Teen Spirit - Sylvester Braithwaite 1999-12

Loose Women, Lecherous Men - Linda LeMoncheck 1997

The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum.

Power in the Blood - William N. Elwood 1998-11-01

In this single volume, William N. Elwood has gathered potent evidence of the impact that the HIV/AIDS epidemic has had on the world, its communities, and its inhabitants, and he addresses the role of communication in affecting the way in which people respond to AIDS. With a multidisciplinary group of contributors and topics ranging from political rhetoric to interpersonal discourse, *Power in the Blood* offers a multitude of ways in which to think about power, politics, HIV prevention, and people living with HIV. Readers will be able to use this information in class discussions, program designs, grant applications, and research, as well as in their own lives. With this volume, Elwood makes a thoroughly convincing argument that communication is the key to understanding, treating, and preventing AIDS, and he inspires further action toward the goal of ending the AIDS crisis.

Feminist Collections - University of Wisconsin System. Women's Studies Librarian 1996

Women's Lives - Gwyn Kirk 2004

This work provides an introduction to women's studies by examining the diversity of US women's lives across categories of race-ethnicity, class, sexuality, disability and age, and within a global context. Each chapter contains Questions to frame your reading.

Love, Money, and HIV - Sanyu A. Mojola 2014-05-10

How do modern women in developing countries experience sexuality and love? Drawing on a rich array of interview, ethnographic, and survey data from her native country of Kenya, Sanyu A. Mojola examines how young African women, who suffer disproportionate rates of HIV infection compared to young African men, navigate their relationships, schooling, employment, and finances in the context of economic inequality and a devastating HIV epidemic. Writing from a unique outsider-insider perspective, Mojola argues that the entanglement of love, money, and

the transformation of girls into "consuming women" lies at the heart of women's coming-of-age and health crises. At once engaging and compassionate, this text is an incisive analysis of gender, sexuality, and health in Africa.

The Power of Partnership - Riane Eisler 2010-09-03

Based on the research that brought international recognition to Riane Eisler's groundbreaking work *The Chalice and the Blade* but addressing the world as it is today, *The Power of Partnership* offers inspiration and guidance for moving to the better lives we yearn for. Eisler offers us a new lens, a new paradigm, for seeing the world and living in it. The Partnership Model, which emphasizes mutual respect and a fundamental awareness of the sacredness of all life, creates a solid foundation for families, businesses, communities, and the world. In contrast, the suffocating paradigm that has guided much of recorded history — what Eisler calls the Domination Model — has led individuals and groups, acting out of fear, to oppress women, wage war, terrorize, and subjugate others. Using these simple yet far-reaching models, Eisler shows how political and personal relationships based on domination inevitably result in misery and violence, while those founded on partnership foster respect, love, and an explosion of creativity.

Substance Use Among Children and Adolescents - Ann Marie Pagliaro 1996

Substance Use among Children and Adolescents provides the most complete picture yet of important theoretical, empirical, and clinical trends in substance exposure and use and their impact upon the young. Ann Marie and Louis Pagliaro have assembled a vast body of information in a format that is easy to apply in clinical practice. Drawing upon their own clinical experiences and those of other experts from a variety of disciplines, the authors present practical advice and guidance on assessment, diagnosis, treatment, and prevention. Practitioners will be particularly interested in those chapters dealing with assessment and treatment approaches and the use of the Mega Interactive Model of Substance Exposure and Use among Infants, Children, and Adolescents. Among the many crucial topics covered in depth are prenatal exposure to substances of abuse; patterns of substance exposure and use among infants, children, and adolescents; the effects of substance exposure and use on learning and memory; the relationship between substance exposure and use and various psychiatric disorders; violence, sexual abuse, and crime; contributing social and psychological factors such as divorce, cults, familial patterns of substance use, and suicide; the advantages and pitfalls of various prevention strategies; methods of clinically assessing the nature and extent of substance use; and the relative efficacy of current treatment methods. The book's helpful appendices provide abbreviations used in the text, a directory of major treatment centers, and generic, trade, and common names of frequently used substances of abuse.

Cataloging Bulletin - Hennepin County Library. Cataloging Section 1992

The Consumer Health Information Source Book - Alan M. Rees 1994
 How can an award-winning source book that helps consumers find health information be improved? Health expert Alan Rees has done just that in his sixth edition by providing practical advice on using the Internet, tips on where to find Spanish-language health pamphlets, and recommendations on what's most important in the world of alternative medicine. The sixty edition provides users with an annotated guide to health-related resources-hotlines, newsletters, pamphlets, Web sites, CD-ROMS, magazines, books, and more! Readers are given a description on each resource and how to best use it.

Women's Lives: Multicultural Perspectives - Gwyn Kirk 2009-02-04

Womens studies, womens lives : knowing and understanding. Our bodies, ourselves : womens sexuality, women bodies, womens health. Womens places : home and work in a globalizing workd. Security and sustainability. Activism and change.

The New Ourselves, Growing Older - Paula Brown Doress-Worters 1994

Offers women over forty advice on housing, health, and more.

Women and AIDS - Joan Nordquist 1993

The Journal of the American Chamber of Commerce in Japan -

1992

And the Band Played On - Randy Shilts 2011-11-03

In 1981, the year when AIDS came to international attention, Randy Shilts was employed by the San Francisco Chronicle as the first openly gay journalist dealing with gay issues. He quickly devoted himself to reporting on the developing epidemic, trying to understand the cultural, medical and political impact of the disease on the gay community and United States society as a whole. Extensively researched, weaving together personal stories with political and social reporting, *And the Band Played On* is a masterpiece of investigative reporting that led to Randy Shilts being described as "the pre-eminent chronicler of gay life" by The New York Times. Shilts exposed why AIDS was allowed to spread - while the medical and political authorities ignored (and even denied) the threat. It was awarded the Stonewall Book Award, became an international bestseller translated into 7 languages, and was made into a major movie in 1993 starring Richard Gere and Sir Ian McKellen. *And the Band Played On* is one of the great works of contemporary journalism, and provides the foundation for the continuing debate about the greatest medical epidemic faced in our time.
