Violet Spark - Elsa Jade 2022-01-24

Imogen Taylor: Artist. College dropout. Gamer. Screwup. I had big plans for art school in California, but when the best mom in the world—mine—needed help, I came home to Arbolito, Arizona instead. I even got my old high school job back, making smoothies at the Desert Freeze...in winter. So, yeah, by day, my life is a cold, tropical-hued hell. But at night, I escape reality by plugging into my favorite video game, Legendelirium, to become a powerful, sexy witch, going on epic quests while vanquishing baddies. Star Maker - Olaf Stapledon 2021-01-08

A human narrator from England is transported out of his body via unexplained means. He realizes he is able to explore space and other planets. After exploring a civilization on another planet in our galaxy at a level of development similar to our own that existed millions of years ago thousands of light years from Earth (the "Other Earth") in some detail, his mind merges with that of one of its inhabitants, and as they travel together, they are joined by still more minds or group-minds. This snowballing process is paralleled by the expansion of the book's scale, describing more and more planets in less and less detail. The disembodied travelers encounter many ideas that are interesting from both science-fictional and philosophical points of view. Star Maker tackles philosophical themes such as the essence of life, of birth, decay and death, and the relationship between creation and creator. A pervading theme is that of progressive unity within and between different civilizations.

Cutlass - Ellis Leigh 2016-09-23

These aliens are looking for love in all the wrong solar systems... Cutlass never thought he'd be stuck on some backward planet in a solar system with only one sun. Earth wasn't his home, but he'd find a way to survive there if it meant finding a mate. He could put up with their ancient mechanical devices and a name that wasn't his own for the right woman. Chloe never imagined she'd sign up to be some sort of modern-day mail order bride. But too much wine and an internet connection were a bad combination, especially when the life she imagined seemed so much greater than the life she was living. Everyone stretches the truth on those dating websites, right? One ad in a space station, one night of too much drinking, and one hotel room that will never be the same. What would you do if you found out the man from your fantasies was actually the man from your science fiction?

The Intergalactic Duke's Inconvenient Engagement - Elsa Jade 2017-09-13

Speaking of inconveniences... His Grace, Aelazar Amrazal Thorconos, Duke of Azthronos, has enough problems on his interplanetary plate. His inherited solar system is in debt, his mother wants to marry him off, and now Raz has to rescue some baffled back-world female. Sol - Elsa Jade 2020-10-21

She doesn't believe in alien life on Earth... Brin Andersen is a hoax buster with a big internet following. And now she's on a quest to reveal the most ridiculous hoax ever: the rumor of—get this—an extraterrestrial dating service in some tiny Montana town. But after her production equipment is stolen, she's stranded without resources. When an aloof, sexy security guard asks for her help with a missing person search, maybe this episode featuring the would-be secrets of Sunset Falls won't be a total bust after all. He doesn't believe in alien loving on Earth... Fynix Sol is to blame for his beast battalion's exile from Xymir. And now they are hiding on Earth until they can bind their hungry beasts to willing mates. But that chance will be lost if the IDA outpost reopening fails to launch. Sol knows he doesn't rate a mate, not after what he did, but if he can trick an unsuspecting Earther into finding the missing proprietor of Evens' Odds & Ends Shop, at least his crew might be saved. He just needs to keep his beast hidden from the sharp-eyed, softly curved Brin. They're both wrong. But together they are oh-so right. It's hard to believe in the power of love, especially when some mysterious adversary is confounding them. Can Brin and Sol trust each other long enough to discover who hates love enough to destroy the Big Sky Intergalactic Dating Agency before it begins again?

Delta V - Elsa Jade 2018-10-18

It's autumn in Big Sky Country, and crash-landed aliens are falling in love! Deltas were always the most expendable among the CWBOIs (Custom War Bionic/Organic Impersons), and Delta V was fifth of nothing. But since the crash that left this transgalactically prohibited private army of cyborg alien warriors marooned on Earth, Delta has found some small pleasures — soft dogs, sweet donuts, seducing the neighboring rancher. Wait, what? For the first time in her fifty years, Big Sky Country is feeling small and lonely to Montana rancher Lindy Minervudottir. With the five-year anniversary of her wife's death looming, she's not sure if the future matters. But then a futuristic fighter flies into her life. Earth is a small, blue marble in the vastness of space, and two needy hearts are even smaller than quarks at that scale. But with a long-gone enemy closing in, if quantum entanglement and the irresistible force of love can't bind them together, the world itself hangs in the balance. On the outskirts of the Big Sky Intergalactic Dating Agency, the Cyborg Cowboys of Carbon County are rounding up earthly pleasures for their forever mates. _____ If you like: Firefly Star Wars Star Trek Battlestar Galactica, SFR sci-fi-rom sci-fi romance, cyborg rancher military heroes, older heroine 50+, small town Montana alien romance, first love virgin hero sexy hot happily ever after!

NEW YORK TIMES BESTSELLER Low-level entertainment lawyer Nick Carter thinks it's a prank, not an alien encounter, when a redheaded mullah and a curvaceous nun show up at his office. But Frampton and

Carly are highly advanced (if bumbling) extraterrestrials. The entire cosmos, they tell him, has been hopelessly hooked on American pop songs ever since "Year Zero" (1977 to us), resulting in the biggest copyright violation since the Big Bang and bankrupting the whole universe. Nick has just been tapped to clean up this mess before things get ugly. Thankfully, this unlikely galaxy-hopping hero does know a thing or two about copyright law. Now, with Carly and Frampton as his guides, Nick has forty-eight hours to save humanity—while hoping to wow the hot girl who lives down the hall from him.

RED SHIFT Unmated drakling shifters are one of the hottest threats in the universe, as everyone knows...everyone except this one drakling with amnesia and the innocent Earther girl trapped with him! But if he finds his way back to his ship and himself, how can he burn forever with his bold, bright Earther girl? DARK MATTER While it is a verifiable reality that the universe is vast and strange, no one in all those lightyears could ever love an emotionless, soul-sucking space vampire. Unless there are deeper truths out there somewhere... The secretive, ancient species of the vrykoly were designed to pilot the deathly cold distances of space, and Ivan has never known anything else; even his

dreams have always been black and empty. Though he guides the Sinner's Prayer to a neglected little planet to find brides from the Intergalactic Dating Agency, Ivan dispassionately considers bonding and mating to be irrational pursuits. But when his captain and first officer find incandescent love with the extraordinary females of Earth, this vrykoly is forced to wonder if he was—dare he say it?—wrong. After the tragic death of her first love, Montana river guide Delaney Nazario thought she'd be alone forevermore. So she quietly signed up with the Big Sky matchmaking outpost in Sunset Falls, hoping an alien will whisk her away. Now Del is being guarded by a silent, hulking, scary vrykoly—who might be the only being in the universe she could never, ever date. But while there are deeper truths in the universe, there is also secret menace. And Big Sky's only hope is a space vampire who's never felt anything and an Earther girl who feels too much.
