Dr. Strange Beard - Penny Reid 2018-07-30
From the NEW YORK TIMES, WALL STREET JOURNAL, & USA TODAY bestselling series Hunches, horse races, and heartbreak Ten years after Simone Payton broke his heart, all Roscoe Winston wants is a doughnut. He'd also like to forget her entirely, but that's never going to happen. Roscoe Winston remembers everything—every look, every word, every single unrequited second—and the last thing he needs is another memory of Simone. Unfortunately, after one chance encounter, Simone keeps popping up everywhere he happens to be . . . Ten years after Roscoe Winston dropped out of her life, all Simone Payton wants is to exploit him. She'd also like some answers from her

former best friend about why he ghosted her, but if she never gets those answers, that's a-okay. Simone let go of the past a long time ago. Seriously, she has. She totally, totally has. She is definitely not still thinking about Roscoe. Nope. She's more than happy to forget he exists. But first, she needs just one teeny-tiny favor . . . *Dr. Strange Beard* is a full-length romantic comedy novel, can be read as a stand-alone, and is the fifth book in the USA TODAY bestselling Winston Brothers series. ***** Read the entire Winston Brothers series! Do Love - Andrew Rankin 2013-03-13

We're all love hacks ... but it doesn't have to be this way. Jesus gave a new teaching on the eve of His crucifixion: "Love one another as I have

loved you." He said that His followers would be known for their love. Yet few have experienced His love. Fewer still actually love like Him. As a recovering love hack, Rankin knows firsthand the struggles of moving beyond feelings and good intentions into the reality of loving others through actions. For love to become a way of life, we need to follow Jesus down a clear path. Do Love is a fresh call to establish love as the distinctive Christlike trait in our lives.

His Hacker - Allyson Lindt 2019-04-04

What happens in Vegas... Can break hearts and destroy careers. Years ago, heartbreak corrupted Jared Tippins's outlook on love. He spun the betrayal into a rapid climb up the corporate ladder, and swore off any relationship with a morning after. Luckily, the playful siren who rescues him from singing a duet alone in a karaoke bar doesn't want anything long term. If only he could stop fantasizing about ways to make her moan. Sure, she could've mentioned he works for the competition. At least she's not behind the security concerns that have plagued his company for almost six months. If she were, he'd be screwed on a whole new level. Mikki Elford is determined to have the fun she missed out on when she fast-tracked her way through

college. But school had its upside, too. She's qualified to legally hack corporate networks. Best job ever. She also gained an appreciation for the legends in computing — Gates, Jobs, and Tippins. When she meets Jared Tippins and realizes he's sexy and fluent in programming languages older than she is, no consequence will dissuade her from an impromptu fling. Fortunately, he doesn't mind that six months ago she compromised his network to land her job. Oh, crap. He doesn't know.
