Global Africans Toyin Falola 2017-01-20 "Black," "African," "African descendant" and "of African heritage," are just some of the ways Africans and Africans in the diaspora (both old and new) describe themselves. This volume examines concepts of race, ethnicity, and identity as they are ascribed to people of colour around the world, examining different case studies of how the process of identity formation occurred and is changing. Contributors to this volume, selected from a wide range of academic and cultural backgrounds, explore issues that encourage a deeper understanding of race, ethnicity and identity. As our notions about what it means to be black or of African heritage change as a result of globalization, it is important to reassess how these issues are currently developing, and the origins from which these issues developed. Global Africans is an important and insightful book, useful to a wide range of students and scholars, particularly of African studies, sociology, diaspora studies, and race and ethnic studies.

Pride Of Walworth Mary Jane Staples 2011-10-31 There was a new family in Browning Street, Walworth - the Harrisons. Respectable and well-behaved, the only thing unusual about them was that Mr Harrison was never there. He was a sailor, said Ma Harrison, away fighting pirates in the China Seas. Actually, 'Knocker' Harrison was in Marsham Gaol - he had unfortunately burgled a lady's suite when she happened to be there. Pa wasn't really a very good burglar. When young Nick Harrison, eldest son and heir of Ma and Knocker, met Annabelle Somers he found himself in a very difficult situation. For seventeen-year-old Annabelle was a peach of a girl, was related to the highly respectable Adams family, and was really quite keen on Nick, very interested in him and in his family. What with keeping Annabelle at arm's length in case she found out about Pa, and with the problems of running the Browning Street Rovers football team (the ball was owned by Chrissie Evans who laid down her own rules about the team) Nick sometimes wondered if his life would ever be sorted out.

The Haunting of Griswold Island and The Secret Want Ad Joyce Magyar 2019-07-22 The Haunting of Griswold Island Griswold Island has been family-owned for generations. Many years ago, mysterious occurrences have happened that the townspeople dare not talk about, which started back in the year 1945 between two men. Two men committed a crime that they are about to resurrect, and a secret leads the crime to them. Greediness sets in when they learn somewhere on the island is a considerable amount of money, and unexpected visitors creates a diversion. As the two men find a way to search for the money, their secret slowly unfolds. Still a mysterious stranger lurks in the shadows as a note is left on the porch, and the mystery continues on who will get to the money first. The Secret Want Ad Everyone says that a stranger off the street is dangerous, but what about a stranger entering a stranger's home? I answered an ad in the newspaper which seemed too good to be true, but it was just what I was looking for. As I started my journey with this job, it was more than I ever expected. My first day was like a fairy-tale, and the next day my life was over. I was made a prisoner and was stranded on an island with no way off it. I was lied to, beaten, and drugged; and some days I didn't know where I was. All I knew was I had to find a way off the island, even if it meant going through hell first. A familiar face had a change of heart, but we weren't out of the woods as an army of guards, a curse, and greed that takes over men for a treasure connected to a magical medallion on a mysterious island.
