date to the heartache of being dumped. The angels can help you enjoy each and every stage.

The Angel - Hans Christian Andersen 2020-06-26

When a child dies, an angel comes to find them and bring them to heaven and they take with them some flowers so that they can bloom again above. But, this time, when the angel came, he stayed on earth longer than usual and, in this story, Hans Christian Andersen tells us why. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably

by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.
