

Preventing Heterosexism And Homophobia

Esther D Rothblum

Encyclopedia of Multiculturalism - 1994

Provides information on the impact of a wide variety of racial, ethnic, national, religious, and other groups, and the forces that have shaped them.

Lesbian Ex-Lovers - Esther D Rothblum

2014-06-11

“We have earned a certain place in each other’s lives, and in the best of times we can rest on what we have made together.” Lesbian Ex-Lovers: The Really Long-Term Relationships examines the need for the development of better understanding and more critical analysis of lesbian ex-lover relationships. This eye-opening

look into the minds and hearts of women offers personal insight into the possibilities for and potential pitfalls of lesbian ex-lover relations. This book contains personal stories, fictional accounts, poetry, and theoretical analyses of the frequency and significance of ex-lovers at different stages in a relationship. Topics of interest in Lesbian Ex-Lovers include: the roles ex-lovers play in our lives ex-lovers as contexts for change and development how we continue to be influenced by ex-lovers letting go and moving on ex-lovers as current friends and family themes of betrayal and loss of faith reconstructing friendships and community the

mystique of the ex-lover friend/family connections among lesbian ex-lovers “Rather than totally scrap a relationship, we recycle it—from lover to ex-lover to friend in a relatively short half-life.” Lesbian Ex-Lovers is the only book in print that explores how a lesbian’s ex-lovers impact her subsequent romances and lifestyle. This special collection adds a new dynamic to the current literature for and about the lesbian community. Lesbian Ex-Lovers offers advice, anecdotes, and interpretations from such authors, poetesses, and artists as: Michelle Gibson, PhD—educator and editor of *Femme/Butch: New Considerations of the Way We Want to Go*— who says goodbye to her lover in a sad, passionate elegy Marny Hall—Psychotherapist, editor of the anthology *Sexualities*, and author of several books, including *The Lavender Couch: A Consumer’s Guide to Psychotherapy for Lesbians and Gay Men*—who muses on the unique bonding between lesbians and their ex-lovers, lending a

mystique that surrounds the lesbian lifestyle Alison Bechdel—creator of the comic strip *Dykes to Watch Out For*—who presents a humorous comic strip thanking her former lovers for teaching her about herself Jane Fatcher—newspaper reporter and author of three novels—who uses a chapter in her novel to illustrate the tensions that can occur when ex-lovers choose to remain friends, especially when those bonds provoke jealousy in both current and ex-lovers Renny Christopher—educator and award-winning poetess—who expresses her love, loss, and regret in three poems about her ex-lover and much more!

Gay, Lesbian, Bisexual, and Transgender Aging - Tarynn M. Witten 2012-06-01

The graying of the U.S. population draws increasing focus to historically unattended segments of society, including sexual and gender minorities. In this first comprehensive volume to address the challenges of aging in the gay, lesbian, bisexual, transgender, and intersex

Downloaded from
legacy.opendemocracy.net on
2022-12-27 by guest

populations, this text presents what is currently known about aging GLBT individuals and what services are needed to support them. The editors first provide an introductory overview comparing caregiving in GLBT and normative aging communities. In chapters devoted to the issues of each alternative sexuality and gender identity community, top experts in the field discuss biomedical, psychological, social/sexual, spiritual, socioeconomic, and service topics related to that community's aging needs. GLBT populations face unique challenges as they age. Despite the often severe difficulties they encounter, many live out their final years with the dignity and grace that all of us deserve. With a combination of the latest biological and social science research, moving case studies and first-person accounts, practical advice for health professionals, and research literature citations, this book represents a major step forward in addressing concerns of aging GLBT populations. Integrating research, practice, and policy, this

text is for students and professionals in gerontology, medicine, social work, psychology, nursing, public health, and related fields who wish to learn more about the life experiences and concerns of sexual- and gender-minority-identified older patients.

American Indian Culture and Research Journal - 2000

[Encyclopedia of Lesbian and Gay Histories and Cultures](#) - Bonnie Zimmerman 2021-06-13

A rich heritage that needs to be documented Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors. It covers a long history and

a dynamic and ever changing present, while opening up the academic profession to new scholarship and new ways of thinking. A groundbreaking new approach While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written for and by a wide range of people Intended as a reference for students and scholars in all fields, as well as for the general public, the encyclopedia is written in user-friendly language. At the same time it maintains a high level of scholarship that incorporates both passion and objectivity. It is written by some of the most famous names in the field, as well as new scholars, whose research continues to advance gender studies into the future.

Gender and Far Right Politics in Europe -
Michaela Köttig 2016-12-20

This book is a systematic consideration of the link between the extreme right and the discourse about developments in regard to gender issues within different national states. The contributors analyze right-wing extremist tendencies in Europe under the specific perspective on gender. The volume brings together the few existing findings concerning the quantitative dimension of activities carried out by men and women in different countries, and illuminates and juxtaposes gender ratios along with the role of women in right-wing extremism. Along with the gender-specific access to right-wing groups, the chapters look at networks, organizational forms, specific strategies of female right-wing extremists, their ideologies (especially regarding femininity and masculinity), hetero normativity, discourses on sexuality, and preventive and counter-strategies. The book will be of use to students and scholars

Preventing Heterosexism and Homophobia -

Esther D. Rothblum 1996-08-06

Even in today's society, gay men, lesbians, and bisexuals experience multiple pressures and constraints related to their lifestyles, in addition to the stresses of everyday life. This dual tension can result in psychopathology among gay men, lesbians, and bisexuals. *Preventing Heterosexism and Homophobia* examines the gay and lesbian experience in light of their tension and points toward a future free of heterosexism. The stress of "coming out," the uncertainty of parenting their children, and the

difficulties facing ethnic minority lesbians and bisexuals cannot be adequately addressed without confronting the heterosexual bias in society. The contributors to this informative volume propose methods geared toward eliminating heterosexual bias in various settings- health care, therapy, communities, corporate America, and education. Ultimately, this book examines both the risks and joys of being gay, lesbian, and bisexual, and how to prevent heterosexism and its effects on the lives of all people, including those of heterosexuals. Students and professionals in interpersonal communication and interpersonal relations, clinical psychology, and public health will benefit greatly from the original perspectives this book has to offer.

Reader's Guide to Lesbian and Gay Studies -

Timothy Murphy 2013-10-18

The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural

studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology, social sciences, and education (Kinsey Report). The British National Bibliography - Arthur James Wells 1996

Queering Multiculturalism - Aret Karademir 2018-10-15

Queering Multiculturalism argues for group-specific rights for ethno-cultural minorities, but without ignoring the possibility that such rights may lead to ethnic chauvinism, balkanization, and the cultural marginalization of minorities-within-minorities, such as ethnic LGBT people.

American Book Publishing Record - 1996

The Psychic Life of Racism in Gay Men's

Communities - Damien W. Riggs 2017-12-06
Exploring tensions within gay men's communities in regard to race, *The Psychic Life of Racism in Gay Men's Communities* examines the operations of racialized desire, highlighting the considerable diversity among gay men's experiences.

Blessing Same-Sex Unions - Mark D. Jordan 2013-09-03

At most church weddings, the person presiding over the ritual is not a priest or a pastor, but the wedding planner, followed by the photographer, the florist, and the caterer. And in this day and age, more wedding theology is supplied by *Modern Bride* magazine or reality television than by any of the Christian treatises on holy matrimony. Indeed, church weddings have strayed long and far from distinctly Christian aspirations. The costumes and gestures might still be right, but the intentions are hardly religious. Why then, asks noted gay commentator Mark D. Jordan, are so many

churches vehemently opposed to blessing same-sex unions? In this incisive work, Jordan shows how carefully selected ideals of Christian marriage have come to dominate recent debates over same-sex unions. Opponents of gay marriage, he reveals, too often confuse simplified ideals of matrimony with historical facts. They suppose, for instance, that there has been a stable Christian tradition of marriage across millennia, when in reality Christians have quarreled among themselves for centuries about even the most basic elements of marital theology, authorizing experiments like polygamy and divorce. Jordan also argues that no matter what the courts do, Christian churches will have to decide for themselves whether to bless same-sex unions. No civil compromise can settle the religious questions surrounding gay marriage. And queer Christians, he contends, will have to discover for themselves what they really want out of marriage. If they are not just after legal recognition as a couple or a place at the social

table, do they really seek the blessing of God? Or just the garish melodrama of a white wedding? Posing trenchant questions such as these, *Blessing Same-Sex Unions* will be a must-read for both sides of the debate over gay marriage in America today.

[The Oxford Handbook of Sexual and Gender Minority Mental Health](#) - Esther D. Rothblum 2020

"The Oxford Handbook of Sexual and Gender Minority Mental Health provides an overview of the current research on the mental health of sexual and gender minority (SGM) populations. It is aimed at researchers conducting studies on the mental health of SGM populations, clinicians and researchers interested in psychiatric disorders that affect SGM populations, clinicians using evidence-based practice in the treatment of SGM patients/clients, students in mental health programs (clinical psychology, psychiatry, clinical social work, and psychiatric nursing), and policymakers. This chapter defines some
