**Capricorn Ascendant Secrets** Saket Shah 2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

**Planet Venus Secrets** Saket Shah 2020-01-05 Venus relates to luxury, romance, wealth, creativity, and elegance. The house where it is located in a chart defines the area where you need to express yourself socially, passionately, and aesthetically. Venus naturally brings harmony and refinement to the house it occupies. This is the area of life where your attraction falls and a study of Venus in 12 houses will help you know how should approach these areas of life. The activities that the house represents are of great importance to building better partnerships. Venus is very much at play when it comes to love, romance, interests, friendships and artistic inclination. The house it occupies also tells us what you look for in a partner or friend, what your approach towards love is, and what artistic abilities you have. The sign where Venus is posited tells you "how" you express yourself romantically and the house it occupies tells you "where". This is the house where you need to bring harmony and relate to others. The influence of Venus house should not be studied in its purest form, without any affliction, aspect or influence of other planets and signs. Planetary position differs

with each horoscope, so the interpretations may also differ accordingly. Your Venus house however pretty much defines what we have stated above *Planet Mars Secrets* Saket Shah 2020-01-05 In a Vedic Astrology Horoscope, the positions and effect of 9 heavenly bodies are carefully examined. These are the seven planets - Sun, Moon, Mars, Mercury, Jupiter, Venus and Saturn along with two nodes - Rahu and Ketu. Each planet has a long list of significations which are further divided into the direction, metals, age, nature, elements, body part / body system, colors, rulership of zodiac signs and the host of other attributes which a good Astrologer has to keep in mind at the time of making the calculations and giving the forecast. While all planets are given equal attention but it is Mars which is given special attention to check for suddenness in giving bad results - if it is a malefic. At the time of matching the Horoscopes for marriage purposes, it is the presence or absence of Manglik feature which is checked before anything else. So let us go a little deeper into the nature, functioning, and mode of operation of Mars in a Horoscope. Is it always to be feared or does it have the power to give also? Mars is the fourth planet from the Sun. It is called Mangal in Hindi, Kujja in Sanskrit. West has named it after the Roman God of War. Mars is also referred to as the Red Planet because of its reddish appearance as seen from Earth. Similarly all the planets are divided into 4 elements of nature - Fire, Earth, Air and Water. Mars is supposed to be a fiery planet. As the story goes in the Vedic system, Mars is the commander-in-chief of the celestial army. It is therefore, quite natural to associate Mars with action & raw energy, after all it is fiery, hot red and fast (compared to Jupiter and Saturn it is a much faster planet orbiting the Sun).

**Gambler's Dharma** Simon Chokoisky 2017-04-24 Win bets on sporting events using the prediction system of Vedic Astrology • Describes the basics of Vedic Astrology and how it can be applied to sports betting • Outlines 5 powerful techniques for predicting the outcome of any one-on-one competition • Details how to determine the physical strength of each side, whose motivation and drive to win is strongest, and who has fate on their side Everything that is born, which has a lifespan and an ending, is a space-time event. That includes contests as well as human beings. And just as your personal astrological chart can describe success or failure in various areas of your life, so too can a contest chart created from the time, date, and location of an event show us winners and losers of one-on-one competitions. Drawing on traditional Vedic Astrology as well as his own research and winning experience, Simon Chokoisky outlines 5 powerful techniques for predicting the outcome of any competition between two opponents with 70-80 percent accuracy. He explains how sports betting offers black-and-white outcomes and you do not have to be an advanced astrologer to understand the principles in this book or to apply them to daily life. Using examples from his bets in the World Cup and baseball, the author shows how to judge the favorite and determine the underdog's chances by looking into the body, mind, and soul of a team and its players. He details how to use the planets to determine the physical strength of each side and whose motivation, mental toughness, and drive to win is strongest as well as the more subtle spiritual nature of each team--who is luckier and who has fate on their side. He details how he used these simple principles to win hundreds of bets and how he now uses them to fund charitable causes. Including personal stories of his experiences with grace, beginner's luck, and the Vedic philosophy of karma and dharma, Chokoisky demonstrates how the planets and stars relate not only to our sports competitions but also our individual lives. He shows us how the astrologer must become part of the prediction, how a bad day can mean bad luck, and how to ride the wave of good fortune by avoiding specific days that are ill-disposed to betting. Chokoisky explains that one way to remain in the good graces of the gods is to donate a portion of your winnings to charity. He describes how right conduct is essential to continue profiting from this technique and how your own karma and dharma can indicate how to approach gambling as well as how to use your winnings.

**Vipreet Rajyoga** Mohit Pandey 2016-01-25 Love, Life and Luck are the most unpredictable things in the universe. They keep on taking twists and turns to translate our view and status in the society. Luck is limitless, it is said that apart from being talented, hard working, educated or anything what you need to be is Lucky. When we talk about good luck very often we talk about trine and quadrant houses and their lords, Raj Yogas and other yogas or combinations of Kingships. But we very often forget that some of the best stories are written in worst words. This is what Vipreet Rajyoga is, when the worst started delivering its best, it is not the power of divine but the force of evil which takes an individual from ordinary to extra ordinary, from down to crown, from dust to best. In this book I have tried to explain the most under discussed concept of Vedic Astrology which goes far beyond just a mere stroke of Luck. This book includes full details of Vipreet Rajyoga and its applicability in all twelve Ascendants or Lagnas with birth charts or kundalies of famous personalities like -Henry Ford, Mark Zuckerberg, Emma Watson and many more. <https://www.facebook.com/mm084/> <https://twitter.com/mohitpandey1984> <https://www.instagram.com/mohit000>

**Yoga of the Planets** Andrew Foss 2016-12-01 This book has many uses. In itself it is a meditation. You can enjoy and benefit without any special prior knowledge. There are insights into astrology but the main focus is enlightening the consciousness and providing a rebalancing of the energies represented by the planets. This will happen automatically as one reads through the mantras and their commentaries. There are 108 names expressed as mantras for each of the nine planets used in Vedic Astrology. These mantras activate the positive values of the planet throughout the Zodiac. For the first time ever, the mantras are listed with translation and commentary. Even if you only read the commentaries, you will get some of the benefit. If the planet is weak or afflicted, then this acts as a remedy. If it already strong, this helps to enliven its full potential. Easy techniques are also given that will allow you to find out which of the mantras will especially enliven your personal chart and, hence, have the greatest benefit for you. There is also a bonus section at the end which, for the first time, explains the sequence and lengths of the famous Vimshottari Dasha and gives new insights into how to interpret them. This system of prediction is so remarkable that even Western Astrologers often use it.

**Vargas: a Vedic Approach** Raj Kumar The Vargas are the unique feature of Vedic astrology which has given it a definite edge over any other system in vogue. The primary aim of studying a Varga is two folds- to study a particular aspect of human life pertaining to a specific house and to find out the true strength of planets related with the house. A horoscope takes into account linear time and vertical declinations of the planets. Every division of

zodiac has a corresponding division of time. Hence a Varga gives projections representing possibilities which might occur in different time frames. Each chart gives a microscopic view of a particular facet of life seen in the light of Dasha sequence. There are many tools available to assess the true strength of a planet. One set of rules rely on PAC of planets, their awasthas and yogas formed by them. The other, Nadi system, studies the effects of lords of sign, Nakshatra and Sub under which a planet is placed. At times these influences change the characteristics of a planet completely. In this book an attempt is made to unite the two systems to get the true strength of planets. In order to understand a planet and its significations in a better way, a comparative study of planets in birth and divisional charts has also been made. This book shall add to precision and accuracy of probable events and their qualitative effects on various aspects related to a native and as such will be of great use to serious students of astrology.

**Mundane Astrology: The Astrology of Nations and States** H. S. Green 2005-03 Will there be peace? Will there be war? Find out with Mundane Astrology. Here, in one volume, are three classic books on the astrology of nations and states, by H.S. Green, Raphael, and C.E.O. Carter: H.S. Green organizes his book planet-by-planet. He tells what each planet will do in the 12 houses. Raphael organizes the topic by house. He tells how mundane houses work when planets are in them. In addition, both authors deal with solar and lunar eclipses, and earthquakes. Green shows the effects of eclipses in the houses, while Raphael describes them by decanate (100 sections of the zodiac). Both mention the effects of comets, although little about these mysterious bodies is known astrologically. Charles Carter, writing after WWII, discusses why astrologers failed to predict the war and what that means for mundane astrology. His plea for better data has largely been met, but the need for more study remains. All three authors give astrological rulerships for countries and cities. These are centuries old and are weighted to England and Europe. Carter's rulers are the most up-to-date. These are the essential texts for serious study of mundane astrology. About the Authors H.S. Green was an astrologer associated with Alan Leo's astrological revival back in the first decade of the 20th century. His various books are highly regarded (all but this one out of print, sadly), but biographical details are sketchy. Raphael was the pen-name of one Robert Cross, 1850-1923. He was the sixth in a series of astrological writers who used the name "Raphael" & remains the best known of them all. He wrote books on virtually all astrological topics. His book on mundane astrology dates from 1910. Charles E.O. Carter, 1887-1968, was one of the outstanding British astrologers of the 20th century. He succeeded Alan Leo as head of the Astrological Lodge of the Theosophical Society, a post he held from 1920 to 1952. He was editor of *Astrology*, *The Astrologer's Quarterly*, from 1926 to 1959. Carter's persistent genius reestablished astrology as a serious discipline in England, after two centuries of decline. He wrote his book on Mundane Astrology in reaction to the failure of astrologers to forecast WWII. In 1939, astrologers in London knew there was a full-scale war on in China, they knew the situation with Germany was tense, but they had studied the charts for the year, they knew the fuss would blow over. And they were wrong. Carter set out to discover why, his book was the result.

*Venus in Houses* Saket Shah 2022-02-01 Dear Reader, We always wonder that every House in Vedic astrology has different meaning and results. So how does the planet sitting in it will behave. So in this book I am describing how Venus will give results in different houses in most possible and descriptive way. The planet behavior changes along with the house it sits in and give different results. Every house itself is a mystery and planet sitting in house becomes more mysterious and gives results in very different pattern. Planet is nothing but a cosmic energy which in particular location in house during our birth impacts our entire life the way we think and the way we behave and also controls our emotions. The glands in our brain reacts to this cosmic energy and creates a certain characteristic in our life patten and day to day life and we can understand this by understanding our horoscope and by checking which house the planet is sitting and how it impacts our thinking and life. I hope you will love this book and enjoy reading. Regards, Saket Shah
