

King James The History Of Homosexuality

King James and the History of Homosexuality - Michael Young 2016

James VI & I, the namesake of the King James Version of the Bible, had a series of notorious male favorites. No one denies that these relationships were amorous, but were they sexual? Michael B. Young merges political history with recent scholarship in the history of sexuality to answer that question. More broadly, he shows that James's favorites had a negative impact within the royal family, at court, in Parliament, and in the nation at large. Contemporaries raised the specter of a sodomitical court and an effeminized nation; some urged James to engage in a more virile foreign policy by embarking on war. Queen Anne encouraged a martial spirit and molded her oldest son to be more manly than his father. Repercussions continued after James's death, detracting from the majesty of the monarchy and contributing to the outbreak of the Civil War. Persons acquainted with the history of sexuality will find surprising premonitions here of modern homosexuality and homophobia. General readers will find a world of political intrigue colored by sodomy, pederasty, and gender instability. For readers new to the subject, the book begins with a helpful overview of King James's life."

Bad Gays - Huw Lemmey 2023-05-30

An unconventional history of homosexuality We all remember Oscar Wilde, but who speaks for Bosie? What about those 'bad gays' whose unexemplary lives reveal more than we might expect? Many popular histories seek to establish homosexual heroes, pioneers, and martyrs but, as Huw Lemmey and Ben Miller argue, the past is filled with queer people whose sexualities and dastardly deeds have been overlooked despite their being informative and instructive. Based on the hugely popular podcast series of the same name, *Bad Gays* asks what we can learn about LGBTQ+ history, sexuality and identity through its villains, failures, and baddies. With characters such as the Emperor Hadrian, anthropologist Margaret Mead and notorious gangster Ronnie Kray, the authors tell the story of how the figure of the white gay man was born, and how he failed. They examine a cast of kings, fascist thugs, artists and debauched bon viveurs. Imperial-era figures Lawrence of Arabia and Roger Casement get a look-in, as do FBI boss J. Edgar Hoover, lawyer Roy Cohn, and architect Philip Johnson. Together these amazing life stories expand and challenge mainstream assumptions about sexual identity: showing that homosexuality itself was an idea that emerged in the nineteenth century, one central to major historical events. *Bad Gays* is a passionate argument for rethinking gay politics beyond questions of identity, compelling readers to search for solidarity across boundaries.

Queer City - Peter Ackroyd 2017-05-25

'Droll, provocative and crammed to bursting with startling facts' Simon Callow, *Guardian* In this powerful Sunday Times bestseller Peter Ackroyd looks at London in a whole new way - through the history and experiences of its gay population. In Roman Londinium the city was dotted with lupanaria ('wolf dens' or public pleasure houses), fornication (brothels) and thermiae (hot baths). Then came the Emperor Constantine, with his bishops, monks and missionaries. And so began an endless loop of alternating permissiveness and censure. Ackroyd takes us right into the hidden history of the city; from the notorious Normans to the frenzy of executions for sodomy in the early nineteenth century. He journeys through the coffee bars of sixties Soho to Gay Liberation, disco music and the horror of AIDS. Today, we live in an era of openness and tolerance and Queer London has become part of the new norm. Ackroyd tells us the hidden story of how it got there, celebrating its diversity, thrills and energy on the one hand; but reminding us of its very real terrors, dangers and risks on the other.

King James and Letters of Homoerotic Desire - David M. Bergeron 2002-04

What can we know of the private lives of early British sovereigns? Through the unusually large number of letters that survive from King James VI of Scotland/James I of England (1566-1625), we can know a great deal. Using original letters, primarily from the British Library and the National Library of Scotland, David Bergeron creatively argues that James' correspondence with certain men in his court constitutes a gospel of homoerotic desire. Bergeron grounds his provocative study on an examination of the tradition of letter writing during the Renaissance and draws a connection between homosexual desire and letter writing during that historical period. King James, commissioner of the Bible translation

that bears his name, corresponded with three principal male favorites—Esmé Stuart (Lennox), Robert Carr (Somerset), and George Villiers (Buckingham). Esmé Stuart, James' older French cousin, arrived in Scotland in 1579 and became an intimate adviser and friend to the adolescent king. Though Esmé was eventually forced into exile by Scottish nobles, his letters to James survive, as does James' hauntingly allegorical poem *Phoenix*. The king's close relationship with Carr began in 1607. James' letters to Carr reveal remarkable outbursts of sexual frustration and passion. A large collection of letters exchanged between James and Buckingham in the 1620s provides the clearest evidence for James' homoerotic desires. During a protracted separation in 1623, letters between the two raced back and forth. These artful, self-conscious letters explore themes of absence, the pleasure of letters, and a preoccupation with the body. Familial and sexual terms become wonderfully intertwined, as when James greets Buckingham as "my sweet child and wife." *King James and Letters of Homoerotic Desire* presents a modern-spelling edition of seventy-five letters exchanged between Buckingham and James. Across the centuries, commentators have condemned the letters as indecent or repulsive. Bergeron argues that on the contrary they reveal an inward desire of king and subject in a mutual exchange of love.

The King's Assassin - Benjamin Woolley 2017-08-24

The rise of George Villiers from minor gentry to royal power seemed to defy gravity. Becoming gentleman of the royal bedchamber in 1615, the young gallant enraptured James, Britain's first Stuart king, royal adoration reaching such an intensity that the king declared he wanted the courtier to become his 'wife'. For a decade, Villiers was at the king's side - at court, on state occasions and in bed, right up to James's death in March 1625. Almost immediately, Villiers' many enemies accused him of poisoning the king. A parliamentary investigation was launched, and scurrilous pamphlets and ballads circulated London's streets. But the charges came to nothing, and were relegated to a historical footnote. Now, new historical scholarship suggests that a deadly combination of hubris and vulnerability did indeed drive Villiers to kill the man who made him. It may have been by accident - the application of a quack remedy while the king was weakened by a malarial attack. But there is compelling evidence that Villiers, overcome by ambition and frustrated by James's passive approach to government, poisoned him. In *The King's Assassin*, acclaimed author Benjamin Woolley examines this remarkable, even tragic story. Combining vivid characterization and a strong narrative with historical scholarship and forensic investigation, Woolley tells the story of King James's death, and of the captivating figure at its centre. What emerges is a compelling portrait of a royal favourite whose charisma overwhelmed those around him and, ultimately, himself.

Queer Voices in Post-War Scotland - J. Meek 2015-05-18

This book examines the experiences of gay and bisexual men who lived in Scotland during an era when all homosexual acts were illegal, tracing the historical relationship between Scottish society, the state and its male homosexual population using a combination of oral history and extensive archival research.

King James, the VI of Scotland & the I of England - Stephen Alexander Coston 1996

This pivotal one of a kind historical work about the true character of King James VI & I reveals rare & previously ignored documentary evidence recently brought to light & published in this revolutionary volume. Introduction by The Most Noble 10th Duke of Atholl, His Grace George Iain Murray. Coston provides a detailed account of the moral life of the most notable Prince of Jacobean Great Britain & thoroughly refutes scandalous charges of His Royal Person. Walk through history & into the realm of 16th Century Great Britain, read rare documents from the King, works he authored, letters to & from contemporaries & love poetry composed to his wife. Coston uncovers the motives behind the would be assassins of the King's person & honor. All the critical, revisionist & pseudo-historian sources attacking the King's person are examined in detail in this unique book. "This work by Stephen Coston, Sr. is well timed to address the false accusations made against this Godly King...Each accusation is documented & discounted from facts not fiction."--Dr. John MacLennan. Order 1-800-659-1478.

The Same Sex Controversy - James White 2002-04-01

In the guise of tolerance, Hollywood and modern culture have granted "alternative lifestyle" status to a behavior condemned by Scripture. In the Same Sex Controversy, the authors clarify and defend the Bible's stand on homosexuality as they expand on key passages. Subjects include the basis of biblical morality, biblical teaching on marriage and sexuality, the new "homosexual apologist," and both Old and New Testament witnesses against homosexuality. They also provide information on how to lovingly and biblically reach out to those caught up in its grip.

King James & the History of Homosexuality - Michael B. Young
1999-09-01

Allegations of King James's homosexuality made in his lifetime and in the generation afterwards shook the political world of early Stuart England. In this engaging history of the monarch and his times, Michael B. Young relates these allegations to the current debate among historians on the origin of modern conceptions of "homosexuality." Situating the claims of homosexuality within the interplay between sexuality and gender in early seventeenth century England and ideas of governance and peace and war, Young argues that the origins of the modern conception of "homosexuality" lie earlier than has been supposed and that by the beginning of the seventeenth century they were already apparent. The principal evidence he adduces for this is the muted tone he sees in these claims made against James and in the absence in them of ideas concerning "sodomy" as an absolute Other, which have been argued as characterizing early modern England. Combining research on the history of homosexuality with political history, Young's treatment of homophobia, effeminacy, manliness, and sexual politics in Jacobean England not only explores the repercussions of James's homosexuality on his son Charles's reign, but shows how prior historians have mishandled the subject of James' homosexuality and underestimated its political consequences.

King James VI and I and the History of Homosexuality - M. Young
1999-09-22

James VI and I was the most prominent homosexual figure in the early modern period. Young has amassed the evidence surrounding James and related it to the larger history of homosexuality. The result is a synthesis of old and new history that illuminates Jacobean politics and challenges many current assumptions about effeminacy, manliness, sodomy, sexual constructs and sexual discourse before the eighteenth century.

Homosexuality and Civilization - Louis Crompton 2003

How have major civilizations of the last two millennia treated people who were attracted to their own sex? In a narrative tour de force, Louis Crompton chronicles the lives and achievements of homosexual men and women alongside a darker history of persecution, as he compares the Christian West with the cultures of ancient Greece and Rome, Arab Spain, imperial China, and pre-Meiji Japan. Ancient Greek culture celebrated same-sex love in history, literature, and art, making high claims for its moral influence. By contrast, Jewish religious leaders in the sixth century B.C.E. branded male homosexuality as a capital offense and, later, blamed it for the destruction of the biblical city of Sodom. When these two traditions collided in Christian Rome during the late empire, the tragic repercussions were felt throughout Europe and the New World. Louis Crompton traces Church-inspired mutilation, torture, and burning of sodomites in sixth-century Byzantium, medieval France, Renaissance Italy, and in Spain under the Inquisition. But Protestant authorities were equally committed to the execution of homosexuals in the Netherlands, Calvin's Geneva, and Georgian England. The root cause was religious superstition, abetted by political ambition and sheer greed. Yet from this cauldron of fears and desires, homoerotic themes surfaced in the art of the Renaissance masters--Donatello, Leonardo, Michelangelo, Sodoma, Cellini, and Caravaggio--often intertwined with Christian motifs. Homosexuality also flourished in the court intrigues of Henry III of France, Queen Christina of Sweden, James I and William III of England, Queen Anne, and Frederick the Great. Anti-homosexual atrocities committed in the West contrast starkly with the more tolerant traditions of pre-modern China and Japan, as revealed in poetry, fiction, and art and in the lives of emperors, shoguns, Buddhist priests, scholars, and actors. In the samurai tradition of Japan, Crompton makes clear, the celebration of same-sex love rivaled that of ancient Greece. Sweeping in scope, elegantly crafted, and lavishly illustrated, *Homosexuality and Civilization* is a stunning exploration of a rich and terrible past.

What Does the Bible Really Teach about Homosexuality? (eBook) - Kevin DeYoung 2015-11-09

In WHAT DOES THE BIBLE REALLY TEACH ABOUT HOMOSEXUALITY?, award-winning author Kevin DeYoung challenges each of us - the skeptic and the seeker, the certain and the confused - to

take a humble look at God's Word regarding the issue of homosexuality. After examining key biblical passages in both the Old and New Testaments and the Bible's overarching teaching regarding sexuality, this timely book responds to popular objections raised by Christians and non-Christians alike, making this an indispensable resource for thinking through one of the most pressing issues of our day.

King James and the History of Homosexuality - Michael B. Young
2000

A Little Gay History of Wales - Daryl Leeworthy 2019-09-15

A Little Gay History of Wales tells the compelling story of Welsh LGBT life from the Middle Ages to the present day. Drawing on a rich array of archival sources from across Britain, together with oral testimony and material culture, this pioneering study is the first to examine the experiences of ordinary LGBT men and women, and how they embarked on coming out, coming together and changing the world. This is the story of poets who wrote about same-sex love and translators who worked to create a language to describe it; activists who campaigned for equality and politicians who created the legislation providing it; teenagers ringing advice lines for guidance on coming out, and revellers in the pioneering bars and clubs on a Friday and Saturday night. It is also a study of prejudice and of intolerance, of emigration and isolation, of HIV/AIDS and Section 28 - all features of the complex historical reality of LGBT life and same-sex desire. Engaging and accessible, absorbing and perceptive, this book is an important advance in our understanding of Welsh history.

The Queen James Bible - God 2012-11-07

Bosom Friends - Thomas J. Balcerski 2019

A dual biography of bachelor politicians James Buchanan and William Rufus King that analyzes a much-discussed intimate friendship in nineteenth-century American politics.

Bible, Gender, Sexuality - James V. Brownson 2013-02-03

In *Bible, Gender, Sexuality* James Brownson argues that Christians should reconsider whether or not the biblical strictures against same-sex relations as defined in the ancient world should apply to contemporary, committed same-sex relationships. Presenting two sides in the debate -- "traditionalist" and "revisionist" -- Brownson carefully analyzes each of the seven main texts that appear to address intimate same-sex relations. In the process, he explores key concepts that inform our understanding of the biblical texts, including patriarchy, complementarity, purity and impurity, honor and shame. Central to his argument is the need to uncover the moral logic behind the biblical text. Written in order to serve and inform the ongoing debate in many denominations over the questions of homosexuality, Brownson's in-depth study will prove a useful resource for Christians who want to form a considered opinion on this important issue.

James VI and I and the History of Homosexuality - Michael B. Young
2000

James VI and I was the most prominent homosexual figure in the early modern period. The author has amassed the evidence surrounding James and related it to the larger history of homosexuality. The result is a synthesis of old and new history that illuminates Jacobean politics and challenges many current assumptions about effeminacy, manliness, sodomy, sexual constructs and sexual discourse before the 18th century.

Reforming Sodom - Heather R. White 2015-07-24

With a focus on mainline Protestants and gay rights activists in the twentieth century, Heather R. White challenges the usual picture of perennial adversaries with a new narrative about America's religious and sexual past. White argues that today's antigay Christian traditions originated in the 1920s when a group of liberal Protestants began to incorporate psychiatry and psychotherapy into Christian teaching. A new therapeutic orthodoxy, influenced by modern medicine, celebrated heterosexuality as God-given and advocated a compassionate "cure" for homosexuality. White traces the unanticipated consequences as the therapeutic model, gaining popularity after World War II, spurred mainline church leaders to take a critical stance toward rampant antihomosexual discrimination. By the 1960s, a vanguard of clergy began to advocate for homosexual rights. White highlights the continued importance of this religious support to the consolidating gay and lesbian movement. However, the ultimate irony of the therapeutic orthodoxy's legacy was its adoption, beginning in the 1970s, by the Christian Right, which embraced it as an age-old tradition to which Americans should return. On a broader level, White challenges the assumed secularization narrative in LGBT progress by recovering the forgotten history of liberal Protestants' role on both sides of the debates over orthodoxy and sexual

identity.

Gay & Lesbian History for Kids - Jerome Pohlen 2015-10-01

Part of the popular For Kids series, this book puts the historic struggle for LGBT equality into perspective. Given today's news, it would be easy to get the impression that the campaign for LGBT equality is a recent development, but it is only the final act in a struggle that started more than a century ago. This timely resource helps put recent events into context for kids ages nine and up. After a brief history up to 1900, each chapter discusses an era in the struggle for LGBT civil rights from the 1920s to today. The history is told through personal stories and firsthand accounts of the movement's key events like the 1950s "Lavender Scare,"

the Stonewall Inn uprising, and the AIDS crisis. Readers will learn about civil rights mavericks, like Dr. Magnus Hirschfeld, founder of the first gay rights organization; Phyllis Lyon and Del Martin, who turned the Daughters of Bilitis from a lesbian social club into a powerhouse for LGBT freedom; and Harvey Milk, the first out candidate to win a seat on the San Francisco Board of Supervisors. Also chronicled are the historic contributions of famous LGBT individuals, and 21 activities enliven the history. Kids can write a free verse poem like Walt Whitman, learn the Madison line dance, design an AIDS quilt panel, and write a song parody to learn about the spirited ways in which the LGBT community has pushed for positive social change.
