Six Thousand Truckers Can't Be Wrong - Daniel Joseph Tutty 2006-02

The engaging societal exposé Six Thousand Truckers Can't be Wrong traces the five thousand year history of prostitution from its original lofty status to its present state. In ancient Greece, prostitutes were temple priestesses. In the early United States, prostitutes were nurses, social workers, and community leaders. They also represented a semblance of culture and refinement in the rough towns of the Wild West. Today, 'streetwalkers' are victims of the most heinous and brutal forms of violence and discrimination. By examining the brothel type of prostitution in Nevada, where this profession has successfully and continuously operated legally for over one hundred fifty years, Dr. Tutty reveals the truth about prostitution as experienced by the women and men who practice the world's oldest profession. Dr. Tutty argues that the model of bordello prostitution in Nevada could be implemented around the country to: Lower the incidence of violent crimes against women Reduce the incidence of sexually transmitted disease and AIDS Improve the overall image of a community as a result of the lowered number of visible prostitutes Increase tax-based revenue that could then be used to support school, road repair, or other community projects Six Thousand Truckers Can't Be Wrong represents an honest and compelling argument touting the potential benefits that can be achieved from this often-stigmatized practice.

Thoth prowls the streets to find the young couple he needs before returning to help his friend who lives outside of the city. Lord Algernon and the people at his home think they are going to take refuge on the Moon to escape the ravages of plague. Thoth knows differently. He's a time traveller with a mission, to enable the craft he's helping Algernon build to reach Mars. But that's only the beginning. He's seen into the future and knows that in a couple of centuries' time, invaders will reach Mars. If successful there, the next target is Earth, and then his own homeworld. Friends and allies will come from strange and different places and, after waiting time after time, the man Thoth already loves will be the one to wake him. If his resting place remains undisturbed. For their future isn't guaranteed.

Women Talk Money - Rebecca Walker 2022-03-15

It is a groundbreaking collection that lifts the veil on what women talk about when they talk about money; it unflinchingly recounts the power of money to impact health, define relationships, and shape identity. The collection includes previously unpublished essays by trailblazing writers, activists, and models, such as Alice Walker, Tressie McMillan Cottom, Rachel Cargle, Tracy McMillan, Cameron Russell, Sonya Renee Taylor, Adrienne Maree Brown, and more, with Rebecca Walker as editor. In this provocative anthology, we discover a family that worships money even as it tears them apart; we read about the "financial death sentence" a transgender woman must confront to live as herself. We trace the journey of a Silicon Valley entrepreneur who finally makes enough money to discover her spiritual impoverishment; we follow a stressful email exchange between an unsympathetic university financial officer and a desperate family who can't afford to pay their daughter's tuition and more.

How to Fail at Finding Relationships - Rafael W Patterson 2020-12-31

Life is complicated, but you can be happy and avoid misery if you make the right decisions. This book should help with that, but if you skip and don't read the book, then at least take these tips for success:1. It's okay to be yourself! Don't let other people change your identity. If you're nervous about walking up to a girl, think about why you're wondering about coming up to her in the first place: because you want to! If you do what YOU want to, then you're not being weird; it just means you're being yourself! And if you don't like lifting weights or doing make-up but feel pressured to do so to attract someone, you don't have to! If she or he expects you to be someone you're not, then they're not for you, and you deserve to be with someone better anyway, someone who will value you for who you are. There is only one of YOU in this world, so keep your identity and do what you like to do!2. Do what makes sense. If it's a crowd, and everyone is talking to each other, then you're allowed to talk to whomever you want to. Go talk to that girl! Nobody can stop you other than you yourself. On the other hand, if giving her flowers doesn't seem right, then don't give her flowers just yet. If you're unsure if you want to date her just yet, then just be a friend to her! It doesn't make sense to do things that you don't feel quite right about. Or if you're on a short budget, then you don't have to spend extra money on buying a super-fancy car to impress her or a super-fancy whatever-girls-buy to impress him. You're the boss, so do what seems right to you, and do what makes sense!3. Communicate. If the girl is not your type, then you are much better off finding a better-fitting girl for yourself than trying to pursue someone with whom your life might become miserable. If you're not sure if you want to date her or not, then just be a friend! It's okay to be friends with many girls and then later on decide if you would like to pursue one of them further. Just don't float away on a boat of feelings until you both agreed that you'd like to date. If you think you'd like to try dating a girl, then see if she likes talking to you. After that, ask her if she wants to hang out with you sometime, and ask for her telephone number. If you feel right about doing so, ask if she can see herself dating you or not. Be open and honest when you talk to her because this is what will build her trust in you. The people who are ready to date will take you seriously, but, if somebody does make fun of you for your honesty, then they're just being a jerk, and you don't deserve to be with a jerk anyway. Communication clears up confusion!On the contrary, to fail at finding a girl, you would reverse these three items and follow them backwards of what they say to do. That is exactly what I have had my bad experience with: trying to be someone I'm not, either to make her fond of me or to hide my intentions so that people don't know that I like her; doing things that don't make sense, which shows my ignorance; and finally, being horrible at communicating with girls, so it always took me a painful forever to figure out that a certain girl was not for me. This book summarizes 25 ways in which I followed these three principles backwards, and the chapters tell the narrative of how that went. Whether or not you read the entire book or just the book cover is up to you, but I pray that you at least learn from these three principles in order to not make the same mistakes as me. It is also up to you whether or not you purchase the book and whether or not you read the book, but, if you do purchase the book, then you'll be helping me pay off my student loans, and I do appreciate any help. Thanks!:)

The Relation Equation - Stephen Rosenberger 2014-11-11

The Relation Equation is designed to expose both the subversively held and overtly understood nuances of relationships in order to view them through the lens of a commonly accepted formula for equity. As an author, speaker, teacher, and pastor, Stephen Rosenberger helps readers understand challenging, abstract concepts by connecting them to familiar paradigms. To varying extents, we already employ equity in its relational form, though we may never have considered retrofitting it to such an unlikely, but fitting model. By analyzing its component parts, we challenge ourselves to better understand their dependence upon, and

reactivity to one another. The Relation Equation provides a substantive way to better objectify the overtly subjective process of relationship management without becoming cold and formulaic. Examining exchanges within this Relation Equation demands an inventory of internal motives and places the love of God through Christ Jesus at the center of the discussion.
