**How to Be a Good Girlfriend and Keep Your Boyfriend Happy** - Andres Munsel 2015-04-12

Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a pony-tail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal owner of your man's heart and mind.

### **How to Attract Women** - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities

women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information.
