MC Bear Mates Vol 1 - Becca Fanning 2017-12-17

In a world ruled by fickle Goddesses, these Bear Shifter Bikers pursue their Fated Mates. The MC Bear Mates Vol 1 Box Set is here! Contains the following novels: MARS: Mars Donner is tall, dangerous and brutally loyal. His golden eyes melt panties and make men get out of his way. He'd done his fair share of dirt, and even put a few people in the dirt, but he had lines he wouldn't cross. As long as he had his MC, his cut and his hog, he thought he could get through anything. Then he met his Fated Mate, and he knew there was no line he wouldn't cross for her. Annette Vogel is an investigative journalist and no stranger to chasing a story. Freshly back from Afghanistan, her therapist tells her that she needs to take it easy, that working through PTSD is a process. But Adrenaline junkies don't take it easy, and when she gets wind of a human trafficking circle she has to go after the story. But crossing those kinds of people can have deadly consequences, especially when the story starts chasing her. MUNDO: Jimmy "Mundo" Aston always found himself deep in the sh*t. Whether it was going at it with rival bikers or cops, he never let his opponent get the better of him. This attitude was why he found himself in jail, eager to get out and back with his Club. Three hots and a cot weren't bad, and at over six feet tall he knew no one would try any funny business. So really it was just getting through the boredom, until he met her. Christie Lockheart didn't believe in love. She didn't believe in chances. She'd lost loves to chance and thought they could go to hell for all she cared. She could at least focus on her work, the one thing that kept her grounded. As a dentist for the County Corrections department she went from jail to jail to treat inmates. Not a glamorous job, but she thought she was beyond glamor at this point. Until she met Mundo Aston, and their brief interaction left her with lots of questions...and the desire to take a chance again. Just as they try to put together a normal life, the evil stalking the Nomads MC strikes again! KIKO: Kiko had thought he'd seen everything, but when the parade of young ladies came

streaming out of the shipping container, their hair stuck to their scalps and reeking of God-knows-what, he felt sick to his stomach. He knew it was stupid to draw the line here after years of using violence and force like most people use language. But the line was drawn, and he knew he wouldn't cross this one. Now these women were under the protection of The Nomads, and the Ukrainian Mob would be in for a very bloody fight if they thought they could force these women to do anything. And there was one who was something special... USA Today Bestselling Author Becca Fanning brings you a Shifter Romance novel box set packed full of action, intrigue and steam! Fated Mates have never been so right and wrong for each other!

When Ciara's dreams of becoming a warrior were shattered and the man she trusted the most disappeared, she found comfort in the arms of his brother; a man she never saw herself falling for. Bleddyn has shown Ciara that there is more to him than she first thought and she has carved out a life at his side, but things are unsettled on the island of Pern Coen. A dark power is stirring, one that hasn't been seen in decades. One man is at the center of the growing darkness, but is it the man that Ciara thinks? Is Niall innocent or is he hiding more than just his powerful abilities? *The Shifter: Legends of Pern Coen (Fated Book 1)* Saving her could cost him everything. A dark power is on the loose, its fiery flames bent on bringing the clan to the brink of destruction. Seren has vowed to destroy it, but Bran has sworn his loyalty to it. Searching For My Identity (Volume 1) - Edward Winterhalder
2022-03-10

Volume 1 of Searching For My Identity is a chronological autobiography of an outlaw biker that covers his life from troubled adolescent in the sixties to prominent leader of a notorious international motorcycle club in January 2001. Intended for the general public and those in the academic community that find the outlaw biker aspects of anthropology, criminology, sociology, psychology, ethnography, deviant behavior,

criminal justice, pop culture and humanities interesting, this is an extremely unique opportunity to learn about the lifestyle. Due to the growing recognition of motorcycle clubs and outlaw bikers in pop culture, interest in the topic has recently exploded worldwide creating an insatiable demand for information on the secretive subculture that most people find intriguing, but most people are oblivious to the truth—the majority of the world's motorcycle club members are legitimate hardworking men that rarely cause anyone problems. Contrary to the meth-addicted violence prone image regularly portrayed by the media, most of today's outlaw bikers are productive contributing members of society that love motorcycles and the lifestyle, and the only thing they're guilty of is having too much fun on the weekends. Wondering if the primary cause of his psychologically skewed mind was the result of inherited behavior or learned behavior, Winterhalder recalls his life as a founding member of the Oklahoma Bandidos; the assimilation of the Rock Machine in Canada; the Quebec Biker War; his unsuccessful deportation; and the murders, assassinations, betrayal and drug use that contributed to his disillusionment and eventual departure from the organization. Although the book includes some of the storyline found in Out In Bad Standings and The Assimilation, the narrative incorporated from those titles has been updated, revised and rewritten in a more professional manner, and features an additional fifty-thousand words about the author's life never published. Before reading Searching For My Identity (Volume 2): The Chronological Evolution Of An Outlaw Biker On The Road To Redemption, the publisher recommends a comprehensive review of Searching For My Identity (Volume 1): The Chronological Evolution Of A Troubled Adolescent To Outlaw Biker.

Sawtooth Shifters Box Set Volume 1 - Kristen Strassel

Included in this set: Her Captive Wolf: When I get word of an illegal dogfighting ring on the edge of town, I'll do everything in my power to stop it. Once we bring those dogs back to Forever Home animal shelter and get them cleaned up, we realize they're not dogs at all. They're wolves. Doesn't matter--we'll nurse them back to health and give them a

second chance at life before releasing them into the wild. I have to admit, I'm getting attached to the blue-eyed wolf who won't leave my side. And on the full moon, they shift. That wolf who wouldn't leave my side? His name is Shadow, and he'll do whatever it takes to thank me for saving his pack. Not everyone in town is happy the Sawtooth Shifters are back, and their enemies have set their sights on a new target—me. Shadow swears he'll keep me safe because I'm his mate. But I destroyed my last relationship, and I can't do that to him too. But if I deny his claim, the pack is doomed. Her Guardian Wolf: Once upon a time, there was a little girl who grew up in a man's world. Surrounded by brothers, she joined the Army the first chance she got. But after a bomb blast changed everything, she doesn't know where she belongs anymore. That little girl...is me. Now I'm working at Forever Home animal shelter as part of my rehabilitation for PTSD. And it's a rescued werewolf that sees me like no one else ever has. Baron and I have a lot in common. Too much, maybe. All his family has known is war, and a rival pack has them at their mercy. Those rival wolves think they can use me and my coworkers as pawns. Oh, hell no. He's been assigned to protect me. That means guarding my apartment at night, and telling me bedtime stories to keep my mind off the shifter war. Baron's tired of violence, but he'll fight harder than he ever has to make sure I get my happily ever after. Her Renegade Wolf: When there was a she-wolf shortage in the Sawtooth pack, the elders decided it would be best to sell them to the highest bidder. I was one of those she-wolves. So I was a good little wolf and did the right thing. Now I'm stuck in a loveless marriage with a wicked wolf who considers me his property. But I daydream about what my life would've been like if I'd defied my pack and gone with Major Lowe, my fated mate. Now Major's back after a mysterious disappearance, and claims my husband held him prisoner. He's determined to avenge what was done to him and his brothers. And he'll do whatever it takes to claim his fated mate. Me. He promises things will be different this time, and he can give me and my daughter a life full of love and security. But I'm not sure which man poses the greatest threat—the man who owns my body, or the man who owns my heart. Note from Kristen: These stories were

Suddenly finding ourselves in the hands of the nefarious Facility-run by my final mate's father-was enough to make my claws twitch under my skin. The only reason I hadn't reduced these humans to ribbons of severed flesh was that there was information to uncover, and a swan shifter to find. Hopefully alive. I suppose I'll behave. Even if we were to escape, we wouldn't be safe. A mysterious force is destroying my forest and the veil between our world and the Nav is growing thin. Spencer Leigh has spoken to over 300 musicians, friends and acquaintances of Bob Dylan in his research for this book.
