Fire with Fire - Naomi Wolf 2013-03-31

In her bestselling book *The Beauty Myth*, Naomi Wolf sought to change the way in which women see themselves in relation to their bodies. Now she focuses on how they see themselves in relation to power. She argues that the feminist movement has to change if it is to speak to a new generation of women, and that, even as women are gaining more ground than ever before, a wariness of feminist orthodoxies keeps them away from the only movement capable of putting political clout behind their personal success. The book represents a call to women to throw off centuries of conditioning about the

relationship between power and femininity.

Outrages - Naomi Wolf 2020-10-09

From New York Times bestselling author Naomi Wolf, *Outrages* explores the history of state-sponsored censorship and violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition--a paperback original In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion

into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved and was attracted to men, hastily wrote out a seeming renunciation of the long love poem he'd written to another young man. *Outrages* chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries,

including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's *Leaves of Grass* was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept trying, stubbornly, to find a way to express his message—that love and sex between men were not “morbid” and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay *A Problem in Modern Ethics* that was secretly shared in his lifetime and would become foundational to our modern understanding of human sexual

orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf's *Outrages* is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It is also critically important for what the book has to say about the vital and often courageous roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With *Outrages*, Wolf brings us the inspiring story of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

[The Beauty Myth \(Vintage Feminism Short Edition\)](#) - Naomi Wolf 2015-03-05

Vintage Feminism: classic feminist texts in short form WITH A NEW INTRODUCTION BY THE AUTHOR Every day, women around the world are confronted with a dilemma - how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-pervading. In this shortened edition you will find the essence of Wolf's groundbreaking book. It is a radical, gripping and frank exposé of the tyranny of the beauty myth, its oppressive function and the destructive obsession it engenders.

The End of America - Naomi Wolf 2007-09-05

In a stunning indictment of the Bush administration and Congress, best-selling author Naomi Wolf lays out her case for saving American democracy. In authoritative research

and documentation Wolf explains how events of the last six years parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany, Russia, China, and Chile. The book cuts across political parties and ideologies and speaks directly to those among us who are concerned about the ever-tightening noose being placed around our liberties. In this timely call to arms, Naomi Wolf compels us to face the way our free America is under assault. She warns us-with the straight-to-fellow-citizens urgency of one of Thomas Paine's revolutionary pamphlets-that we have little time to lose if our children are to live in real freedom. "Recent history has profound lessons for us in the U.S. today about how fascist, totalitarian, and other repressive leaders seize and maintain power, especially in what were once democracies. The secret is that these leaders all tend to take very similar, parallel steps. The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set

*Downloaded from

up our checks and balances precisely out of fear of what is unfolding today. We are seeing these same kinds of tactics now closing down freedoms in America, turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty,” states Wolf. Wolf is taking her message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today. This includes a lecture and speaking tour, and being part of the nascent American Freedom Campaign, a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion. The End of America will shock, enrage, and motivate—spurring us to act, as the Founders would have counted on us to do in a time such as this, as rebels and patriots—to save our liberty and defend our nation.

Give Me Liberty - Naomi Wolf 2008-09-16

In *Give Me Liberty: A Handbook for American Revolutionaries*, bestselling author Naomi Wolf illustrates the changes that can take place when ordinary citizens engage in the democratic system the way the founders intended and tells how to use that system, right now, to change your life, your community, and ultimately, the nation. As the practice of democracy becomes a lost art, Americans are increasingly desperate for a restored nation. Many have a general sense that the “system” is in disorder—if not on the road to functional collapse. But though it is easy to identify our political problems, the solutions are not always as clear. In *Give Me Liberty: A Handbook for American Revolutionaries*, bestselling author Naomi Wolf illustrates the breathtaking changes that can take place when ordinary citizens engage in the democratic system the way the founders intended and tells how to use that system, right now, to change your life, your community, and ultimately, the nation.

Outrages - Naomi Wolf 2020-06-01

Outrages: Sex, Censorship, and the Criminalization of Love

Outrages - Naomi Wolf 2020-11-19

The bestselling author of *The Beauty Myth*, *Vagina* and *The End of America* chronicles the struggles and eventual triumph of John Addington Symonds, a Victorian-era poet, biographer, and critic who penned what became a foundational text on our modern understanding of human sexual orientation and LGBTQ+ legal rights. In *Outrages*, Naomi Wolf chronicles the struggles and eventual triumph of John Addington Symonds, a Victorian-era poet, biographer, and critic who penned what became a foundational text on our modern understanding of human sexual orientation and LGBTQ+ legal rights, despite writing at a time when anything interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Wolf's book is extremely relevant today for what it has to say

about the vital importance of freedom of speech and the courageous roles of publishers and booksellers in an era of growing calls for censorship and ever-escalating state violations of privacy. At a time when the American Library Association, the Guardian, and other observers document national and global efforts from censoring LGBTQ+ voices in libraries to using anti-trans and homophobic sentiments cynically to win elections, the story of how such hateful efforts evolved from the past, to reach down to us now, is more important than ever. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in ever-changing, targeted ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries, all the while,

Walt Whitman's Leaves of Grass was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, Symonds kept trying, stubbornly, to find a way to express his message-that love and sex between men were not 'morbid' and deviant, but natural and even ennobling. He wrote a strikingly honest secret memoir written in code to embed hidden messages-which he embargoed for a generation after his death - and wrote the essay A Problem in Modern Ethics that was secretly shared in his lifetime and is now rightfully understood as one of the first gay rights manifestos in the English language. Equal parts insightful historical critique and page-turning literary detective story, Wolf's Outrages is above all an uplifting testament to the triumph of romantic love.

Vagina - Naomi Wolf 2012-09-06

An astonishing new work that radically changes how we think about, talk about and understand

the vagina - and consequently how we think about women and sexuality - from Naomi Wolf, one of our most respected cultural critics and author of the modern classic, The Beauty Myth. As Naomi Wolf embarks on a life-changing journey to tease out the link between sexuality and creativity, what she discovers is revelatory and exhilarating - a scientifically supported link between the vagina and female courage, assertiveness and consciousness itself.

Emboldened by these new discoveries she looks back in history and show us how the vagina was considered sacred for centuries until it began to be cast as a threat. Even now in an increasingly sexualised world, it is thought of as slightly shameful. Why? Vagina: A New Biography combines cutting-edge science with cultural history to explore the role of female desire and how it affects female identity, creativity and confidence. Provocative and engaging, positive and inspiring, this book brings to light female impulses, history and dreams - and, in exploring

what women really need - it goes to the very core of what it means to be female. For any woman who wants to understand her body and her mind and the culture that defines her - *Vagina* is essential reading.

A History of American Literature and Culture of the First World War - Tim Dayton
2021-02-04

In the years of and around the First World War, American poets, fiction writers, and dramatists came to the forefront of the international movement we call Modernism. At the same time a vast amount of non- and anti-Modernist culture was produced, mostly supporting, but also critical of, the US war effort. *A History of American Literature and Culture of the First World War* explores this fraught cultural moment, teasing out the multiple and intricate relationships between an insurgent Modernism, a still-powerful traditional culture, and a variety of cultural and social forces that interacted with and influenced them. Including genre studies,

focused analyses of important wartime movements and groups, and broad historical assessments of the significance of the war as prosecuted by the United States on the world stage, this book presents original essays defining the state of scholarship on the American culture of the First World War.

A Problem in Modern Ethics - John Addington Symonds 1896

Prospectus for John Addington Symonds, *A problem in modern ethics*, published by Leonard Smithers in 1896.

The Elastic Closet - S. Gunther 2008-11-12
A history of French homosexuals since 1942 in the interconnected realms of law, politics and the media, with a focus on the complex relationship between French republican values and the possibilities they have offered for change in each of these three spheres.

The Beauty Myth - Naomi Wolf 2013-08-31

identity . Every day, women around the world are confronted with a dilemma – how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-pervading. In this iconic, gripping and frank exposé, Naomi Wolf exposes the tyranny of the beauty myth through the ages and its oppressive function today, in the home and at work, in literature and the media, in relationships between men and women, between women and women. With pertinent and intelligent examples, she confronts the beauty industry and its advertising and uncovers the reasons why women are consumed by this destructive obsession. ‘Essential reading’ Guardian ‘A smart, angry, insightful book, and a clarion call to freedom. Every woman should read it’ Gloria Steinem

World Report 2018 - Human Rights Watch
2018-01-30

The human rights records of more than ninety countries and territories are put into perspective

in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken in 2016 by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

[My Knight in Shining Armor Turned Out to Be a Loser in Tin Foil](#) - Tiffany Elmquist 2010-09

The world is full of lonely women, looking for love. They'll try anything: dating sites, speed dates at conference centers, blind dates ... the list goes on. It's not a bad thing to keep your eye out for Mr. Right or to be hopeful and optimistic about finding your very own Prince Charming. But it's also not a bad thing to know how to spot Mr. Wrong. "My Knight in Shining Armor Turned out to Be a Loser in Tin Foil" is a guidebook for the smart, single women out there-a weapon in your arsenal to protect you from the hidden

players and losers on the dating scene. Authors Tiffany Elmquist and Stefani Stevenson review the list of the ten most common characteristics of a dating loser in detail; you won't want to miss a single page! They have compiled experiences from their own lives, designed to entertain and inform. Some of the stories may even relate to your own encounters in the dating world. "My Knight in Shining Armor Turned out to Be a Loser in Tin Foil" is not about bashing men-it's about the bad apples that make men look bad. Most importantly, it's about helping you avoid Mr. Wrong so you can finally find your own Mr. Right.

Outrages - Naomi Wolf 2019

The best-selling author of *Vagina*, *Give Me Liberty*, and *The End of America* illuminates a dramatic buried story of gay history--how a single English law in 1857 led to a maelstrom, with reverberations lasting down to our day.

[The Treehouse](#) - Naomi Wolf 2006-05-03

Bestselling author Naomi Wolf was brought up

to believe that happiness is something that can be taught--and learned. In this book, she shares the enduring wisdom of her father, a poet and teacher who believes that every person is an artist in their own unique way, and that personal creativity is the secret of happiness. Leonard Wolf is a true eccentric: a tall, craggy, good-looking man in his early eighties, he's the kind of person who can convince otherwise sensible people to quit their jobs and follow their passions. From his youth during the Depression to his bohemian years as a poet in 1950s San Francisco, he's dedicated his life to honoring individualism, creativity, and the inspirational power of art. More than an education in poetry writing, this is a journey of self-discovery in which the creative endeavor is paramount.-- publisher description.

Married Women Who Love Women - Carren Strock 2020-05-01

This accessible book offers support and advice for women in heterosexual marriages who

*Downloaded from
legacy.opendemocracy.net on

discover, or are coming to terms with, their lesbianism or bisexuality. It also offers guidance for the single lovers of married women. In sharing the author's personal story, as well as the descriptive experiences of others, this book provides validation and empowerment to multitudes of women in their search for their true identities. In this third edition of *Married Women Who Love Women*, the author gives women ways in which to structure and restructure their lives and their families after they realize their same-gender sexuality. Chapters consider questions such as how women make this discovery, reactions from loved ones, and the outcomes for marriages and families. Updated throughout with contemporary understandings of sexuality and gender, this book includes a wealth of information, fresh narratives, and stories offering insight into women's experiences across the country. This is an essential read for women and their partners who are discovering their true identity, as well

as therapists, helping professionals, and students of women's studies, gender studies, sexuality studies, and LGBTQ studies programs.

[Promiscuities](#) - Naomi Wolf 1998

In *Promiscuities*, Naomi Wolf has written an exceptionally frank sexual memoir of an individual and a generation, and a call to women not only to reclaim but to celebrate their own sexual experiences, desires and histories.

Misconceptions - Naomi Wolf 2011-06-08

Every year, millions of women have their lives turned inside out by the experience of pregnancy. A contemporary woman find herself caught in an absurd paradox: while in the grip of one of the most primal, lonely, sensual and, in some ways, psychologically debilitating and physically dangerous experiences, she is overwhelmed by invasive, trivialising and infantilising cultural messages about what is happening to her - and who really owns the experience.
