**Guide to World Literature** National Council of Teachers of English. Committee on Comparative and World Literature 1980 This guide, a revision of a 1966 work by Robert O'Neal, is intended to encourage reading beyond the traditional English and American literature texts by making available a useful resource in an area where few teachers have adequate preparation. The guide contains comparative reviews of the works of 136 authors and of seven works without known authors. The works represent various genres from classical to modern times and are drawn from Asia and Africa as well as from South America and Europe. Each review provides information about the author, a short summary of the work itself, a discussion of other works by the author, and a comparison of the work with similar works. Lists of literature anthologies and of works of literary history and criticism are appended. (FL)

*I Will Survive* Gloria Gaynor 2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

*The Moments We Stand* Ashlee Birk 2014-07-30 My name is Ashlee. I am a victim of murder. Through a series of events and by two shots of a gun, I was made a widow at the age of 28, with my youngest child just six weeks old. I am a victim of infidelity. I have felt unlovable. I have felt rejected. I have had days in my life when I wasn't sure if I would ever take a breath again, let alone be able to raise my five children by myself. I have lived in fear. I have felt much heartache. I have felt truly broken to my core. I have carried some heavy burdens...not only of my own, but burdens put upon my shoulders by the death of my husband. I have felt alone. I have felt humiliated. I have been humbled to my knees. I have searched my soul to find my worth in this world, and in the life that was left for me. My world has been totally shattered. I have faced realities I never knew were possible, and found strength within myself to keep up the fight and live every day as if it was on purpose. I have been carried by Angels...both earthly beings and

those unseen. I have found that being a "victim" doesn't mean we have an excuse to stop living. Being a victim means finding a reason for seeking a higher road. I have picked up the pieces left and carried on. I am a mother. We are survivors. In one way or another, we are all victims. There are times in our lives when we are forced to question who we are at our core. When we are presented with a path...we can go this way or we can choose that way. For some, this moment comes when the one person whom we love the most decides we are not enough. This person leave us-at a most vulnerable moment-alone to search within ourselves for who we really are. We are left trying to find who it is that was left behind. Sometimes the person we love dies. Sometimes it is merely an internal battle we are facing...all alone inside our minds. Whatever the situation and wherever you have been...you have been hurt. You have felt alone. You have been abandoned, either by your parents, your lover, your friends, complete strangers, or even yourself. We have all been at that crossroad where all we have left is ourselves. Sometimes these moments of lows have brought you to your knees and caused you to reflect and ponder your relationship with God...and other times they have made you question if He is even there, or if He knows you are alone. Whatever that moment has been for you, it is personal and real. It has defined and refined who you are, who you think you were, and who you want to become. This is my story...the defining moments that have truly brought me to my knees, the times when I've questioned to my core my very existence, and the experiences I've had that have shown me who I really am and who my Heavenly Father still needs me to become. The night of my husband's death was my darkest hour, but also the very moment when I saw firsthand that my Heavenly Father sent Angels on errands for me. He carried me. It was the hour when all my fears and all the pain of this world collided together and He was there...putting back together all the pieces, one step at a time.

**Images of Enchantment** Sherifa Zuhur 1998 This original and multidimensional book brings a refreshing new approach to the study of the arts of the Middle East. By dealing in one volume with dance, music, painting, and cinema, as experienced and practiced not only within the Middle East but also abroad, Images of Enchantment breaks down the artificial distinctions--of form, geography, 'high' and 'low' art, performer and artist--that are so often used to delineate the subjects and processes of Middle Eastern artistic culture. The eighteen essays in this book cover themes as diverse as Bedouin dance, the music of Arab Americans, cinema in Egypt and Iran, Hollywood representations of the Middle East, and contemporary Sudanese painting. The contributions come from scholars and critics and from the artists themselves. Together, they present a wide-ranging and holistic view of the arts in their social, political, anthropological, and gender contexts. Contributors: Walter Armbrust, Farida Ben Lyazid, Kay Hardy Campbell, Virginia Danielson, Marjorie Franken, Sondra Hale, Carolee Kent, Hamid Naficy, Salwa Mikdadi Nashashibi, Anne K. Rasmussen, Selim Sednaoui, Simon Shaheen, Rebecca Stone, Chaïbia Talal, Karin Van Nieuwkerk, William Young, Sherifa Zuhur.

**Then They Do** Trace Adkins 2003 "You want the dreams they dreamed of to come true-Then They Do." That line from one of country music's best songs in recent memory pretty much sums up the way millions of parents feel about their children. Many times as they are growing up and driving you crazy, you dream of when they will be out of the house-and you will have your life back again-and then they do. Then They Do is filled with heartwarming, and sometimes tear-inducing, stories from parents about cherishing the moments with your children and celebrating the fine young men and women they have become. This book will serve as a reminder to parents to seize those moments when their tiny ones are still underfoot, and will be a nostalgia-inducing keepsake for those whose children have moved upwards and onwards. A fine gift for parents young and old or for grown children in the midst of raising their own families.

**The Food Talk** Sanjay Raja 2018-07 It is every caregiver's responsibility to teach their kids about healthy eating, "€,"the earlier the better. But nutrition has so many gray areas and changing rules that it can be very complicated for kids to figure out on their own. Even we as adults get confused. For example, eating pizza once every couple of weeks may be fine but eating it every day is not. Where do you draw the line? Once a week?

Every five days? Every nine days? Furthermore, how do you get a four-year-old to draw the line? The Food Talk shows parents how to teach their young (and older) kids about healthy eating in a way they can easily understand. I offer parents concrete, black-and-white rules for their kids about what is "good" and what is "bad" (for example, green is "good" and added sugar is "bad.") It is an approach that they can grasp right away and carry with them as they grow into adults.

*The Big Bike Trip* Freddie Gillies 2021-08-03 'When you're hurting and coughing on a steep incline, it's hard to see or even think of the top, but you just gotta push a pedal at a time and keep pushing.' At Auckland Airport, three young Kiwis began an audacious — some would say crazy — journey, huddled together and wiping tears from their eyes. Fourteen months later, they had cycled 23,000 kilometres, from Bali to Buckingham Palace, across more than 20 countries and adventured through some of the most exotic parts of the world. They battled extreme heat, sub-zero temperatures, culture shock and loneliness as they pushed their bodies to their limits. They overcame injury, illness, heartbreak, and, above all, their own fears and self-doubt. It was the time of their lives. Packed with stunning photography by Sean Wakely, *The Big Bike Trip* is an inspirational account of self-discovery, friendship and turning your dreams into reality.

*American Icon* Bryce G. Hoffman 2012-03-13 The inside story of the epic turnaround of Ford Motor Company under the leadership of CEO Alan Mulally. At the end of 2008, Ford Motor Company was just months away from running out of cash. With the auto industry careening toward ruin, Congress offered all three Detroit automakers a bailout. General Motors and Chrysler grabbed the taxpayer lifeline, but Ford decided to save itself. Under the leadership of charismatic CEO Alan Mulally, Ford had already put together a bold plan to unify its divided global operations, transform its lackluster product lineup, and overcome a dysfunctional culture of infighting, backstabbing, and excuses. It was an extraordinary risk, but it was the only way the Ford family—America's last great industrial dynasty—could hold on to their company. Mulally and his team pulled off one of the greatest comebacks in business history. As the rest of Detroit collapsed, Ford went from the brink of bankruptcy to being the most profitable automaker in the world. *American Icon* is the compelling, behind-the-scenes account of that epic turnaround. In one of the great management narratives of our time, Hoffman puts the reader inside the boardroom as Mulally uses his celebrated Business Plan Review meetings to drive change and force Ford to deal with the painful realities of the American auto industry. Hoffman was granted unprecedented access to Ford's top executives and top-secret company documents. He spent countless hours with Alan Mulally, Bill Ford, the Ford family, former executives, labor leaders, and company directors. In the bestselling tradition of *Too Big to Fail* and *The Big Short*, *American Icon* is narrative nonfiction at its vivid and colorful best.
