The dangers of men dating women are often grossly underestimated and should not be blithely overlooked. When men date women, they are dating personas of women and are acutely unaware of the true colors of the women whom they were dating until after they have married them. In other words, one of the grave dangers of men dating women is not being able to know the true colors of the person whom you are dating until after you have married them which can result in you having a toxic marriage and being married to someone whom you are incompatible with. When you marry the wrong person, it can exacerbate every facet of your life and render it all the more cumbersome to be able to function on a daily basis, especially if you have a toxic marriage. Unbeknownst to most men, the person whom you are dating may continuously put on a fake facade and alter their character into temporary becoming the antithesis of their real character and not show their true colors and reveal their true nature until after you have married them. When a subterfuge is utilized to portray a false character, you are at risk of marrying a person whose true character could indeed be a stark contrast to the character of the person you were dating. Nothing salubrious can ever ensue from making a poor marriage decision. Making a poor marriage decision can result in a costly divorce that can even financially set you back for a lifetime if you wind up paying lifetime alimony payments as a result. The dangers of men dating women are not limited to the possibility of entering into a toxic marriage that can exacerbate every facet of your life if the person whom you married was posturing a false pretense of character throughout the entirety of the time you dated them that is stark contrast to their true character. In the event that you date someone whom was not putting on a fake facade and subsequently wind up marrying them then there is still a possibility that their character can change overtime and become a person whom you dread being married to. Someone's character can

change from being bubbly, optimistic, easygoing, and gleeful to becoming livid, vituperative, pessimistic, and bitter. When you detest and disdain being in the presence of the person whom you married, the marriage can become a toxic marriage which can render your life all the more arduous. A costly divorce can even ensue when one person in the relationship no longer feels compatible with the other. Dating women renders men all the more prone to experiencing the financial brunt of a costly, calamitous divorce that can set them back for a lifetime if they wind up paying lifetime alimony payments as a result of their marriages going awry post marrying people they dated. Another danger with men dating women appertains to men rendering themselves vulnerable...

Use the Internet to date the Viagra generation. Restore your self-esteem despite body parts that have succumbed to gravity. Forgive the bastard (and yourself) and finally move on...and much more.

Divorced Girl Smiling - Jackie Pilossoph 2013-11-23

Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.
