

Real Life Real Love 7 Paths To A Strong Lasting Relationship

The Protocol and Etiquette for Successful Couples - Yelina a Nieto 2020-05-16

A book in which the etiquette rules would be applied in relation to the love field. She gives us is of great value to all those who have a partner or aspire to have one. Within the framework of a relationship guided by good manners & moral principles, the author leads us by the hand spontaneously, colloquially, and intimately on the path of building a loving relationship. From the moment he and she meet each other - going through the first kiss to the point where they both become intimate. Chapter I outlines, in a practical way, how and where to search for a partner. Chapter II puts us on the exciting terrain to assertively define what we really want from a relationship and from our future spouse/partner from self-knowledge and other persons. Regarding the importance of maintaining those good manners that we showed at the beginning of the romance, I fully agree with the author. I know that many of the couples who come to see me in my office have forgotten the application of the Golden Rule in their own homes. They treat a stranger better - someone they had never seen before - rather than the person chose to accompany them for the rest of their lives. Chapter III refers to the beginning of the relationship. The author gives us her opinion on the age difference between the couple. Among other topics to consider is online dating as a valid method to get to know someone. This chapter also suggests that we evaluate well the levels of compatibility with the person we date, especially the values that govern their life. In Chapter IV we are suggested not to hasten the arrival of the passionate kiss; and I agree with that. Numerous studies have shown that a well-given kiss is the bridge to sexual encounter. Through saliva, man transmits testosterone to the woman and vice versa, and both are ignited with increased sexual desire. If this kiss is shared before we get to know each other, at least slightly well, it can obfuscate reason and lead us to live the experience of a "blind" love." And this is even more so if there is premature sex. In Chapter V, we are advised not to enter the marriage commitment if one or both of us have the word "divorce" written on the forehead as an escape route when things are not going well. As the author tells us: "This would be like investing in a company - which you consider successful at first - with the idea of it failing." Chapter VI comes loaded with good advice to make the long-awaited intimate encounter unforgettable, considering details that many people overlook. Finally, in Chapter VII, the author essentially ventures into the emotional and spiritual terrain with the "7 C", based on her book "Living in Harmony," which will help us to have a good relationship; and provides some valuable final recommendations. This is an excellent book of protocol and etiquette for a successful relationship. The author's advice advances the possibilities for coexistence in harmony for those couples who want to build a solid, happy, and lasting relationship. Cecilia Alegria -Dr. Love.

How Can I Get Through to You? - Terrence Real 2010-05-11

"What happened to the passion we started with? Why aren't we as close as we used to be?" PROBLEM: If you are a woman who is unfulfilled in your marriage...if you feel unheard or overburdened...if you quietly live in a state of slow-burn resentment... PROBLEM: If you are a man unhappy that your partner seems so unhappy with you...if you feel bewildered, unappreciated, or betrayed... This book offers a solution. Bestselling author and nationally renowned therapist Terrence Real unearths the causes of communication blocks between men and women in this groundbreaking work. Relationships are in trouble; the demand for intimacy today must be met with new skills, and Real -- drawing on his pioneering work on male depression -- gives both men and women those skills, empowering women and connecting men, radically reversing the attitudes and emotional stumbling blocks of the patriarchal culture in which we were raised. Filled with powerful stories of the couples Real treats, no other relationship book is as straight talking or compelling in its innovative approach to healing wounds and reconnecting partners with a new strength and understanding.

Dilemma - Albert Cutie 2011-01-04

He was a Roman Catholic priest whose love affair became headline news. Now, he shares his explosive story-in his own words... In this deeply personal and controversial memoir, Father Albert Cutié tells about the devastating struggle between upholding his sacred promises as a priest and falling in love. Already conflicted with growing ideological differences with the Church, Cutié was forced to abruptly change his life the day that he was photographed on the beach, embracing the woman he would later call his wife. Once a poster boy of the Roman Catholic Church-loved and admired by millions-Cutié found that he was not happy and able to live as a celibate priest, especially having to defend the number of positions he was no longer in agreement with. For years he kept his relationship a secret, while he soul searched and prayed for answers. The love that he deemed a blessing was bringing him closer to God, but further from the Church. In *Dilemma*, Cutié tells about breaking that promise, reigniting the very heated debate over mandatory celibacy for Catholic priests, beginning a new way of life and discovering a new way of serving God.

Love in the Age of Ecological Apocalypse - Carolyn Baker 2015-03-24

Given the daunting, dire predicament in which we find ourselves on this planet, what is described by social critic James Howard Kunstler as a "Long Emergency" may in fact become a "Last Emergency" for humanity. Whether we encounter a "long" or a "last" emergency, Carolyn Baker seeks to offer inspiration and guidance for inhabiting our remaining days with passion, vitality, empathy, intimate contact with our emotions, kindness in our relationships with all species, gratitude, open-hearted receptivity, exquisite creations of beauty, and utilizing every occasion, even our demise, as an opportunity to invoke and "inflict" joy in our world. *Love in the Age of Ecological Apocalypse* addresses an array of relationships in the Last Emergency and how one's relationship with oneself may enrich or impede interactions with all other beings. Drawing upon her deep experience as a life coach, Baker writes of the specific need to understand our key relationships in a society in collapse, and how to navigate through differing levels of acceptance of collapse, trauma, and grief. Key relationships include those with our partners, children, friends, neighbors, as well as relationships with our work, our bodies, our natural resources, food and eating, animals, future generations, Eros, and indeed, the powers of the universe. Baker's writing is engaging, inspiring, and often beautiful in its depth and candor. She introduces a variety of spiritual practices facilitate our developing a relationship with the deeper Self. With these practices and giving and receiving support from others who are walking a similar path, we begin to live more frequently from the deeper Self, or at least are able to access it more quickly when we find ourselves becoming embroiled in the ego. relief. Love...what we all desire. It matters most to us and drives us to do the most courageous to craziest of things. Love is what gives us our supreme experiences and challenges. It is our most powerful expression. Love heals all things. And, love is our greatest teacher. Yet, love eludes us. It is everywhere and missing in so many hearts. We fear it. We run from it. We long for it. We deserve it. It is our birthright. And it is this desire for love that brings us to the dating ritual again and again. And, love is not enough. We need more than just love to build and sustain a healthy relationship. We also need commitment, clarity, honesty, character, an inner life, consistency, maturity, an open heart, forgiveness, training, guidance, consciousness, more maturity, healthy communications, sensitivity, have I said maturity yet, and much, much more. We don't usually relate to love or love relationships with maturity in mind. We don't necessarily declare that these elements are also what loving another requires.
