

Dear Larissa Sexuality Education For Girls Ages 11 17

Dear Larissa - Cynthia G. Akagi
1994

A mother's letter to her daughter about puberty, boys, dating, sexual diseases, birth control, teen pregnancy, sexual abuse, and marriage.

The Female Thing - Laura Kipnis 2009-03-12

From the author of the acclaimed *Against Love* comes a pointed, audacious, and witty examination of the state of the female psyche in the post-post-feminist world of the twenty-first century. Women remain caught between feminism and femininity, between self-affirmation and an endless quest for self-improvement, between playing an injured party and claiming independence. Rather than blaming the usual

suspects—men, the media—Kipnis takes a hard look at culprits closer to home, namely women themselves. Kipnis serves up the gory details of the mutual displeasure between men and women in painfully hilarious detail. Is anatomy destiny after all? An ambitious and original reassessment of feminism and women's ambivalence about it, *The Female Thing* breathes provocative new life into that age-old question.

The Brothers Karamazov - Fyodor Dostoyevsky
2016-03-24

The Brothers Karamazov, also translated as *The Karamazov Brothers*, is the final novel by the Russian author Fyodor Dostoyevsky. Dostoyevsky spent nearly two years writing

The Brothers Karamazov, which was published as a serial in The Russian Messenger and completed in November 1880. The author died less than four months after its publication.

The Brothers Karamazov is a passionate philosophical novel set in 19th century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, judgement, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide.

Dostoyevsky composed much of the novel in Staraya Russa, which inspired the main setting. Since its publication, it has been acclaimed as one of the supreme achievements in world literature.

Wrestling with Parenthood - Irwin Matus 1995

Forthcoming Books - Rose Army 1994-04

Human Sexuality, 2000-2001 - Susan Bunting 1999-12

This annually updated reader is

a compilation of articles from magazines, newspapers and journals, relating to human sexuality issues.

Beyond the Big Talk - Debra Haffner 2001

With a foreword written by her own daughter, the author presents the news that good parenting can make a difference for kids and then "confronts issues such as peer pressure, sexual harassment, abstinence, and much more."-- Jacket.

Adolescent Medicine - Victor C. Strasburger 1998

Adolescent Medicine: A Practical Guide, Second Edition, addresses the physical and psychosocial problems of teenagers that physicians are most likely to treat. The emphasis is on practical information. Applied diagnostic and treatment guidelines cover conditions such as: asthma, diabetes mellitus, developmental problems, headaches, sexually transmitted diseases and pregnancy, depression, and eating disorders. Pediatricians, family practitioners, internists,

gynecologists, nurse practitioners and residents will find they can turn to Adolescent Medicine: A Practical Guide, Second Edition, for reliable treatment plans.

New Books on Women and Feminism - 1994

More Rip-Roaring Reads for Reluctant Teen Readers - Bette D. Ammon 1998-12-15

Show reluctant teens that reading is not only fundamental-it's also fun! In this companion book to Rip-Roaring Reads for Reluctant Teen Readers, Ammon and Sherman describe 40 exciting, contemporary titles (20 for middle school, 20 for high school) written by outstanding authors. These are books your students won't want to put down. Designed to make the matching process between student and books easy and successful, this volume also

includes genre and theme indexes, curriculum activities, interest and readability levels, and reproducible bookmarks for each entry.

Counting Down with You - Tashie Bhuiyan 2021-05-04

"A witty, romantic, deeply insightful debut." —Emma Lord, author of *Tweet Cute* In this sparkling and romantic YA debut, a reserved Bangladeshi-American teenager has twenty-eight days to make the biggest decision of her life after agreeing to fake date her school's resident bad boy. How do you make one month last a lifetime? Karina Ahmed has a plan. Keep her head down, get through high school without a fuss, and follow her parents' rules—even if it means sacrificing her dreams. When her parents go abroad to Bangladesh for four weeks, Karina expects some peace and quiet. Instead, one simple lie unravels everything. Karina is my girlfriend. Tutoring the school's resident bad boy was already crossing a line. Pretending to date him? Out of the question. But Ace Clyde

does everything right—he brings her coffee in the mornings, impresses her friends without trying, and even promises to buy her a dozen books (a week) if she goes along with his fake-dating facade. Though Karina agrees, she can't help but start counting down the days until her parents come back. T-minus twenty-eight days until everything returns to normal—but what if Karina no longer wants it to? "I. Love. This. Book." —Mark Oshiro, award-winning author of *Anger Is a Gift* and *Each of Us a Desert* "A must-have addition to any YA bookshelf." —Sabina Khan, author of *Zara Hossain Is Here* and *The Love and Lies* of Rukhsana Ali "Hand to fans of Netflix hit *Never Have I Ever*." —Booklist

Endometriosis in Adolescents -
Ceana H. Nezhat 2020-11-13
Adolescent endometriosis is a previously overlooked disease in children, the true prevalence of which is still unknown but has been estimated between 19-73%. There are numerous initial challenges faced by adolescents suffering from delayed or undiagnosed endometriosis apart from experiencing chronic pain, such as: school/work absenteeism, false diagnoses/treatments, erroneous physician referrals, unnecessary radiological studies, radiation exposure, and emergency room visits as well as early exposure to narcotic pain medications and

subsequent drug tolerance, resistance or even addiction. This text presents a clear history of physician and patient understanding and awareness of endometriosis in adolescents. It lays the groundwork for this condition with background information on endometriosis in general followed by a more focused look at endometriosis in adolescents. Leading experts in the field provide chapters on the different locations where endometriotic lesions can present in adolescents as well as identified risk factors and concomitant diseases of which it is important to be aware. In addition to the clinical presentation, this book also provides information on breaking down existing barriers, such as stigma, and current activism and awareness of this condition. Adolescent Endometriosis is a first-of-its-kind text that focuses exclusively on endometriosis in the adolescent population. Written by experts in the field, this book is a comprehensive resource for

clinicians in all medical disciplines that treat adolescent age girls.

SIECUS Report - 2000

When Fox is a Thousand -
Larissa Lai 2004

An evocative novel that links the lives of a ninth-century poet/nun and a contemporary Asian-American woman.

You Can Help Your Country -
Berry Mayall 2020

As men and women throughout England were called up for war work during World War II, the country needed to generate as much food and wealth as possible to support them. Children quickly came to be seen as a vital resource. Many children worked the land, planting and harvesting crops, raising money for the war effort, and carrying out a range of other tasks. That war work followed on debates throughout the preceding decades about the character and proper activities of childhood, debates that saw commentators in education and workers' organizations arguing about whether children should stay in

school and learn or should combine their education with war-related work. The work of children during the war raised a question that still has relevance today: Should children be conceptualized as citizens of the future or as participating citizens now? That debate has led to even larger questions about the social construction of childhood. As children have

increasingly withdrawn from paid and unpaid work, their contribution today can best be understood through their work at school, though that work is often disguised or devalued as mere socialization. The interwar years and the war years in England were a key time for re-thinking childhood, and the issues that were raised then still have relevance to the role of children in society today.
