Satchmo - Louis Armstrong 1986

"In all my whole career the Brick House was one of the toughest joints I ever played in. It was the honky-tonk where levee workers would congregate every Saturday night and trade with the gals who'd stroll up and down the floor and the bar. Those guys would drink and fight one another like circle saws. Bottles would come flying over the bandstand like crazy, and there was lots of just plain common shooting and cutting. But somehow all that jive didn't faze me at all, I was so happy to have some place to blow my horn." So says Louis Armstrong, a tough kid who just happened to be a musical genius, about one of the places where he performed and grew up. This raucous, rich tale of his early days in

New Orleans concludes with his departure to Chicago at twenty-one to play with his boyhood idol King Oliver, and tells the story of a life that began, mythically, on July 4, 1900, in the city that sowed the seeds of jazz.

Plugged In - Patti M. Valkenburg 2017-04-25

An illuminating study of the complex relationship between children and media in the digital age Now, as never before, young people are surrounded by media—thanks to the sophistication and portability of the technology that puts it literally in the palms of their hands. Drawing on data and empirical research that cross many fields and continents, authors Valkenburg and Piotrowski examine the role of media in the lives of children from birth through

adolescence, addressing the complex issues of how media affect the young and what adults can do to encourage responsible use in an age of selfies, Twitter, Facebook, and Instagram. This important study looks at both the sunny and the dark side of media use by today's youth, including why and how their preferences change throughout childhood, whether digital gaming is harmful or helpful, the effects of placing tablets and smartphones in the hands of toddlers, the susceptibility of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

Nikki Waters wanted to be a star. So she left her home in England, flew to Tokyo, and joined Japan's top girl group as the lead singer. She was well on her way to fame and fortune until the night she went to her boss's apartment and found him lying in a pool of blood. The weapon: a samurai sword. Nikki was thrown in jail, charged with murder, and forbidden to talk to anyone except the lawyer she didn't have. Given Japan's 99%+ conviction rate, there was nothing standing between Nikki Waters and the gallows. Nothing except Inspector Ian McLean of Scotland Yard. Forced to work undercover, can McLean and his detectives Sally Chan and Thomas McMillan rescue Nikki from the terrifying jaws of the Japanese justice system? "Broken Idol" is the sixth Inspector McLean Mystery by David W. Rudlin.

**Into the Magic Shop** - James R. Doty, MD  
2016-02-02

The award-winning New York Times bestseller about the extraordinary things that can happen when we harness the power of both the brain and the heart Growing up in the high desert of California, Jim Doty was poor, with an alcoholic father and a mother chronically depressed and paralyzed by a stroke. Today he is the director of the Center for Compassion and Altruism Research and Education (CCARE) at Stanford University, of which the Dalai Lama is a founding benefactor. But back then his life was at a dead end until at twelve he wandered into a magic shop looking for a plastic thumb. Instead he met Ruth, a woman who taught him a series of exercises to ease his own suffering and manifest his greatest desires. Her final mandate was that he keep his heart open and teach these techniques to others. She gave him his first glimpse of the unique relationship between the brain and the heart. Doty would go on to put Ruth's practices to work with extraordinary results—power and wealth that he could only

imagine as a twelve-year-old, riding his orange Sting-Ray bike. But he neglects Ruth's most important lesson, to keep his heart open, with disastrous results—until he has the opportunity to make a spectacular charitable contribution that will virtually ruin him. Part memoir, part science, part inspiration, and part practical instruction, *Into the Magic Shop* shows us how we can fundamentally change our lives by first changing our brains and our hearts.

*The Vegetarian* - Han Kang 2015-01-01  
Yeong-hye and her husband are ordinary people. He is an office worker with moderate ambitions and mild manners; she is an uninspired but dutiful wife. The acceptable flatline of their marriage is interrupted when Yeong-hye, seeking a more 'plant-like' existence, decides to become a vegetarian, prompted by grotesque recurring nightmares. In South Korea, where vegetarianism is almost unheard-of and societal mores are strictly obeyed, Yeong-hye's decision is a shocking act of subversion. Her passive rebellion manifests in ever more bizarre and frightening forms, leading her bland husband to self-justified acts of sexual sadism. His cruelties drive her towards attempted suicide and hospitalisation. She unknowingly captivates her sister's husband, a video artist. She becomes the focus of his increasingly erotic and unhinged artworks, while spiralling further and further into her fantasies of abandoning her fleshly

*Poverty in the Philippines* - Asian Development Bank 2009-12-01

Against the backdrop of the global financial crisis and rising food, fuel, and commodity prices, addressing poverty and inequality in the Philippines remains a challenge. The proportion of households living below the official poverty line has declined slowly and unevenly in the past four decades, and poverty reduction has been much slower than in neighboring countries such as the People's Republic of China, Indonesia, Thailand, and Viet Nam. Economic growth has gone through boom and bust cycles, and recent episodes of moderate economic expansion have had limited impact on the poor. Great inequality across income brackets, regions, and sectors, as

well as unmanaged population growth, are considered some of the key factors constraining poverty reduction efforts. This publication analyzes the causes of poverty and recommends ways to accelerate poverty reduction and achieve more inclusive growth. It also provides an overview of current government responses, strategies, and achievements in the fight against poverty and identifies and prioritizes future needs and interventions. The analysis is based on current literature and the latest available data, including the 2006 Family Income and Expenditure Survey.

*Taking Action Against Clinician Burnout* - National Academies of Sciences, Engineering, and Medicine 2020-01-02

Patient-centered, high-quality health care relies on the well-being, health, and safety of health care clinicians. However, alarmingly high rates of clinician burnout in the United States are

detrimental to the quality of care being provided, harmful to individuals in the workforce, and costly. It is important to take a systemic approach to address burnout that focuses on the structure, organization, and culture of health care. Taking Action Against Clinician Burnout: A Systems Approach to Professional Well-Being builds upon two groundbreaking reports from the past twenty years, *To Err Is Human: Building a Safer Health System* and *Crossing the Quality Chasm: A New Health System for the 21st Century*, which both called attention to the issues around patient safety and quality of care. This report explores the extent, consequences, and contributing factors of clinician burnout and provides a framework for a systems approach to clinician burnout and professional well-being, a research agenda to advance clinician well-being, and recommendations for the field.

*Crying in H Mart* - Michelle Zauner 2021-04-27

ONE OF BARACK OBAMA'S FAVOURITE BOOKS OF 2021 From the indie rockstar Japanese Breakfast, an unflinching, powerful, deeply moving memoir about growing up mixed-race, Korean food, losing her Korean mother,

and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up the only Asian-American kid at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the east coast for college, finding work in the restaurant industry, performing gigs with her fledgling band and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal pancreatic cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and

history her mother had given her. Vivacious and plainspoken, lyrical and honest, Michelle Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, *Crying in H Mart* is a book to cherish, share, and reread. PRAISE FOR CRYING IN H MART 'Michelle Zauner's *Crying In H Mart* is as good as everyone says it is and, yes, it will have you in tears. An essential read for anybody who has lost a loved one, as well as those who haven't.' Marie-Claire 'The book's descriptions of jjigae, tteokbokki, and other Korean delicacies stand out as tokens of the deep, all-encompassing love between Zauner and her mother, a love that is charted in vivid descriptions of her mother after death; in a time when people around the world are reckoning with untold loss due to COVID-19, Zauner's frankness around death feels like an unexpected yet deeply necessary gift.' Vogue 'Zauner's writing is powerful in its straight-forwardness, though some turns of phrases are as beautiful as

any song lyric... but it is her ability to convey how her mother's simple offering of a rice snack was actually an act of the truest love that leaves the most indelible impression.' Refinery 29 'Poignant . . . A tender, well-rendered, heart-wrenching account of the way food ties us to those who have passed. The author delivers mouthwatering descriptions of dishes like pajeon, jajjuk, and gimbap, and her storytelling is fluid, honest, and intimate . . . Zauner's ability to let us in through taste makes her book stand out- she makes us feel like we are in her mother's kitchen, singing her praises.' Kirkus Reviews (starred review)

*Swing That Music* - Louis Armstrong 1993-08-22  
The first autobiography of a jazz musician, Louis Armstrong's *Swing That Music* is a milestone in jazz literature. Books Group). Satchmo covers in intimate detail Armstrong's life until his 1922 move to Chicago; but *Swing That Music* also covers his days on Chicago's South Side with "King" Oliver, his courtship and marriage to Lil Hardin, his 1929 move to New York, the formation of his own band, his European tours, and his international success. One of the most earnest justifications ever written for the new style of music then called "swing" but more broadly referred to as "Jazz," *Swing That Music* is a biography, a history, and an entertainment that really "swings."

Korean Masculinities and Transcultural Consumption - Sun Jung 2010-11-01

This book investigates transcultural consumption of three iconic figures in the middle-aged Japanese female fandom of actor

Bae Yong-Joon, the Western online cult fandom of the thriller film *Oldboy*, and the Singaporean fandom of the pop-star Rain. Through these three specific but hybrid contexts, the author develops the concepts of soft masculinity, as well as global and postmodern variants of masculine cultural impacts. In the concluding chapter, the author also discusses recently emerging versatile masculinity within the transcultural pop production paradigm represented by K-pop idol boy bands.
