All Shook Up - Ashley Bostock

Previous experience with women's lingerie required. Billionaire CEO Cole Carrington knew the only way to check the seemingly downward spiral of his lingerie store was to go undercover. If it was being mismanaged he'd be able to get to the bottom of it. What he wasn't expecting was to run into Jillian Winters, the gorgeous woman he'd evicted months ago from the same location. When Jillian Winters gets evicted from the building she rented, she's forced to shut down her five-star lingerie store. Unable to have the proper funds to

relocate into an equally swank location in Downtown Denver, Jillian is certain her managing skills aren't what she believed them to be. Still sulking weeks later, Jillian's pesky sister helps her get a new job—same location, new lingerie store—owned by the handsome stranger who evicted her. Unforeseen circumstances force Jillian into the management position where she realizes she'll have the chance to learn from her previous mistakes. But she's taken aback when a competitor offers Jillian part of her dream again—half owner of a lingerie store. Jillian must decide where she wants to be: working at her hot boss's upscale lingerie store and helping him succeed. Or working toward her ultimate goal of being an owner again—even if that

means taking a step down from the five-star norm she's used to. Especially when she realizes that dealing with Cole Carrington on a day to day basis isn't as difficult as she first thought it might be. Moral Issues in Police Work
- Frederick Elliston 1985

The police are among the most
powerful agents of the state.
They can disrupt the daily
routines of citizens more than
any other public official by

deciding who shall be stopped, who shall be detained, who shall be arrested, and who shall go free. This book is intended to document, aid and abet the work of analysis now well underway and to enhance the discussions that have begun.

Hack - Graham Johnson
2012-05-10

Graham Johnson was a fresh-faced journalist with an ambition to break the big news stories and make his name as a star reporter when an offer came in to work at a leading tabloid... he couldn't say no. Instantly, he found himself drawn into a world of sleaze, spin and corruption - where bending the law was justifiable in the hunt for the big-selling story and bending the truth was the norm. Against his better judgement, Graham

found his niche in this new world and, what's more, he found that he was good at it. In his time at first the News of the World then the Sunday Mirror, he made a name for himself as a man who could deliver the story, no matter what - a kind of tabloid terrorist who rifled through celebrity's rubbish bins, staked out politicians' hotel rooms, and paid-up page three girls to seduce Premiership footballers, all in the name of scoring a front-page story. Hack is a compelling and intoxicating story of one man's time in the tabloid jungle - a world that in its heady mix of sex, drugs and casual immorality is reminiscent of the City - and how he ultimately saved himself.

and groundbreaking six-volume book series by #1 NY Times bestselling author and award winning investigative journalist Ian Halperin. **CONTROVERSY** is the rollicking, scandalous, untold story behind the power, greed and corruption by the world's most powerful elite. Based on years of extensive research, undercover forays, and candid interviews, Halperin's no-holds barred investigation offers the most extensive journey ever into incredible, tumultuous and shadowy lives of the world's most famous, (alive or dead), including The British Royal Family, The Kardashians, Bill Gates, Prince Harry, Meghan Markle, The Clintons, Donald Trump, Michael Jackson, Prince, Dr. Anthony Fauci, Michael Jordan, Howard Stern, Jeffrey Epstein, Angelina Jolie, Brad Pitt, Jennifer Aniston, Pope Francis, Mick Jagger, The Church of Scientology, Vladimir Putin, The Kennedys, Oprah Winfrey, McDonald's and many more. **CONTROVERSY** will go down as the mother, definitive

journalistic work about the abuse of power and celebrity by the world's rich and famous. In Volume I, Halperin goes for Royal blood. He reveals the real story of Prince Andrew's relationship with notorious sex offender Jeffrey Epstein and offers never before revealed testimony from a bevy of young girls who claim they were intimate with the Royal Prince. When Halperin wrote the best selling book about the seedy side of the fashion industry, *Bad&Beautiful*, he interviewed Epstein, one of the only interviews the serial pedophile ever gave to a journalist. Since then Halperin has followed the Prince Andrew saga extensively. His revelations about the disgraced Prince will make world headlines. They include allegations of rape, a secret sex tape and shady financial dealings. Halperin delves further into the fractured British monarchy, unleashing never-before-revealed details about Prince Harry and Meghan Markle's abrupt separation from the United Kingdom. He also offers

up sizzling scandal on other public figures who profess to be royalty even though they are not true blue blood - including The King of Pop - Michael Jackson, Elvis Presley, music icon Prince, basketball star King Lebron James and the self-proclaimed King Of All Media - Howard Stern.

Halperin provides an unparalleled glimpse into the events and scandals that have propelled these public figures to worldwide celebrity, for better or worse. Halperin takes the story much, much further, unveiling never before revealed page turning stories of coverups, deceit, sex, drugs, illegitimate children, and abuse of power. Note: Each volume will have a different cover. Ian Halperin is the #1 New York Times bestselling author who is widely regarded as one of the leading authorities in the world on pop culture. He is an internationally acclaimed, award-winning filmmaker, having directed and produced nine films that have sold to more than 150 countries. A specialist in undercover

investigations, Halperin's subjects in the past include Michael Jackson, Lady Gaga, Kurt Cobain, Arnold Schwarzenegger, The Kardashians, Whitney Houston, Roger Waters, Charlie Sheen, Angelina Jolie and The Church of Scientology. Praise for Ian Halperin: "A judicious presentation of explosive material" - The New Yorker "Halperin comes to the story determined to hold to the truth, no matter where it leads him." - The Times (U.K.) "A fascinating portrait... Halperin is an excellent writer." - Jackie Collins "under-the-microscope masterpiece of pop-culture reporting" - LA Weekly Important *A History of Modern Manga* - Insight Editions 2023-04-04 Discover the major events and artists who have shaped the history of modern manga, with this deluxe expanded volume. Journey with the author through the labyrinth of Boston's once infamous Combat Zone - a four block area of concentrated crime, vice and pathos. would last a decade. Mike Russo would evolve from a flat unidimensional observe and report investigator into a fully immersed and developed character - a free floating, socially conscious, intellectual type with strong feelings against the war in Vietnam and a propensity towards political radicalism. Traits sorely needed for the specialized intelligence gathering that would enable the cops to stay one step ahead of the disruptive elements of the social protest era being violently played out in the streets of Boston and Cambridge. In the end the author would collide with his pseudo-self forcing him to confront his own conscience and choose, not between right from wrong - but right from right. This book ends on a soul-searching and highly dramatic note! He lived this life.

[A Tale of Two Masters](#) - Bro Biggly 2020-05-17

The man he can't remember is the man he can't forget... I'm Jackson, and I'm a party boy. I have my share of blurry morning afters. But this is more than a little forgetfulness. Apparently, this undercover guy who rescued me thinks we've got some kind of twisted BDSM training contract. And this party? It's more than just a game. It's a training exercise. Maybe even a sort of boot camp. I'm supposed to learn how to go undercover and be a hero. And this guy? You know how they say when the student is ready, the Master appears? This guy is only the first Master. Jackson can be toppy or subby. Firm or fun. The jet-setters love him. He'll be able to go undercover places that other men could never go. All he needs is the proper training - oh, and for his memory to return so he can remember why he ever thought this was a good idea. Please note: This is a suspense novel with psychological themes including amnesia and dominance. It is

No Limit - L.P. Dover

2018-08-30

~~ STANDALONE NOVEL - the first installment in the Armed and Dangerous standalone series by NYT and USA Today bestselling author, L.P. Dover. ~*~* Murder. Lies. Betrayal. I deal with those things every day. My name is Jason Avery, one of the best undercover agents in the country. I have yet to fail on a mission, which is why I've been sent to Vegas. Countless women have been abducted, tortured, only to show up dead in the middle of the night. It's my job to find out which sick f*** is responsible.

Unfortunately, every lead sends me to a dead end; at least, until Aylee McFadden shows up at my door. Aylee is a stubborn, headstrong FBI agent and also one of the sexiest women I've ever seen with a gun. In joining me, it gives us the leverage we need to get on the inside. She fights me at every turn, but soon realizes there's more to me than tattoos and a dirty mouth. I can't get enough of her. Now that we're in the game, we're one step closer to solving the crime. However, gambling with money isn't what the big boys want. They want the one thing I'm not willing to give. It's a no limit game, and if I back down I lose everything. I will lose her. *** Make sure to check out the other Armed & Dangerous novels *No Limit Roped In High-Sided* Also, if you want to see more of my Armed & Dangerous characters, be sure to check out the Circle of Justice series and the Armed & Dangerous/Circle of Justice Crossover series. Narcomedia - Jason Ruiz
2023-10-10

Exploring representations of

Latinx people from Scarface to Narcos, this book examines how pop culture has framed Latin America as the villain in America's long and ineffectual War on Drugs. If there is an enemy in the War on Drugs, it is people of color. That is the lesson of forty years of cultural production in the United States. Popular culture, from Scarface and Miami Vice to Narcos and Better Call Saul, has continually positioned Latinos as an alien people who threaten the US body politic with drugs. Jason Ruiz explores the creation and endurance of this trope, its effects on Latin Americans and Latinx people, and its role in the cultural politics of the War on Drugs. Even as the focus of drug anxiety has shifted over the years from cocaine to crack and from methamphetamines to opioids, and even as significant strides have been made in representational politics in many areas of pop culture, Latinx people remain an unshakeable fixture in stories narrating the production, distribution, and

sale of narcotics. Narcomedia argues that such representations of Latinx people, regardless of the intentions of their creators, are best understood as a cultural front in the War on Drugs. Latinos and Latin Americans are not actually America's drug problem, yet many Americans think otherwise—and that is in no small part because popular culture has largely refused to imagine the drug trade any other way.
