### **The Advocate - 1996-06-25**

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

### Intimate Partner Violence in LGBTQ Lives -

Janice L. Ristock 2011-04-26

Queer lives remain at the margins of most academic inquiry into domestic violence. When same-sex violence is considered, it is most commonly as an "added on," without close attention to the specificity and meaning of violence within the lives of lesbian/ gay/ bisexual/ transgender/Two-Spirit and queer people (LGBTQ). This edited volume seeks to change this discourse by bringing together the most innovative research about intimate partner violence that is specific to the lives of LGBTQ people. Including contributions based on research conducted in the United States, the United Kingdom, Canada and Australia, the volume is framed around central themes: conceptualizing violence; exploring differing spaces and lived experiences of violence; and the ethical challenges of responding to violence. The contributors also consider issues of race, class, gender, sexuality and other social differences, moving beyond a simple gender lens to one involving a framework of intersectionality.

*The Advocate - 1996-11-26*

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

### Growth and Intimacy for Gay Men - Christopher J Alexander 2014-04-04

Growth and Intimacy for Gay Men: A Workbook is an educational workbook for gay men that covers a variety of topics, including family of origin, addiction, self-image, dating and relationships, AIDS and multiple loss, and spirituality. Each chapter provides an overview of the mental health concerns of gay men, as well as exercises the reader can do to facilitate

his personal understanding of the issues covered. While the book is written in nontechnical language, making it useful to the general public, its wide selection of workbook exercises makes it useful for psychotherapists and counselors working with gay men. Growth and Intimacy for Gay Men is written to the reader--with brief examples from the author's work as a clinical psychologist helping gay men. A central goal of the book is to normalize the feelings and experiences the reader has, as many gay men feel like they're the only ones with their feelings or experiences. The book's problem-solving approach addresses: family of origin--provides exercises to identify and examine gay men's role in the family, examine their childhood perceptions of being different, and help them map out family patterns and dynamics self-image--includes self-image assessment questionnaires and written exercises that challenge the reader to look at how they're affected by societal perceptions addiction--explores why gay men are vulnerable to addictive behavior and offers strategies for change and self-assessment exercises dating and relationships--covers the unique challenges faced by gay men, with exercises for single as well as coupled men AIDS and mental health--provides exercises to help the reader examine the impact of AIDS on his own life and to assess the impact of multiple loss and prolonged grief Readers can do the workbook exercises on their own, or therapists can assign chapters and exercises as homework, with clients bringing the completed assignment to therapy for more in-depth exploration and discussion. By providing informative chapters and useful exercises, Growth and Intimacy for Gay Men becomes an avenue through which gay men can understand their identity, experiences, and goals. Counseling Multicultural and Diverse Populations - Nicholas A. Vacc 2003-02-04 Professionals in helping occupations hold the key to reducing social, economic, and emotional

barriers that often prevent members of America's subgroups from becoming secure citizens.

*Love Between Men* - Rik Isensee 1992-11

**Now that You Know** - Betty Fairchild 1998

Addresses the questions and doubts that trouble parents as they learn to acknowledge and accept their child's homosexuality.

**Man Alive** - Fredric Eldon Rabinowitz 1994

This book provides an introduction to what has become known as men's issues and the problems and conflicts encountered by men in America. It aims to help readers become aware of some of the unspoken rules that govern men's lives and helps them change the aspects of their masculine identity that might be destructive to their own mental, physical and spiritual health.

The Advocate - 1996-09-03

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

*Be Loved for Who You Really Are* - Judith Sherven 2014-10-14

Based on their 14 years together as relationship trainers working with over 100,000 singles and couples, Judith Sherven and James Sniechowski have developed a truly new and original way to approach relationships. *Be Loved for Who You Really Are* describes how differences between partners can be a source of understanding and intimacy, enhancing rather than destroying a relationship. Readers learn to recognize the process of understanding differences, and what is necessary to keep lovemaking and romance alive for a lifetime. *Be Loved for Who You Really Are* outlines a natural and predictable path that love requires, called the arc of love. Within this arc are four inevitable passages that enable the reader to better understand the challenges and pitfalls they will encounter, and to not confuse conflicts and tough times with disaster or failure. The idea of a "passage" is used because as love evolves between two people it requires that they face into and grow through a number of challenges. Those challenges are necessary for them to mature in the wisdom of their love and intimacy and in the day-to-day relationship they are co-creating. The four passages are: \*A Glimpse of What Is Possible, the wonderful time

of falling in love when you actually see the perfection of your partner. \*The Clash of Differences, when your love is tested through the inevitable conflicts that emerge from your differences. \*The Magic of Differences, when those very same differences allow you to be respected and loved for the person you truly are. \*And The Grace of Deep Intimacy, when the passionate wonder of the beginning is now yours, through and through, and your love touches everyone you encounter. Unlike most relationship books, which are written primarily for women, *Be Loved for Who You Really Are* speaks to women and men equally. Judith & Jim underscore the fact that men are just as hungry for this kind of life-changing information. Throughout *Be Loved for Who You Really Are*, Judith and Jim provide inspiring examples that show how love lives between people, and that differences can actually be the key to the deepest connection being together has to offer.

**Pink Therapy** - Dominic Davies 1996-05-16

A comprehensive British volume on lesbian and gay affirmative psychotherapy has been a while coming. *Pink Therapy*, however, has arrived, amply fills this gap, and is well worth the wait. The literature reviews are masterful for scholars, and the book offers a comprehensive, thoughtful approach for clinicians. A deft editorial hand is evident in the unusual consistency across chapters, the uniformly crisp, helpful chapter summaries, and the practical appendices, generous resources lists and well organized bibliographies. I particularly like the contributors subtle appreciation of theoretical nuance, genuine open-mindedness to diversity of ideas, and willingness to synthesize in a pragmatic and client-oriented manner. John C. Gonsiorek, PhD., Minneapolis, MN USA; Diplomate in Clinical Psychology, American Board of Professional Psychology; Past President, Society for the Psychological Study of Lesbian and Gay Issues (Division 44 of the American Psychological Association). *Pink Therapy* is the first British guide for counsellors and therapists working with people who are lesbian, gay or bisexual. It provides a much needed overview of lesbian, gay and bisexual psychology, and examines some of the differences between lesbians, gays and bisexuals, and heterosexuals. *Pink Therapy*

proposes a model of gay affirmative therapy, which challenges the prevailing pathologizing models. It will help to provide answers to pressing questions such as: what is different about lesbian, gay and bisexual psychologies? how can I improve my work with lesbian, gay and bisexual clients? what are the key clinical issues that this work raises? The contributors draw on their wide range of practical experience to provide - in an accessible style - information about the contemporary experience of living as a lesbian, gay or bisexual person, and to explore some of the common difficulties. *Pink Therapy* will be important reading for students and practitioners of counselling and psychotherapy, and will also be of value to anyone involved in helping people with a lesbian, gay or bisexual orientation.

*The Advocate* - 1997-04-01

*The Advocate* is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

*Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People* - Gerald P. Mallon 2009-06-02

A new, more comprehensive edition of the classic Social Work text. Although the vast majority of LGBT persons are healthy, resilient, and hardy individuals who do not seek social work intervention, some have been or will be clients in social work agencies. *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People* is the updated classic text that has expanded its scope to include new content on practice with bisexual and transgender populations—and incorporated this content throughout. This informative book provides a knowledge base of practice that will better prepare students and practitioners for working sensitively, competently, and effectively with LGBT individuals. The text now covers content on LGBT populations as articulated by the National Association of Social Workers (NASW) and the Council on Social Work Education (CSWE). Comprehensive and practical, this unique text discusses the pragmatic aspects of social work with lesbian, gay, bisexual, and transgender people. It will improve and reinforce competent practice with LGBT persons and their families in multiple

settings. Chapters focus on important topics such as: the profession's core values and ethical principles identifying, analyzing, and resolving ethically challenging practice problems LGBT persons of color—heterosexism, racism, and sexism applying the life model and the stress-coping process the root of conflicts in allegiances and pressures for unity via homogeneity practice with bisexual, transgender, and gender non-conforming persons sexual conversion therapy traditional psychoanalytic notions of lesbian couples the impact of sexual abuse on lesbian couples internalized homophobia, heterocentrism, and gay identity group work practice with the LGBTQ community clinical assessment for families where sexual orientation is an issue LGBT parenting the role of health care and many more! Complete with a highly detailed appendix of symbols, definitions, and terms, *Social Work Practice with Lesbian, Gay, Bisexual, and Transgender People*, is an invaluable resource for social workers and mental health professionals as well as for students and educators at all levels of experience.

*The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients* - Joy S. Whitman 2013-12-19

Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients--and how to deal with them! *The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients* offers therapists treating lesbian, gay, and bisexual clients innovative, practical interventions plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues

surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses: conflicts in self-perceptions obstacles to the growth of a healthy GLB identity dealing with the trauma and anxiety that result from discrimination using semi-hypnotic visualization to treat internalized homophobia helping bisexuals decide whether to come out or to "pass" coping with internalized homophobic messages dealing with heterosexism in the workplace or at school Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and work on issues involving: choosing the right partner intimacy and gender roles financial stability assimilation, queer pride, and everything in between how ethnicity and coupling impact sexual identity negotiating a healthy open relationship sexual concerns, sexual dysfunction, and pleasuring sexual role values for bisexual and lesbian women Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses "who am I" issues: sexual orientation and gender identity the intersection of sexual and ethnic identity oppression on multiple fronts gender exploration for lesbians Section IV: Homework, Handouts, and Activities for Specific Issues tackles concepts including: enhancing resilience through spirituality reconciling with religion spiritual wellness and the spiritual autobiography body image disturbances unwanted sexual behavior creating a safety plan in case of same-sex domestic violence alienation and finding a caring community medication adherence for HIV+ clients the difficulties faced by coupled lesbians with children family care

planning addiction and recovery healing from the wounds of homophobia relationships with ex-partners managing workplace stress If you're new to treating lesbian, gay, and bisexual clients you'll find rich material, based in current literature, to guide your work. If you've already worked extensively with LGBT clients, the activities and fresh, innovative strategies in The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients will expand and invigorate your skills.

**The Advocate** - 1997-03-04

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

**Reclaiming Your Life** - Rik Isensee 2005-02-14

Growing up gay in a homophobic culture can resemble growing up in a dysfunctional family. "Reclaiming Your Life" offers a soothing approach to healing from homophobic abuse, addictions, and self-defeating behavior. "If you are a gay man who grew up in a dysfunctional family or were abused, be kind to yourself and read this book. It's full of validation, understanding, common sense, and wise guidance, like a good friend." --Ellen Bass, coauthor of "The Courage to Heal" "a wealth of information... it should be required reading for all gay men and their loved ones." --"Lambda Book Report"

*Affirmative Psychotherapy and Counseling for Lesbians and Gay Men* - Jeffrey N. Chernin 2003  
Affirmative Psychotherapy and Counseling for Lesbians and Gay Men offers a broad base of research, practice, and advocacy information about the special counseling needs of gays and lesbians. Authors Jeffrey N. Chernin and Melissa R. Johnson discuss universal themes as they apply to lesbian and gay clients, as well as issues unique to lesbians and gay men, including the treatment of same-sex couples and families, ethnic minority issues, and living with HIV/AIDS. They present sensible information on how to provide a safe therapeutic environment and how to interpret and apply psychological assessments.
