

# Sacrament Of Sexuality

*The Sexual Person* - Todd A. Salzman 2008-05-21

Two principles capture the essence of the official Catholic position on the morality of sexuality: first, that any human genital act must occur within the framework of heterosexual marriage; second, each and every marriage act must remain open to the transmission of life. In this comprehensive overview of Catholicism and sexuality, theologians Todd A. Salzman and Michael G. Lawler examine and challenge these principles. Remaining firmly within the Catholic tradition, they contend that the church is being inconsistent in its teaching by adopting a dynamic, historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static, classicist anthropology and worldview on sexual ethics. While some documents from Vatican II, like *Gaudium et spes* ("the marital act promotes self-giving by which spouses enrich each other"), gave hope for a renewed understanding of sexuality, the church has not carried out the full implications of this approach. In short, say Salzman and Lawler: emphasize relationships, not acts, and recognize Christianity's historically and culturally conditioned understanding of human sexuality. *The Sexual Person* draws historically, methodologically, and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage, cohabitation, homosexuality, reproductive technologies, and what it means to be human. This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians, and between theologians and the Magisterium.

Sacrament of Sexuality - Morton Kelsey  
1994-06-01

From celibacy to family, from hetero- to homosexuality, and from the relationship of sexuality to scripture, relationships, marriage, psychology, and love.

**In Pursuit of Love** - Vincent J. Genovesi 1996

While retaining the basic structure of the original book, this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986. The Catechism of the Catholic Church, Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae*, and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text. This edition also contains several new sections: the misuses of sex (adultery, pornography, prostitution, sexual violence); four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse; marriage as a sacrament and marital sexuality and love as embodiments of commitment, intimacy, and passion; and public policy and the civil rights of homosexuals. This edition also includes an expanded discussion of topics such as sexism, sexually transmitted diseases especially HIV/AIDS and the moral questions raised by new family-planning methods (Norplant, Depo-Provera), RU-486, postcoital hormonal interventions against pregnancy, the start of human life, and abortion. Vincent J. Genovesi, SJ, received his PhD in Christian ethics from Emory University. He is a professor at St. Joseph's University in Philadelphia. His articles have appeared in such journals as *The Thomist*, *The Way*, *America*, and *Review for Religious*.

**As My Own Soul** - Chris Glaser 2009

With the removal of sexual orientation as a bar to ordination in the Presbyterian Church (U.S.A.), pending approval of a majority of presbyteries, and the Episcopal Church's 2009 General Convention calling for the development of theological and liturgical resources for same-sex blessings, sexual orientation-especially with regard to marriage-is a central issue. Secularly, too, the topic is front-page news with the recent

California same-gender marriage ruling and subsequent Proposition 8 vote and the update of the Massachusetts same-gender marriage law. This book sets forth the case for religious institutions' blessing of same-gender marriage, positing that same-gender marriage does not detract from the sacredness of heterosexual marriage, but rather enhances and nourishes the institution. Chapters include: "Claiming the Blessing" "Deeper Than Scripture" "Traditional Family Values" "The Sacred Source of Marriage" "Sex and the Body of Christ" "Marriage As a Spiritual Discipline" "Marriage is a spiritual discipline in which we come to know ourselves as beloved, trustworthy, redeemed, forgiven, and blessed, and at the same time learn how to love, be faithful, redeem, forgive, and bless the partner as well as the community." -Chris Glaser  
*Coming Out as Sacrament* - Chris Glaser  
 1998-01-01

Gay Christian author and activist Chris Glaser proposes that coming out--as gay, lesbian, bisexual, or transgendered--has biblical precedence and sacramental dimensions.  
*Marriage and Sacrament* - Michael G. Lawler  
 1993

At a time in human history when women and men are more concerned about interpersonal relationships and when there is an extensive questioning of the specific relationship between a woman and a man in marriage, *Marriage and Sacrament* offers an understanding of how to live out the Christ-meaning and Church-meaning of that relationship so that, by living martially and sacramentally, couples can reveal to the world and to the Church the deeper meaning of all human love. The book examines the relationship among love, marriage, and sacrament; it examines the meanings of the sacrament of marriage, its biblical basis, its history and what happens when it comes to an end; it examines sexual love, indissoluble love, fruitful love, and ecumenical love in relationship to both marriage and sacrament. *Marriage and Sacrament* is an indispensable resource for pastoral ministers and ministry students as well as all who contemplate or are now partners in marriage.

**Love, Sexuality, and the Sacrament of Marriage** - John Chryssavgis 1996  
 Two essays "Love and Sexuality in the Image of

Divine Love" and "The Sacrament of Marriage: The Orthodox Service" introduce the reader to the Orthodox perspective on this all-important issue. With extensive excerpts from twenty-two Church fathers and modern Orthodox theologians, ranging from Basil the Great and Gregory of Nyssa to Alexander Elchaninov and Kallistos Ware.

**Making Sense of Sex** - Adrian Thatcher  
 2012-06-21

All living creatures are sexed. Human beings belong to societies where traditions about who can have sex with whom, and how, and when, are centuries old. Making sense of sex assumes that there is a rational way of understanding our basic drives. But our inevitable failure to get sex right is the beginning of a proper and theological understanding of sex. The Christian tradition, especially in its conservative forms, is often thought to be unhelpful in making sense of sex. Christian sexual ethics may seem overly demanding: holistic in theory, yet sexist and pessimistic in practice. Adrian Thatcher argues, however, that instead of being pessimistic about sex, Christians can be grateful realists instead. *Making Sense of Sex* draws on the resources of Liberal Theology to promote a mature union of spirituality and sexuality. Exploring topics such as desire, bodies and the Body of Christ, sexual difference, homosexuality, marriage, and Paul's reflection on 'flesh' and 'spirit', it will help to guide readers towards a spiritual understanding of shared sexual love.

*Christian Marriage* - Ronald J. Wilkins 1986

*Sex is Holy* - Mary Rousseau 1991

The President of the Catholic Philosophical Society and the founder of the Marriage Encounter Movement team up to explore the basis for a theology and spirituality of marriage that perceives sex and sexuality in a positive role in the sacrament of a relationship

**Sacramental Sexuality** - Karen Aguilar 1976

*Sexual Ethics* - Todd A. Salzman 2012-05-18

Two principles capture the essence of the Catholic tradition on sexual ethics: that each and every marriage act must remain open to the transmission of life, and that any human genital act must occur within the framework of marriage. In the Catholic tradition, moral sexual

activity is institutionalized within the confines of marriage and procreation, and sexual morality is marital morality. But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church's absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition, especially since the Second Vatican Council. These developments include the shift from a primary static worldview to a historically conscious worldview, one that recognizes reality as dynamic, evolving, changing, and particular. By employing such a historically conscious worldview, alternative claims about the moral legitimacy of controversial topics such as contraception, artificial reproduction, and homosexual marriage can faithfully emerge within a Catholic context. Convinced of the central role that love, desire, and fertility play in a human life, and also in the life of Christian discipleship, the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing. This comprehensive introduction to Catholic sexual ethics -- complete with thought-provoking study questions at the end of each chapter -- will be sure to stimulate dialogue about sexual morality between Catholic laity, theologians, and the hierarchy. Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book.

[Sex Is Holy](#) - Mary Rousseau 1994-06-01

An exploration of the basis for a theology and spirituality of marriage that perceives sex and sexuality in its positive role in the sacrament of relationship.

[Sexuality and the Christian Body](#) - Eugene F. Rogers, Jr. 1999-08-25

God and the Body addresses the challenges to traditional Christianity by gay and lesbian Christians and their critics within the church. This controversial book will be welcomed for the radical new insights it provides into Christian arguments about the body.

[How Far Can We Go?](#) - Leah Perrault and Brett Salkeld 2018-01-29

A guide to dating and sexuality for young people. [The Concept of Sexual Pleasure in the Catholic Moral Tradition](#) - Shaji George Kochuthara 2007

**Sexuality in the Confessional** - Stephen Haliczer 1996-01-25

In *Sexuality in the Confessional: A Sacrament Profaned*, Stephen Haliczer places the current debate on sex, celibacy, and the Catholic Church in a historical context by drawing upon a wealth of actual case studies and trial evidence to document how, from 1530 to 1819, sexual transgression attended the heightened significance of the Sacrament of Penance. Attempting to reassert its moral and social control over the faithful, the Counter-Reformation Church underscored the importance of communion and confession. Priests were asked to be both exemplars of celibacy and "doctors of souls," and the Spanish Inquisition was there to punish transgressors. Haliczer relates the stories of these priests as well as their penitents, using the evidence left by Inquisition trials to vividly depict sexual misconduct, during and after confession, and the punishments wayward priests were forced to undergo. In the process, he sheds new light on the Church of the period, the repressed lives of priests, and the lives of their congregations; coming to a conclusion as startling as it is timely. Based on an exhaustive investigation of Inquisition cases involving soliciting confessors as well as numerous confessors' manuals and other works, *Sexuality in the Confessional* makes a significant contribution to the history of sexuality, women's history, and the sociology of religion.

**Inquisition and Society in the Kingdom of Valencia, 1478-1834** - Stephen Haliczer 2018-04-20

Stephen Haliczer has mined rich documentary sources to produce the most comprehensive and enlightening picture yet of the Inquisition in Spain. The kingdom of Valencia occupies a uniquely important place in the history of the Spanish Inquisition because of its large Muslim and Jewish populations and because it was a Catalan kingdom, more or less "occupied" by the despised Castilians who introduced the Inquisition. Haliczer underscores the intensely regional nature of the Valencian tribunal. He shows how the prosecution of religious deviants, the recruitment and professional activity of Inquisitors and officials, and the relations between the Inquisition and the majority Old

Christian population all clearly reflect the place and the society. A great series of pogroms swept over Spain during the summer of 1391. Jewish communities were attacked and the Jews either massacred or forced to convert. More than ninety percent of the victims of the Valencian Inquisition a century later were descendants of those who chose conversion, the conversos. Haliczer argues convincingly against those who see all the conversos as "secret Jews." He finds, on the contrary, that a wide range of religious beliefs and practices existed among them and that some were even able to assimilate into Old Christian society by becoming familiares of the Inquisition itself. Nevertheless, it was controversy over the sincerity of the converted which spawned the first proposals for the establishment of a Spanish national Inquisition. That very same controversy, persisting in the writings of history, may be resolved by Haliczer's stimulating discoveries. Inquisition

and Society in the Kingdom of Valencia is a major contribution to the lively field of Inquisition studies, combining institutional history of the tribunal with socioreligious history of the kingdom. The many case histories included in the narrative give both Valencian society and the Inquisition very human faces. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1990.
