International Perspectives on the Assessment and Treatment of Sexual Offenders - Douglas P. Boer
2015-06-22

International Perspectives on the Assessment and Treatment of Sexual Offenders: Theory, Practice and Research provides the first truly global perspective on the assessment and treatment of sex offenders. Presents a comprehensive overview of current theories and practices relating to the assessment and treatment of sex offenders throughout the world, including the US, Europe, and Australasia Covers all the major developments in the areas of risk assessment, treatment, and management Includes chapters written by internationally respected practitioners and researchers experienced in working with sexual offenders such as Bill Marshall, Ruth Mann, Karl Hanson and Jayson Ware
Sex Offender Registration and Community Notification Laws - Wayne Logan 2021-06-17
This volume is the first comprehensive empirical examination of the premises and effects of sex offender

registration and notification laws.
The Oxford Handbook of Sex Offences and Sex Offenders - Teela Sanders 2017
Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.
Sex Offender Treatment - S. Margretta Dwyer 1996
This collection of papers discusses standards of care for the treatment of adult sex offenders as well as interpersonal violence, aggression, pedophilia and exhibitionism. Other topics include : the importance of good assessment techniques; issues affecting victims and families of sex offenders; why treatment does not work for some sex offenders; and, special types of sex offenders such as those with learning difficulties or

mental retardation.

Identifying and Treating Sex Offenders - Robert Geffner 2004

Identifying and Treating Sex Offenders: Current Approaches, Research, and Techniques brings you up-to-date on the latest significant issues and state-of-the-art tools involved in the evaluation and treatment of adult sex offenders. Experts in the field discuss controversial topics, including diagnoses, classification, public notification, and risk assessment, to help psychologists, therapists, and social workers better understand and work with this specialized population. This book also contains accurate information about sex offender statistics and research for policymakers to use in creating policies and legal statutes that successfully deter recidivism in known sex offenders.

The Sexual Criminal - Joseph Paul De River 1956

Evaluating Community Knowledge of a Registered Sex Offender in the Neighborhood - Sarah Welchans Craun 2006

Purpose. This study's purpose was to determine how many residents who live close to a registered sex offender knew about the offender. Furthermore, the aim also included determining if there are any individual or neighborhood level predictors of knowledge of a registered sex offender.

Sex Crimes - Donna Vandiver 2022-03-22

Sex Crimes: Research & Realities, 2nd edition, provides succinct overviews and details of the research regarding sex crimes and the persons who commit them, dispelling common myths related to sex crimes that have been contradicted in the scientific literature in recent decades. Throughout the book, survivors of sexual violence are highlighted, including those who have engaged in activism leading to positive changes for victims of sexual violence or came forward with their stories of sexual victimization despite being told nothing can be done. The book begins with a broad overview of the number and types of sex crimes that occur annually, then outlines several theories developed to explain sex crimes specifically, along with descriptions of popular criminological theories that have been applied to persons who have committed a sex crime. The next several chapters provide details regarding different types of sex crimes. Subsequently, the authors provide an overview of juveniles and females who commit sex crimes, and of sex crimes that occur within an institution, such as college campuses and sports or youth organizations. New to this edition is a chapter that focuses on victims of sex crimes and the victimology of sexual violence. Attention is given to the nuances of investigating sex crimes and policies (such as registration and civil commitment laws) affecting persons who have committed a sex crime. The conclusion provides an overview of the myths regarding sex crimes and the persons who commit them, again with a summary of what research has unveiled while highlighting areas of recommended future research. This book is suitable for an undergraduate or graduate-level course for a variety of social science fields. It is invaluable for treatment providers, law enforcement officers, detectives, or policy makers.

The Registration and Monitoring of Sex Offenders - Terry Thomas 2012-03-29

This book seeks to track the origins of sex offender registers, their purpose and the law and policy that underpins them in various parts of the world. Sex offender registers are not really registers at all but a set of 'legal requirements' that fall automatically on a person convicted or cautioned for a designated sexual offence; the term 'register' is a form of shorthand for these requirements, designed to be a contribution to greater public protection and community safety. This book provides the first serious and detailed narrative of the conception and implementation of the sex offender registers. It seeks to do so in a clear and easy-to-follow text that will be both informed and critical and will also serve as a resource book for those wanting to make further study of the process of registration and monitoring. It looks in detail at the practice of implementing registers and considers questions about their effectiveness in monitoring sex offenders and the implications of someone being on a sex offender register. The book examines the legal challenges to registers and monitoring and the position of registrants in the context of human rights and seeks to place registers and monitoring in the wider context of what is being called the surveillance society. The Registration and Monitoring of Sex Offenders will be key reading for students of criminology and criminal justice, surveillance and human rights and practitioners in criminal justice fields of policing, probation, social work, children's services, the judiciary, prison work and others.

Another Look at Sex Offenders in California - Louise V. Frisbie 1969

Identifying the Mentally Disordered Sex Offender - James M. Anderson 1972

Violence, Sex Offenders, and Corrections - Rose Ricciardelli 2017-07-06

Sex offenders remain the most hated group of offenders, subject to a myriad of regulations and punishments beyond imprisonment, including sex offender registries, chemical and surgical castration, and global positioning electronic monitoring systems. While aspects of their experiences of imprisonment are documented, less is known about how sex offenders experience prison and community corrections spaces - and the implications of their status on their treatment and safety in such environments. Violence, Sex Offenders, and Corrections critically assesses what is meant by the term 'sex offender', and acknowledges that such meanings are socially constructed, situated, and contingent. The book explores the person, crime, penal space, sexual orientation, legislation, and the community experiences of labelled sex offenders as well as the experiences of correctional officers working with said custodial populations. Ricciardelli and Spencer use conceptions of gender and embodiment to analyze how sex offenders are constituted as objects of fear and disgust and as deserving subjects of abjection and violence.

Sex Offender Laws, Second Edition - Dr. Richard Wright 2014-07-17

Print+CourseSmart

Community and Mental Health Perspectives on the Value and Effectiveness of Sex Offender Registry and Community Notification Laws with Juvenile Sex Offenders - Rozanna Tross 2010

The Wiley-Blackwell Handbook of Legal and Ethical Aspects of Sex Offender Treatment and Management - Karen Harrison 2013-01-07

This handbook combines the latest theory on a high-profile, complex subject in criminology, exploring the legal and ethical dimensions of society's response to sex offenders in jurisdictions from the USA to Japan. The first publication to offer a detailed and wide-ranging analysis of legal and ethical issues relating to sex offender treatment and management Covers a range of related issues, from media coverage to equality duties Presents research from numerous national jurisdictions including the UK, USA, Australia, New Zealand, Canada, Norway, Germany, Netherlands, Japan, and Israel Includes perspectives from respected leading academics and practitioners, including William Marshall, Tony Ward, Doug Boer, Daniel Wilcox, and Marnie Rice

The Feminist and The Sex Offender - Erica R. Meiners 2020-04-28

With analytical clarity and narrative force, *The Feminist and the Sex Offender* contends with two problems that, despite their inextricable linkages, are typically siloed in the era of #MeToo and mass incarceration: sexual and gender violence, on the one hand, and the state's unjust, ineffective, and soul-destroying response to it. Levine and Meiners ask if it's possible to confront the culture of abuse, to hold harm-doers accountable, without recourse to a criminal justice system that redoubles injuries, fails survivors, and retrenches the conditions that made such abuse possible. Drawing on personal experience, reportage, and history, *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need.

Sex Offenders - Fabian M. Saleh 2021

"In his annual lecture to second year medical students, Dr. Fred Berlin describes an interview he had, early in his career, with a man whom he was evaluating following the man's arrest for child sexual abuse. Halfway through the interview, the arrested man interrupted Dr. Berlin's questions and said, You know, Doctor, your society takes a newborn baby boy; gathers family and friends, takes a knife and without any anesthesia cuts skin off the tip of his penis. This is accepted as a religious act. I bend over and kiss that same penis, and I am arrested as a child sexual abuser. Can you explain that to me? (Berlin, 2000)"--

Sex Offender Laws - Dr. Richard Wright 2009-03-16

"This volume of readings provides an excellent source of information about sex offender laws and policies."--
-International Journal of Offender Therapy and Comparative Criminology "Sex Offender Laws...is a good

source for balanced, objective, and thorough critique of our current sex offender policies as well as a source for accurate information about a very heterogeneous population...The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions do not often work will be informative and enlightening to many readers." --Sex Roles "[T]his fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy-makers would want to consider. It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies. Intellectually honest politicians should read this book." --Michael Tonry, LL.B, Professor of Law and Public Policy University of Minnesota Law School (From the Foreword)

In response to many high-profile cases of sexual assault, federal and state governments have placed a number of unique criminal sanctions on sex offenders. These include residency restrictions, exclusionary zones, electronic monitoring, and chemical castration. However, the majority of sex offender policies are not based on empirical evidence, nor have they demonstrated any significant reductions in offender recidivism. In fact, some of these policies have unintended consequences, which actually increase the likelihood of sexual offenses. In this book, Wright critically analyzes existing policies, and assesses the most effective approaches in preventing sex offender recidivism. This provocative and timely book draws from the fields of criminal justice, law, forensic psychology, and social work to examine how current laws and

policies are enacted and what to-date is known about their efficacy. The team of expert contributors includes Karen Terry, author of *Sexual Offenses and Offenders*, and others who bring a wealth of insight to the field of sex offense. In response to the failed policies of sex offender laws, this book presents alternative models and approaches to sex offense laws and policies. Wright also explores critical, cutting-edge topics, such as internet sexual solicitation, the death penalty, and community responses to sex offense. Key Features: An introduction and overview of the history of sex offender laws Analyzes the role of the media in sex offense and sex offender policies Examines the political "untouchability" of sex offender laws and their adverse effects Features interviews with victims of sexual assault, investigating their points of views on what kinds of reforms need to be made to sex offender laws Thought-provoking and insightful, *Sex Offender Laws* serves as a vital resource for policy makers, researchers, and students of criminal justice, law, and social work.

Collective Morality and Crime in the Americas - Christopher Birkbeck 2013

This book examines the nature of collective morality as it materializes in public commentary about crime in the Americas and identifies the ways in which the moral community is talked into being and how the imagined moral universe is mapped.
