If the Universe Is Teeming with Aliens ... WHERE IS EVERYBODY? - Stephen Webb 2002-10-04

In a 1950 conversation at Los Alamos, four world-class scientists generally agreed, given the size of the Universe, that advanced extraterrestrial civilizations must be present. But one of the four, Enrico Fermi, asked, "If these civilizations do exist, where is everybody?" Given the fact that there are perhaps 400 million stars in our Galaxy alone, and perhaps 400 million galaxies in the Universe, it stands to reason that somewhere out there, in the 14 billion-year-old cosmos, there is or once was a civilization at least as advanced as our own. Webb discusses in detail the 50 most cogent and intriguing solutions to Fermi's famous paradox.

Tempted by Fire - Erin Kellison 2015-08-12
Tempted By Fire is the first in the enthralling new Dragons of Bloodfire series by New York Times bestselling author Erin Kellison. Dragon shifter Thane Ealdian has waited six hundred years to avenge the loss of his family, and finally a clue has surfaced that implicates an old adversary. Thane will stop at nothing to seek his revenge, but to prevent violence between the clans, the Bloodkin Triad has forced a mediator on him. Some upstart named Emerson Clark... Emerson is fed up with all Bloodkin and how they've managed to control every aspect of her life. While she doesn't believe that Bloodkin can shift into dragons-because, really?-she has to admit, they are exceptionally nice to look at. But once the mediation is over, she wants nothing to do with them ever again. When Thane discovers that the clever and beautiful Emerson is the key to uncovering the truth, he has no intention of letting her go. Although she wants to run, she can't turn her back on Thane or her intense feelings for him. His quest pulls at her heart, just as his nearness sparks something dangerous

inside her. With evil in hot pursuit, sooner or later everything will ignite-the mediation, the shifter within her... and their passions. 42,000 words / no cliffhanger / 18+

Cutlass - Ellis Leigh 2016-09-23

These aliens are looking for love in all the wrong solar systems... Cutlass never thought he'd be stuck on some backward planet in a solar system with only one sun. Earth wasn't his home, but he'd find a way to survive there if it meant finding a mate. He could put up with their ancient mechanical devices and a name that wasn't his own for the right woman. Chloe never imagined she'd sign up to be some sort of modern-day mail order bride. But too much wine and an internet connection were a bad combination, especially when the life she imagined seemed so much greater than the life she was living. Everyone stretches the truth on those dating websites, right? One ad in a space station, one night of too much drinking, and one hotel room that will never be the same. What would you do if you found out the man from your

fantasies was actually the man from your science fiction?

With a Little Help consists of 12 stories, all reprints except for "Epoch" (commissioned by Mark Shuttleworth).

2017-08-15

"Zade Holder has always been a free-spirited young woman, from a long dynasty of tarot-card readers, fortunetellers, and practitioners of magick. Growing up in a small town and never quite fitting in, Zade is determined to forge her own path. She leaves her home in Tennessee to break free from her overprotective mother Dela, the local resident spellcaster and fortuneteller. Zade travels to Las Vegas and uses supernatural powers to become part of a premiere magic show led by the infamous magician Charles Spellman. Zade fits right in with his troupe of artists and misfits. After all, when everyone is slightly eccentric, appearing 'normal' is much less important. Behind the scenes of this multimillion-dollar production, Zade finds herself caught in a love triangle with Mac, the show's good-looking but rough-around-the-edges technical director and Jackson, the tall, dark, handsome and charming bandleader. Zade's secrets and the struggle to choose between Mac or Jackson creates reckless tension during the grand finale of the show. Using Chaos magick, which is known for being unpredictable, she tests her abilities as a spellcaster farther than she's ever tried and finds herself at death's door. Her fate is left in the hands of a mortal who does not believe in a world of real magick, a fortuneteller who knew one day Zade would put herself in danger and a dagger with mystical powers"--Amazon.com

Seeking a fresh start, Terah packs everything she owns into her beat-up car and moves to her family's empty country cottage--never mind that deadly fire-drakes occasionally wander into the garden. When an unlikely flood carries a cracked pillar of stone from a nearby shrine right to Terah's doorstep, it seems the gods demand her service after all. The gods' awesome powers are matched only by their careless, capricious whims--and vulnerable mortals are often the

ones to suffer and die. Now, the gods are watching Terah, making her a pawn in their savage game. Her survival depends upon navigating a new world of peril and treachery, taking up a weapon, and making a fateful move of her own...
