## Newsweek

### A Man Returned His Wife's "Woman Of The Year" Award After Caitlyn Jenner Received One - BuzzFeed

Husband Returns 'Woman Of Year' Award Over Caitlyn Jenner - The Federalist

Imposed Morality - Dr Alena Rada, PhD

2021-06-01

The book "Imposed Morality" is written from a multidisciplinary perspective and in this sense is totally different from other books dealing with human sexuality and particularly homosexuality. While other books usually present only one point of view such as medical, psychiatric, psychological, social or legal this book present a total and multidisciplinary view. It also includes a discussion of the present views of homosexuality both in the western countries as compared to some non-western societies which do not seem to take the many important aspects of this practice recently discussed and evaluated by western scientists in consideration, and

continue to criminalize homosexuality leading to death sentences and executions of gay people or them being stoned publicly to death.

**Kris Jenner . . . And All Things Kardashian** -

Kris Jenner 2012-09-04

Everybody's favorite "momager," the businesswoman behind the Kardashian empire, shares her never-before-told story.

Finding the Champion Within - Bruce Jenner

1999-04

One of the world's greatest athletes provides a plan, useful to anyone, for personal growth. Using the decathlon as a metaphor for development, Jenner offers a powerful success strategy--one that he has molded over a lifetime.

**The Kardashians** - Jerry Oppenheimer

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
by guest

2017-09-19

From the New York Times bestselling author of Crazy Rich comes a blockbuster unauthorized biography of one of the most famous and ubiquitous family dynasties in contemporary culture: The Kardashians. Secrets and scandals of the Kardashians, so closely held that not even hard core fans have heard about them, are finally exposed in New York Times bestselling author Jerry Oppenheimer's forensic dissection of the infamous reality TV clan. From the curious life of patriarch Robert Kardashian, whose family meatpacking business was tainted by scandal, to "momager" Kris Jenner's top-secret plan for the future, The Kardashians reveals the untold, definitive story based on two years of investigative reporting and scores of candid, on-the-record interviews, ranging from childhood friends to powerful business associates, who break their silence for the first time. In the decade since the Kardashians first appeared on the scene, millions of speculative words have

been written about their drama-filled lives. But most has been tabloid hype and gossip column fantasy. Until now. Oppenheimer has written revelatory books on such international icons as the Clintons, the Kennedys, the Hiltons and more, and now comes The Kardashians, the true story that will make headlines and shock even the most loyal fans.

**Nuff Said** - Tyrus 2023-11-21

The New York Times and Wall Street Journal bestselling author of Just Tyrus returns in his inimitable style with deeper reminiscences on the life that shaped him and how he views the world we're living in. "In this sequel, you'll delve into some of Tyrus's extraordinary life experiences and see how they connect with the most pressing issues of our time: immigration, crime, bullying, athletics, politics, China, parenting, and respect (for ourselves, each other, and the planet). It is Tyrus's commentary on all of these issues that has the power to silence a room. When he talks, people listen.

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
by guest*

There's so much wisdom and common sense in his takes that you'll finish this book more informed and more optimistic about the future—and we could all use that.” —Dana Perino A rare voice of reason and authentic storyteller who never holds back, Tyrus picks up where he left off in *Just Tyrus*, delivering a series of gut-wrenching, heart-rending and redemptive tales from his remarkable life and coupling them with no-nonsense insights on the hottest issues being discussed around the country. “Tyrus remains one of the most distinct, original voices in any medium, if not one of the most brutally honest to enter the realm of television since Charles Krauthammer. I mention them both because they're not different—both deep thinkers who leave inedible marks on those who are lucky enough to cross their paths. It's Tyrus's thinking that drives this book, and you'll get it through his powerful words. Writers spend years trying to concoct a voice. Tyrus makes it seem like it was always there.” —Greg Gutfeld

Whether he's tackling the issues of race and activism in America today or confronting his past with stories of family, relationships, wrestling, and more, this is pure Tyrus at his unbridled best. The parallels he draws between current culture and his personal past are insightful, provocative, and profound. *Nuff Said* is a powerful reflection on a complex life and a complicated world.

*CORROSIVE IMPACT OF TRANSGENDER IDEOLOGY*. - JOANNA. WILLIAMS 2020

[Kardashian Dynasty](#) - Ian Halperin 2016-04-19

Traces the rise of the Kardashian and Jenner families to reality show and tabloid fame. Discusses the negative publicity that has overshadowed their recent years while scrutinizing charges of exploitation that have targeted Kris Jenner, Rob Kardashian, and Caitlyn Jenner.

**Trans** - Rogers Brubaker 2018-05-29

How the transgender experience opens up new

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
by guest*

possibilities for thinking about gender and race. In the summer of 2015, shortly after Caitlyn Jenner came out as transgender, the NAACP official and political activist Rachel Dolezal was "outed" by her parents as white, touching off a heated debate in the media about the fluidity of gender and race. If Jenner could legitimately identify as a woman, could Dolezal legitimately identify as black? Taking the controversial pairing of "transgender" and "transracial" as his starting point, Rogers Brubaker shows how gender and race, long understood as stable, inborn, and unambiguous, have in the past few decades opened up—in different ways and to different degrees—to the forces of change and choice. Transgender identities have moved from the margins to the mainstream with dizzying speed, and ethnoracial boundaries have blurred. Paradoxically, while sex has a much deeper biological basis than race, choosing or changing one's sex or gender is more widely accepted than choosing or changing one's race. Yet while

few accepted Dolezal's claim to be black, racial identities are becoming more fluid as ancestry—increasingly understood as mixed—loses its authority over identity, and as race and ethnicity, like gender, come to be understood as something we do, not just something we have. By rethinking race and ethnicity through the multifaceted lens of the transgender experience—encompassing not just a movement from one category to another but positions between and beyond existing categories—Brubaker underscores the malleability, contingency, and arbitrariness of racial categories. At a critical time when gender and race are being reimagined and reconstructed, *Trans* explores fruitful new paths for thinking about identity.

**My Sister** - Selenis Leyva 2020-03-24

A powerful memoir by two sisters about transitioning, family, and the path to self-realization. When Orange Is the New Black and Diary of a Future President star Selenis Leyva

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
by guest

was young, her hardworking parents brought a new foster child into their warm, loving family in the Bronx. Selenis was immediately smitten; she doted on the baby, who in turn looked up to Selenis and followed her everywhere. The little boy became part of the family. But later, the siblings realized that the child was struggling with their identity. As Marizol transitioned and fought to define herself, Selenis and the family wanted to help, but didn't always have the language to describe what Marizol was going through or the knowledge to help her thrive. In *My Sister*, Selenis and Marizol narrate, in alternating chapters, their shared journey, challenges, and triumphs. They write honestly about the issues of violence, abuse, and discrimination that transgender people and women of color--and especially trans women of color--experience daily. And they are open about the messiness and confusion of fully realizing oneself and being properly affirmed by others, even those who love you. Profoundly moving and

instructive, *My Sister* offers insight into the lives of two siblings learning to be their authentic selves. Ultimately, theirs is a story of hope, one that will resonate with and affirm those in the process of transitioning, watching a loved one transition, and anyone taking control of their gender or sexual identities.

**The Secrets of My Life** - Caitlyn Jenner  
2017-04-25

In this remarkable memoir former Olympian and Kardashian family member Caitlyn Jenner reveals shocking and heartbreaking stories from her journey to become a transgender woman and fight for the LGBTQ+ community. Imagine denying your core and soul. Then add to it the most impossible expectations that people have for you because you are the personification of *The American Male Athlete*. Bruce Jenner, the celebrated Olympic icon and later the patriarch of one of the most famous families in the world, seemed to be living a dream life of success, fame, and prosperity. But the all-American

image and million-dollar smile belied a lifelong struggle with gender dysphoria, and it wasn't until the sensational Diane Sawyer interview that the public mask of Bruce Jenner was finally retired, and through the memorable Vanity Fair piece by Buzz Bissinger, that Caitlyn Jenner was introduced to the world and set free to exist on her own terms. Since then, Caitlyn has undertaken an arduous emotional and physical odyssey to achieve the completeness she always felt was missing. In *The Secrets of My Life*, Caitlyn reflects on the inner conflict she experienced growing up in an era of rigidly defined gender identities, and the cruel irony of being hailed by an entire nation as the ultimate symbol of manhood. She recounts her Olympic triumph, her rise to fame, and relates how her sense of frustration and shame grew with the passing years and the lengths to which she had to go to conceal her true self. Caitlyn in turn uncovers the toll that these personal struggles had on her three marriages and, subsequently,

the relationships with her children. She also talks candidly about her life in the public eye as a member of the Kardashian clan, what led to her decision to become Caitlyn, and how she, her family, the transgender community, and the rest of the world has since embraced her new life. Filled with incredibly personal and moving stories of struggle and victory, of anxiety and fear, and, finally, of surrender and acceptance, *The Secrets of My Life* reveals the real Caitlyn Jenner by tracing her long and eventful journey to becoming herself.

**The Abolition of Sex** - Kara Dansky 2021-11-11  
Most Americans do not understand the real threat that the “transgender” agenda, or the so-called “gender identity” movement, poses to all of us—especially women and girls—nor do they understand the extent to which it is taking over U.S. law and civil society. The simple truth is that “gender identity” functions to abolish sex, and all of our civic institutions—government, media, academia, and business—have been

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
*by guest*

completely captured by it. We have been told that “transgender” is a word to describe a marginalized group of people who are in need of civil rights protection; it is not. Instead, it is an incoherent word that is being used to advance a much broader agenda. There are many people—including people on the political left—who understand the threat that enshrining “gender identity” in law and society poses, but they are silenced when they try to speak out. This book shines a light on the truth about “gender identity,” the “transgender” agenda, the very real threats that they pose to all of society—specifically to the rights, privacy, and safety of women and girls—and what the global Women’s Human Rights Campaign is doing to fight back.

[LGBTQ+ Athletes Claim the Field](#) - Kirstin Cronn-Mills 2016-09-01

In 2015, the world watched as soccer star Abby Wambach kissed her wife after the US women's World Cup victory. Milwaukee Brewers' minor

league first baseman David Denson came out as gay. And Caitlyn (born Bruce) Jenner, an Olympic decathlete, came out as transgender. It hasn't always been this way. Many great athletes have stayed in the closet their whole lives, or at least until retirement. Social attitudes, institutional policies, and laws are slow to change, but they are catching up. Together, athletes, families, educators, allies, and fans are pushing for competitive equity so that every athlete, regardless of identity, can have the opportunity to play at their very best.

*The Woking Dead* - A.J. Rice 2022-07-26

Donald J. Trump was the vaccine America needed. He fought for America against the Deep State and the woke maniacs relentlessly destroying everything Americans love. They’re attacking George Washington. They’re attacking Dave Chappelle and Abraham Lincoln. They have taken over the New York Times and the NBA. Trump understood this, and he stood, seemingly alone at times, against the cancel culture hordes

*Downloaded from

by guest*

clawing to take down the United States from within. Rice understood the importance of Trump and why America needed him. This explains why many of Trump's closest advisors have sought out A.J. Rice's media advice and publicity help. If he wasn't helping you today, chances are he will tomorrow. Rice has fought behind the scenes for years, in ways you saw and heard but never understood—until now. A creative mind behind some of the nation's most important talk radio stars and the strategist behind the America First books you love to read. Like it or not, his content has been around you in some form for decades. He was in your favorite publications and behind some of America's most courageous culture warriors and institutions, crafting strategy and winning the battles you care about. You've seen A.J. Rice's work for years...you just never knew it. In *The Woking Dead*, Rice reveals it all. This bracing, hilarious, biting, hard-hitting collection takes you deep into the fight to make America great again. Rice,

a contributor to many popular publications and the CEO of Publius PR in Washington, DC, seeks to save America from Joe Biden and his woke zombie battalions in government, entertainment, academia, sports, and media. *The Woking Dead* will wake you up to what's happening in your culture and help you gird your loins for the crazy years ahead.

**Trouble With Gender** - Alex Byrne 2023-10-04  
Sex used to rule. Now gender identity is on the throne. Sex survives as a cheap imitation of its former self: assigned at birth, on a spectrum, socially constructed, and definitely not binary. Apparently quite a few of us fall outside the categories 'male' and 'female'. But gender identity is said to be universal - we all have one. Humanity used to be cleaved into two sexes, whereas now the crucial division depends on whether our gender identity aligns with our body. If it does, we are cisgender; if it does not, we are transgender. The dethroning of sex has meant the threat of execution for formerly noble

words such as 'woman' and 'man'. In this provocative, bold, and humane book, the philosopher Alex Byrne pushes back against the new gender revolution. Drawing on evidence from biology, psychology, anthropology and sexology, Byrne exposes the flaws in the revolutionary manifesto. The book applies the tools of philosophy, accessibly and with flair, to gender, sex, transsexuality, patriarchy, our many identities, and our true or authentic selves. The topics of *Trouble with Gender* are relevant to us all. This is a book for anyone who has wondered 'Is sex binary?', 'Why are men and women different?', 'What is a woman?' or, simply, 'Where can I go to know more about these controversies?' *Revolutions* devour their own children, and the gender revolution is no exception. *Trouble with Gender* joins the forefront of the counter-revolution, restoring sex to its rightful place, at the centre of what it means to be human.

**Caitlyn Jenner** - Carla Mooney 2016-07-15

Countless media outlets reported it: 2015 was the year of identity. And by and large, Caitlyn Jenner was a central figure in forging that dialogue. When she revealed her gender identity as a trans woman, Jenner shocked the public with her frankness, bringing awareness of transgender rights into the public spotlight. This biography tracks the life of one of America's most beloved athletes and television personalities, putting emphasis on her role as a celebrity advocate for transgender individuals. Sidebars highlight other celebrity figures who paved the way for Jenner and cover important topics such as language sensitivity and transgender suicide rates.

**Women** - Annie Leibovitz 1999-10-01

The photographs by Annie Leibovitz in *Women*, taken especially for the book, encompass a broad spectrum of subjects: a rap artist, an astronaut, two Supreme Court justices, farmers, coal miners, movie stars, showgirls, rodeo riders, socialites, reporters, dancers, a maid, a

general, a surgeon, the First Lady of the United States, the secretary of state, a senator, rock stars, prostitutes, teachers, singers, athletes, poets, writers, painters, musicians, theater directors, political activists, performance artists, and businesswomen. "Each of these pictures must stand on its own," Susan Sontag writes in the essay that accompanies the portraits. "But the ensemble says, So this what women are now -- as different, as varied, as heroic, as forlorn, as conventional, as unconventional as this."

*We Rise to Resist* - Paula vW. Dáil 2018-02-19  
"There are more seasons to come and there is more work to do," Hillary Clinton told her supporters following her surprising defeat in the 2016 presidential election. Taking her words to heart, on January 21, 2017, millions of women (and men) across America--opposing a president-elect many considered a misogynist--marched in protest. Millions more around the world joined them in the first mass action of a new women's political resistance movement. This collection of

essays and interviews presents 36 voices in this emerging movement discussing a range of topics--activism, healthcare, education, LGBTQIA issues, the environment, and other concerns that affect the political and cultural environment now and in the future ([www.werisetoresist.com](http://www.werisetoresist.com)).

*Confessions of a Professor* - Dr. Thom Gilliam  
Ph.D. 2023-11-08

How has our higher education system become so corrupt and unsustainable while undermining our freedom behind closed doors? Imagine sending your conservative daughter off to your state's flagship university. After six long years, not the four years you expected, she returns home with a bachelor's degree in one of the "studies." She returns home to live because she can't find employment sufficient to support herself. As heartbreaking as that is, you soon discover she is now a socialist, hates America, and blames men for a patriarchal society she believes ruined her life. She left home full of love

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-07-16  
by guest

but returned filled with hate. Unfortunately, that is not imaginary, and there is no place to turn. Our 4,000 independent universities act as one, and their 1.5 million professors hold homogenous views. This single-mindedness has eliminated free speech and critical thinking by students and faculty alike. Confessions of a Professor provides an insider's in-depth analysis of our universities' destructive actions in three broad areas. First, it details their failure to educate students to contribute to society. Second, it exposes academia's politicized research that helps form government policy. Finally, it documents academia's actions to undermine us at home and betray us abroad. Beyond those issues, it explains academic research in an easily understood manner. It shows how academic studies align with the new Socialist-Democrat party and drive regulations that control our lives. As bad as their politicized science is and their students' experiences can be, this book also exposes the extent of racism in

the name of diversity. Similarly, it reveals how the war on men has led to 50% more women attending universities and much worse. But even if all these issues were rectified, academia's traitorous relationship with China is enough alone to condemn the institution. As this book shows, we cannot maintain an advanced society without a higher education system, but ours is failing America and actively undermining us internationally. The author provides over 500 references to support these findings.

*Britannica Book of the Year - 2016*

[Defending Women's Spaces](#) - Karen Ingala Smith  
2022-11-16

Who counts as a woman? This question lies at the heart of many public debates about sex and gender today. While we increasingly recognise the desire of some to eliminate the sex binary in law, a particular boiling point emerges through conflicting demands over women's spaces.

Which should govern access to these - sex or

*Downloaded from*

gender identity? Karen Ingala Smith, a veteran campaigner for women's and girls' rights, opts for the former. In this trenchant critique of inclusivity politics, she argues that we cannot ignore the wealth of evidence which shows that people of the female sex have a unique set of needs which are often not met by mixed-sex spaces. Drawing on her 30 years of experience

in researching and recording men's violence against women and girls, she outlines how certain spaces, including refuges, benefit from remaining single sex - and what they stand to lose. Written with sensitivity and respect for all concerned, this book nevertheless dismantles the idea that we have reached a post-sex utopia.
