

# Sex Counseling By Telephone

*CRISIS INTERVENTION AND  
COUNSELING BY  
TELEPHONE AND THE  
INTERNET* - David Lester  
2012-11-01

This book will further stimulate interest and discussion of the telephone and the Internet as a mode of treatment. In this extensively revised third edition, a practical framework for providing immediate problem-solving assistance by telephone to persons in crisis is provided. Several new chapters have been added and several chapters have been updated and rewritten. The text offers specific techniques to deal with out-of-control situations with the highly important initial steps to protect the caller, the crisis worker, and the community. The scope of the book includes an overview of counseling by telephone, how to effectively manage crises, how to be supportive verbally

and nonverbally, how to accurately assess situations, and how to help create a sense of stability. Part I discusses the varieties of telephone services, while Part II covers crisis intervention and counseling, including telephone therapy, active listening, cognitive therapy approaches, transactional analysis and learned helplessness approaches, as well as Gestalt therapy approaches. Part III discusses a variety of problem callers: the obscene caller, the chronic caller, the silent caller, the nuisance caller, and the "one counselor" caller. A new section, Part IV—Special Topics, includes valuable information on dealing with adolescents, war veterans, rural communities, the elderly, and individuals with disabilities on campus. Part V offers a look at contact beyond the telephone, including crisis

intervention by e-mail and letter. Part VI views the roles of telephone counselors, such as the mental health professional, the nonprofessional crisis worker, selecting telephone counselors, and training crisis workers. Finally, Part VII summarizes and evaluates today's telephone counseling services. This unique and up-to-date book serves as a comprehensive tool for those setting up telephone and Internet counseling services and those in charge of centers already operating, especially in training and supervising those on the front lines, the crisis interveners.

*The Wiley Handbook of Sex Therapy* - Zoë D. Peterson  
2017-04-24

The Wiley Handbook of Sex Therapy is a comprehensive and empirically-based review of the latest theory and practice in the psychotherapeutic treatment of sexual problems across client populations. Structured in four sections covering specific sexual dysfunctions, theoretical

approaches to sex therapy; working with client diversity; and future directions in sex therapy. Advocates a holistic approach to sex therapy with a focus on using a range of psychotherapeutic theories and techniques rather than only the most popular behavioral strategies. Includes case studies which highlight the broad spectrum of diverse conditions that clients can experience and which sex therapists can therefore encounter in the consulting room. Includes contributions by more than 60 experts from a wide range of disciplines.

Sex Addiction as Affect Dysregulation: A Neurobiologically Informed Holistic Treatment (Norton Series on Interpersonal Neurobiology) - Alexandra Katehakis 2016-09-20  
Examining the neurobiological underpinnings of sex addiction. Neuroaffective science—studying the

Downloaded from

on 2023-06-19 by guest

integrated development of the body, brain, and mind—has revealed mechanisms linking psychological and biological factors of mental disorders, including addiction. Indeed, its paradigm-shifting theoretical umbrella demonstrated that substance and behavioral dependencies share identical neurobiological workings, and thus that problematic repetitive behaviors are genuine addictions—a state increasingly understood as a chronic brain disorder. Clinical experience strongly suggests that sex addiction (SA) treatment informed by affective neuroscience—the specialty of Alexandra Katehakis—proves profoundly transformative. Katehakis's relational protocol, presented here, blends neurobiology with psychology to accomplish full recovery. Her Psychobiological Approach to Sex Addiction Treatment (PASAT) joins therapist and patient through a relationally-based psychotherapy—a holistic, dyadic dance that calls on the body, brain, and mind of both. Written with clarity and

compassion, this book integrates cutting-edge research, case studies, verbatim session records, and patient writings and art. Katehakis explicates neurophysiological, psychological, and cultural forces priming and maintaining SA, then details how her innovative treatment restores patients' interpersonal, sexual, and spiritual relationality.

**Sexuality in America** - Robert T. Francoeur 1999-08-01

Now available in a new paperback edition, this survey is different in both breadth and scope from all other reports on sexuality in the United States. It covers every topic imaginable, from a multicultural point of view, in order to reflect fully the complex society in which we live: the biological, psychological, social, and spiritual aspects of our sexual lives.

[How Psychotherapy Helps Us Understand Sexual](#)

[Relationships](#) - Cherry Potter 2019-08-28

In this fascinating book, Cherry

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
*on 2023-06-19 by guest*

Potter takes readers on her personal and professional quest for insights into sex, relationships and gender differences. Why do we feel what we feel, and do what we do? What is the impact of 'performance anxiety' on men, and on society generally? Why are women still faking it? Is ubiquitous online porn turning the clock backwards? The book delves into the work of Freud, Klein, Bowlby and recent developments in attachment theory for insights into our conscious and unconscious fears and desires, and introduces readers to a range of fascinating clients. These include Jeremy, who was so ashamed of his virginity he was unable to have a relationship; Ellie, who repeatedly fell in love with unobtainable men; Kieran, whose fear of abandonment threatened to wreck his gay relationships; Dulcie, who for years had been unable to face the truth that her husband was having multiple affairs; and Lars, who was addicted to online porn and prostitutes. The book

shows how the work between therapist and client is a process of learning together, which is at times painful and deeply moving, but can also reflect a renewed vitality and hope for the future, particularly when it comes to talking about sex. How Psychotherapy Helps Us Understand Sexual Relationships: Insights from the Consulting Room will be of great interest to both the general reader as well as psychotherapists and counsellors.

### **Unmet Expectations in Couple and Sex Therapy -**

Stephen J. Betchen 2023-10-11  
Stephen J. Betchen illuminates unmet expectations as one of the leading causes of relationship problems, offering an integrative, systemic, and conflict-oriented treatment model that will help both therapists and couples develop happier and more realistic relationships. This clinical guide helps therapists provide couples with the ability to recognize the origin of their expectations and when their

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2023-06-19 by guest*

expectations might be realistically or unrealistically too high or low. It defines and demonstrates the complexity of what met or unmet expectations are, identifying common symptoms as anger, incessant bickering, anxiety, disappointment, disillusionment, and sadness. Chapters outline how to determine the origin and impact of unmet expectations before discussing how and why we choose our partners that do or do not meet our needs. Addressing sociocultural factors in depth, Betchen provides tools to assess and treat both sexual and non-sexual symptoms and includes a chapter on how to manage the issue of when a therapist doesn't meet the expectations of their clients. The book is invaluable for therapists who work with couples as well as trainees and supervisors in couple, family, and sex therapy graduate and post-graduate programs.

*Handbook of Sex Therapy* -  
Joseph LoPiccolo 2012-12-06  
When is it timely to publish a

synthesis of previously published and original materials from a specific discipline? I believe it to be timely when one has a sufficient amount of high-quality material covering the critical areas of that topic, when the previously published material is scattered over a wide range of journals and books, and when there is no single book that synthesizes the discipline. The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson. In spite of the rash of sex clinics and sex therapists that followed, precious little solid research has been conducted on the various strategies of therapy, the means of assessing complex interpersonal sexual relationships, and the manner by which clinical change is objectively assessed. No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators.

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2023-06-19 by guest

And no one investigator can cover these salient areas alone with his or her original work in a single volume. The critical papers have now been written. Ten were written specifically for this volume and thirty-three have previously appeared. This volume laces them together into a coherent pattern. Thus, the time for a synthesis in sexual dysfunction.

### New Directions in Sex Therapy

- Peggy J. Kleinplatz

2013-05-13

New Directions in Sex Therapy: Innovations and Alternatives focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field. Replete with helpful clinical illustrations to demonstrate these new approaches in action, this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

**Disabled USA.** - 1980

*Coping with Cancer* - 1980

Sexual Surrogate - Heather Hill  
1976

"More than half of all American couples are dissatisfied with their sex lives. Yet few know that effective professional help is available. As early as the 1950's, Masters and Johnston demonstrated that such common sexual problems as impotence and frigidity could be alleviated by using paid sex partners as part of a carefully planned therapeutic program. But the public remains skeptical. In her ten years as a sexual surrogate, Heather Hill, who is licensed as a sex counselor by the city of Los Angeles, has grown to expect skepticism, but has not yet become resigned to it. "Aren't you really just a high-priced called girl?" is a frequent question. This book is her reply. While it is true that she sometimes functions as a paid sexual partner, Hill sees her role as much broader and more professionally based than that. Essentially it's a therapeutic one. The cases described in Sexual Surrogate range from the familiar to the bizarre.

Heather Hill's moving account of how she helps troubled men and women who come to her is at once disturbing and reassuring -- but it is always fascinating." -- book jacket.  
*Sexuality Counseling* - Estelle Weinstein 1988

*A Clinician's Guide to Systemic Sex Therapy* - Gerald Weeks  
2015-12-07

The second edition of *A Clinician's Guide to Systemic Sex Therapy* has been completely revised, updated, and expanded. This volume is written for beginning psychotherapy practitioners in order to guide them through the complexities of sex therapy and help them to be more efficient in their treatment. The authors offer a unique theoretical approach to understanding and treating sexual problems from a systemic perspective, incorporating the multifaceted perspectives of the individual client, the couple, the family, and the other contextual factors. Both beginning and experienced sex/relationship

therapists will broaden their perspectives with the Intersystem approach and gain information rarely seen in sex therapy texts such as: how to thoroughly assess each sexual disorder, the implementation of various treatment principles and techniques, how to incorporate homework, dealing with ethical dilemmas, understanding different expressions of sexual behavior, and addressing the impact of medical problems on sexuality. Aside from bringing the diagnostic criteria up-to-date with the DSM 5, this new edition contains a new chapter on sensate focus, an expanded section on assessment, more information about development across the lifespan, and more focus on diversity issues throughout the text.

**A User 's Guide to Your Mind Volume II How to Win in Love & Get Along with Each Other** - Michael Ra Bouchard 2011-11

Thoughts are very real things.

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2023-06-19 by guest

They can be compared to the elements that create the weather we experience. From clear and sunny to overcast and dreary, your thought-machine mind creates your reality. Whether or not you are consciously aware of it, you alone control the angles and rotations of the kaleidoscopic mirrors within the workings of your mind. If you don't like your reality, you can always adjust your outlook simply by adjusting your way of thinking. One of life's mercies is that we can retrain our mind. This guide is an appeal for rational thinking. When all is said and done, there are only three fundamental areas over which you have any real control in your life: how you think/feel (as in two sides of the same coin), how you act, and how you react. When you are unhappy in life or love, the best place to start looking for both the cause and the cure is within the inner narrative of your thoughts. It is here you will find the fountainhead of resiliency from which your strength and well-being flow. Resiliency in people

is not an accidental occurrence; rather, it is the cumulative effect of an individual's decision making. In a nutshell, humans need not always interpret things in the negative, instead, the choice to view things either as "a positive" or as "a negative" is entirely your own to make. The intelligent approach insists you strive to see both the positive and the negative in people, situations, and events. Doing so won't negate the negative, it simply helps to balance it. The knowledge contained in A User's Guide to Your Mind is threefold: how to live mindfully of your thoughts, how to exercise emotional intelligence in relationships, and how to exercise social intelligence in everyday life. Exercising social and emotional intelligence--along with good old common sense--is essential to soundly managing your thoughts, feelings, and behaviors. If you are tired of just talking about making changes and are now actually prepared to do something about it, the guidance within will provide

detailed blueprints to get you started in redesigning your life and relationships. Best of all, you can implement what you learn as you see fit, according to your own goals, value system, and moral principles. This book shows you how.  
*NIH Publication - 1980*

A Christian Guide to Sexual Counseling - Mary Ann Mayo  
2003-01-17

Sexual counseling is not a task that pastors and general Christian counselors usually consider theirs. If one is to venture into the field, he or she must have a solid foundation of reliable information - both physiological and psychological - and confidence that caring intervention will make a difference. This book has been written to provide reliable information and also building a basis of confidence for Christian counselors. 'A Christian Guide to Sexual Counseling' offers counselors procedures for helping couples with sexual problems by first exploring the ambivalent messages that church and

culture have conveyed about sexuality. Because the primary sex organ of both the male and the female is the mind, attitudes and concepts must be scrutinized, weighed, and approved or disapproved. As the author so forcefully maintains, sexual counseling will always be trying to repair distortions if sound sex education does not become a priority for the church. Many contemporary Christians are wary of sex therapy because of the notoriety of charlatans and pop sex psychologists. But faddish theories do not comprise the basis for the mainstream of sex therapy. There are sound biological and psychological bases for sexual counseling. And Christian spirituality is not - or should not be - disjoined from treatment of sexual problems. So Mayo brings body, mind, and spirit together in her assessment of the common problems and the appropriate treatments. The book includes discussions of the following areas: -- attitudes of the church toward sexuality -- the
