Love and Marriage - Serena Nanda 2018-12-10  
Cultural anthropologist Serena Nanda mines a wide range of ethnographic research to examine the patterns of love, marriage, sexuality, and family unique to eight cultures around the world. After reviewing changing patterns in the United States, readers are taken to China, India, Brazil, Iran, Indonesia, Nigeria, the South Pacific, and Nepal to explore traditions and transformations and the intertwining dynamics of kinship, class, politics, religion, and gender roles in love and marriage. An additional chapter traces the diversity of LGBTQ relationships, with contemporary examples drawn from the US, Indonesia, and India. A valuable summary chapter features a brief analysis of similar and different cultural configurations. Nanda's ethnographically rich examples and fresh perspective will challenge readers to understand that their own culture is not natural or superior but rather just one of many possibilities adapted to specific environments and subject to changes.

The Muslimah Sex Manual - Umm Muladhat 2017-07-02

Two years ago, I was congratulating a young Muslimah on her engagement. She was thrilled about starting married life and you could see the happiness emanating from her as everyone gave her their best wishes. A few months later, I could tell something was wrong. After some cajoling, she shyly admitted the truth. Her sex life was horrible. In fact, it was fast becoming non-existent. She had been a model Muslimah her entire life. Before marriage, she had never so much as held a non-mahram's hand, let alone become physically intimate with one. She had eagerly looked forward to marriage as a chance to finally indulging in all the physical intimacy she had postponed for the sake of Allah. But it wasn't working. Coming from the medical field, she knew all the relevant biology. She could draw and label all the parts of male and female anatomy. She had taken fiqh classes and knew the legal rulings of menstruation and intercourse. But she didn't know sex. Oh, she

knew the mechanics. Insert penis into vagina. Climax. Withdraw. But she didn't know how to make her husband yearn for her in bed. She didn't know what he liked. She didn't even know what she liked! They had begun eagerly but after a few weeks, realized that neither of them was truly enjoying having sex with each other. And so began my impromptu sex skills workshop. I threw at her all the information I'd gathered over years of marriage. Things I'd learned from experience, tidbits I'd gleaned from friends, tips I'd picked up from magazine articles. One thing here, two things there. All those bits had accumulated into a very healthy and robust sex life between me and my husband. I gave her everything, fervently hoping that it would help her in her marital life. A month later, I saw her again. This time she had a gigantic smile on her face. "Please, write this down and share it with other Muslim girls. No one teaches this. We're thrown into marriage and only know the fiqh and the biology." I wrote down everything I told her on a Word document and emailed it to her. She shared it with her friends who were newly married. They shared it with their friends. Before long, word trickled back to me that people were asking me to write a book on the subject. So here it is.

**A Taste of Honey** - Habeeb Akande 2015-08-12  
A Taste of Honey provides a scholarly exposition on the prominent place that sexuality and erotology enjoyed in traditional Islam. The book is divided into two parts; part one presents a critical examination of sexual ethics and part two consists of a concise treatise on the art of seduction and lovemaking. The central aim of this book argues that Islam is a sexually enlightened religion which teaches that sensuality should not be devoid of spirituality. The book also argues that the loss of sacred sensuality afflicting modern society can be reclaimed by a revival of the classical erotological tradition. Drawing upon the Qur'ān, ḥadīth and traditional erotological literature, the book follows the style and composition of classical Eastern and Afro-Arab love texts such as the Kama Sutra and Jalāl ad-Dīn aś-Šuyūṭī's erotic treatises. A Taste of Honey is a thought-provoking work on a highly sensitive, yet extremely important subject.

Muslim Marriage and Non-Marriage - Julie McBrien 2023-11-09

Unconventional Muslim marriages have been topics of heated public debate. Around the globe, religious scholars, policy makers, political actors, media personalities, and women's activists discuss, promote, or reject unregistered, transnational, interreligious and

other boundary-crossing marriages. Couples entering into such marriages, however, often have different concerns from those publicly discussed. Based on ethnographic research in Europe, the Middle East, North Africa and Asia, the chapters of this volume examine couples' motivations for, aspirations about, and abilities to enter into these marriages. The contributions show the diverse ways in which such marriages are concluded, and inquire into how they are performed, authorized or contested as Muslim marriages. These marriages may challenge existing ties of belonging and transform boundaries between religious and other communities, but they may also, and sometimes simultaneously, reproduce and solidify them. Building on insights from different disciplines, both from the social sciences (anthropology, political science, gender and sexuality studies) and from the humanities (history, Islamic legal studies, religious studies), the authors address a wide range of controversial Muslim marriages (unregistered, interreligious, transnational, etc.), and include the views of religious scholars, state authorities, and political actors and activists, as well as the couples themselves, their families, and their wider social circle.

*Love's Rite* - Ruth Vanita 2021-08  
(This) Absorbing New Book Shows How Subtly And Imaginatively Indian Attitudes Toward Same-Sex Unions Have Evolved Over The Centuries&And Offers A Marvelously Global Perspective Characterized By Profound Historical Understanding, Impeccable Scholarship, And A Rare And Delightful Precision Of Feeling. - Terry Castle, Professor At Stanford University, Editor Of The Literature Of Lesbianism. Why Should The State S Refusal To Recognize A Union As Marriage Mean That The Union Is Not A Marriage? In *Love S Rite* Ruth Vanita Asks This Challenging Question In Order To Emphasize That Mutual Consent And Family And Community Recognition Validate A Marriage-And This Support Frequently Extends To Same-Sex Marriages As Well. When People Claim The Right To Marry, Their Sex Or Sexuality Is Not Intrinsic To That Right, Although Social Prejudice Makes It Appear So. Moreover, It Cannot Be Denied That A Multitude Of Events And Depictions In Vastly Different Cultures, Times And Places, All Point To The

Possibility Of Same-Sex Love And Commitment Being Recognized And Accepted. Marriage Is A Universal Rite Of Passage That Can, In The Right Circumstances, Become The Perfect Ceremony Of Love S Rite . Vanita Examines The Twin Phenomena Of Same-Sex Weddings And Same-Sex Joint Suicides (Mostly Female) That Have Been Reported From Many Parts Of India. She Argues That These Couples, When They Choose To Marry Or Die Together, Invoke Long-Standing But Fluid Indian Legal, Religious, And Literary-Cinematic Traditions To Declare Their Love To The World. Using Her Intimate Knowledge Of Ancient Indian Textual History, The Author Demonstrates That Same-Sex Love And Relationships Are Deeply Rooted In Indian Culture- And Compares The Cultural And Legal Implications Of Same-Sex Marriage In India With Those In The West. The International Debate On Same-Sex Marriage Is Relevant To All Democratic Societies Today. Ruth Vanita Brings A Fresh Perspective To This Debate, Suggesting That Same-Sex Marriage Dwells At The Heart, Not On The Margins, Of Culture. An Effortless Combination Of Empathy, Moral Conviction And Deep Cultural Sensitivity -Ashis Nandy

**Islamic Guide to Sexual Relations -**

Muhammad Ibn Adam al-Kawthari 2020-08-19

Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

**Storying Relationships - Richard Phillips**

2021-04-22

Storying Relationships explores the sexual lives of young British Muslims in their own words and through their own stories. It finds engaging and surprising stories in a variety of settings: when young people are chatting with their friends; conversing more formally within families and communities; scribbling in their diaries; and writing blogs, poems and books to share or publish. These stories are interesting to read and to hear, but they also have wider significance because they challenge stereotypes about Muslims, who are portrayed as unhappy in love and sexually different, even dangerous. The young people who emerge in this book, contradicting racist and Islamophobic stereotypes, are assertive and creative, finding and making their own ways in matters of the body and the heart. Their stories - about single life, meeting and dating, pressure and expectations, sex, love, marriage and dreams - are at once specific to the young British Muslims who tell them, and resonant reflections of human experience.

*Love, InshAllah* - Nura Maznavi 2012-02-01

This "book that strips off the traditional trappings of Islamic womanhood to expose the special strengths and vulnerabilities that lie beneath" (The Washington Post) affirms the reality of the romantic lives of Muslim women. Romance, dating, sex and—Muslim women? In this groundbreaking collection, twenty-five American Muslim writers sweep aside stereotypes to share their search for love openly for the first time, showing just how varied the search for love can be—from singles' events and online dating, to college flirtations and arranged marriages, all with a uniquely Muslim twist. These stories are filled with passion and hope, loss and longing: A quintessential blonde California girl travels abroad to escape suffocating responsibilities at home, only to fall in love with a handsome Brazilian stranger she may never see again. An orthodox African-American woman must face her growing attraction to her female friend. A young girl defies her South Asian parents' cultural expectations with an interracial relationship. And a Southern woman agrees to consider an arranged marriage, with surprising results.

These compelling stories of love and romance create an irresistible balance of heart-warming and tantalizing, always revealing and deeply relatable. "A beautiful collection that reminds us all not only of the diversity of the American Muslim community, but the universality of the human condition, especially when it comes to something as magical and complicated as love." —Reza Aslan, #1 New York Times bestselling author of *God: A Human History* "Portraits of private lives that expose a group in some cases kept literally veiled, yet that also illustrate that American Muslim women grapple with universal issues." —The New York Times

**Like a Garment** - Yasir Qadhi 2019-03-04

As- Salaam Alaikum! I welcome you to our 'Like A Garment' e-book, an initiative that seeks to educate Muslims to find conjugal bliss in their marriages. The name of this project came from one of the most beautiful, poetic and profound metaphors of the Qur'an. Allah states, "Permitted for you, during the night of the fast, that you approach your wives. They are your garments, and you are their garments" [al-Baqarah; 187]. In this verse, each spouse is described as a 'garment' to the other. The famous exegete Ibn Jarir al-Tabari (d. 311) stated that this description most aptly described the act of intimacy between the spouses, for during that act, each spouse sheds his or her other garments and then wraps around the other, taking the place of clothes. Al-Qurtubi (d. 671) also comments on this metaphor, and adds that just as clothes protect their wearer from the external elements, similarly each spouse protects the other from external passions that would harm a marriage. Combining between the various explanations of this beautiful metaphor found in the books of tafseer, we can derive many meanings from it: - The act of procreation is so intimate that it is literally as if one of the spouses covers up the other, just as clothing covers up one's body. Another euphemism that the Qur'aan uses for the sexual act is the verb ghashsha, which means 'to cover up, to envelop'. - One primary purpose of clothing is to conceal one's nakedness, since this nakedness (or `awrah) is embarrassing to display, and should be hidden from the eyes of others. Similarly, each spouse conceals the other spouse's faults, and does not reveal them to others. - Clothing protects one from the external elements, such as heat and cold. Similarly, spouses protect one another from external desires that originate from many different sources. By satisfying these desires within the confines of marriage, external passions are removed. - Clothing is the primary method through which humans beautify themselves. Without clothing, one is incomplete and naked. Similarly, spouses beautify and complete one another; when a person is not married, he or she is not yet complete and has

not reached his or her full potential. Marriage is an essential part of being fully human, just like clothes are an essential part of being fully civilized. - Clothes are only worn in front of others, and are not necessary in front of spouses. It is only in front of one's spouse that the other spouse can discard his or her garments. - Clothes are the closest thing to one's body. Nothing comes between a person and his or her clothes. So the analogy of spouses being 'like clothes to one another' implies such a closeness - there is nothing, literally and metaphorically, that should come between spouses.
