The Love Mindset - Vironika Tugaleva 2013

"For anyone who's tired of feeling angry, depressed, or hurt, this book is a beacon of hope! The Love Mindset is a guide to healing yourself, no matter how hopeless and complicated things seem to be." –Christina Rasmussen, bestselling author of *Second Firsts* "As Vironika shared her own story, I saw pieces of myself and pieces of the people I care about. Many times the book brought me to tears and I had to put it down. It was like looking in the mirror and there was a part of me that was used to not looking." –Elephant Journal "If I had two words to describe The Love Mindset, they would be: fresh and powerful. This is because when I read it, something grabbed hold of me like it was the first time I'd seen a book in 5 years!" –Reuben Lowe, *Mindful Creation* "Vironika Tugaleva's *The Love Mindset* is an authentic, brave and beautiful guide to a more loving self and a more loving world. A great gift of words for anyone searching for the sacred place of self-acceptance, self-understanding and self-love." –Howard Falco, spiritual teacher and author of *I AM: The Power of Discovering Who You Really Are* "In the midst of turmoil, this book comes as a breath of fresh air." –Readers' Favorite After a decade-long struggle with mental distress, addiction, eating disorders, and profound self-hatred, Vironika Tugaleva faced a choice: change or die. Reluctantly, she chose to change. Nothing could have prepared her for what came next. Vironika's life as a suffering cynic ended when she found herself having a spiritual awakening. Drawing from first-hand experience, what Vironika says in this important and timely book isn't fanciful fluff or indoctrinating dogma. Her approach to healing, love, and spirituality is unconventional, deep, and refreshingly real. Winner of the Readers' Favorite silver medal for best self-help book of 2013, *The Love Mindset* offers a surprisingly simple look at how we can heal our relationships with ourselves and with each other. If you feel like you're too broken to fix, hold out your last shred of hope and give Vironika a try. She won't disappoint you. She will teach you about the power of love, the purpose of life, and the potential of people united. She will show you to yourself.

Love & Happiness - Yasmin Mogahed 2021-12

The words found in this book are my voice and my letter to the world. I wanted to give back, in hopes of helping myself and others survive. Just as we will fall in life, so will we rise. There is hope. There is beauty. There is love.

Love & Happiness - Yasmin Mogahed 2017-05

Pain is real. And so is loss. Sometimes it's hard not to let the weight of what we carry-or the memory of what we've lost-take over. And so I wrote, in hopes of helping myself and others survive and thrive inside their storms. There is hope. There is beauty. And there is also love and happiness.

The Good Life - Robert Waldinger 2023-01-10

A New York Times Bestseller What makes for a happy life, a fulfilling life? A good life? In their "captivating" (The Wall Street Journal) book, the directors of the Harvard Study of Adult Development, the longest scientific study of happiness ever conducted, show that the answer to these questions may be closer than you realize. What makes a life fulfilling and meaningful? The simple but surprising answer is: relationships. The stronger our relationships, the more likely we are to live happy, satisfying, and healthier lives. In fact, the Harvard Study of Adult Development reveals that the strength of our connections with others can predict the health of both our bodies and our brains as we go through life. The invaluable insights in this book emerge from the revealing personal stories of hundreds of participants in the Harvard Study as they were followed year after year for their entire adult lives, and this wisdom was bolstered by research findings from many other studies. Relationships in all their forms—friendships, romantic partnerships,

families, coworkers, tennis partners, book club members, Bible study groups—all contribute to a happier, healthier life. And as *The Good Life* shows us, it's never too late to strengthen the relationships you already have, and never too late to build new ones. *The Good Life* provides examples of how to do this. Dr. Waldinger's TED Talk about the Harvard Study, "What Makes a Good Life," has been viewed more than 42 million times and is one of the ten most-watched TED talks ever. *The Good Life* has been praised by bestselling authors Jay Shetty "an empowering quest towards our greatest need: meaningful human connection"), Angela Duckworth ("In a crowded field of life advice...Schulz and Waldinger stand apart"), and happiness expert Laurie Santos ("Waldinger and Schulz are world experts on the counterintuitive things that make life meaningful"). With "insightful [and] interesting" (Daniel Gilbert, New York Times bestselling author of *Stumbling on Happiness*) life stories, *The Good Life* shows us how we can make our lives happier and more meaningful through our connections to others.

Reclaim Your Heart - Yasmin Mogahed 2015-08

Reclaim Your Heart is not just a self-help book. It is a manual about the journey of the heart in and out of the ocean of this life. It is a book about how to keep your heart from sinking to the depths of that ocean, and what to do when it does. It is a book about redemption, about hope, about renewal. Every heart can heal, and each moment is created to bring us closer to that transformative return. *Reclaim Your Heart* is about finding that moment when everything stops and suddenly looks different. It is about finding your own awakening. And then returning to the better, truer, and freer version of yourself. Many of us live our lives, entrapped by the same repeated patterns of heartbreak and disappointment. Many of us have no idea why this happens. *Reclaim Your Heart* is about freeing the heart from this slavery. It is about the journey in an out of life's most deceptive traps. This book was written to awaken the heart and provide a new perspective on love, loss, happiness, and pain. Providing a manual of sorts, *Reclaim Your Heart* will teach readers how to live in this life without allowing life to own you. It is a manual of how to protect your most prized possession: the heart.

The Book of Joy - Dalai Lama 2016-09-22

'I want to wish all of you joy-because there is no better gift. Two spiritual masters, the Dalai Lama and Archbishop Desmond Tutu, share their wisdom in this uplifting book. I promise you, it's the best \$26 you can spend.' Oprah Winfrey Nobel Peace Prize Laureates His Holiness the Dalai Lama and Archbishop Desmond Tutu have survived more than fifty years of exile and the soul-crushing violence of oppression. Despite their hardships - or, as they would say, because of them - they are two of the most joyful people on the planet. In April 2015, Archbishop Tutu travelled to the Dalai Lama's home in Dharamsala, India, to celebrate His Holiness's eightieth birthday and to create this book as a gift for others. They looked back on their long lives to answer a single burning question: how do we find joy in the face of life's inevitable suffering? They traded intimate stories, teased each other continually, and shared their spiritual practices. By the end of a week filled with laughter and punctuated with tears, these two global heroes had stared into

the abyss and despair of our times and revealed how to live a life brimming with joy. This book offers us a rare opportunity to experience their astonishing and unprecedented week together, from the first embrace to the final goodbye.
